

Before dropping off or picking up your child, please pull as far forward as you can (without exiting the lot) so as to allow as many cars in as possible.

The outside lane highlight in green is for student pick up and drop off. All students should enter and exit vehicles curbside.

The inside lane highlight in red is for vehicles exiting or passing through. For safety reasons, students may not be dropped off or picked up from the inside lane. Also, do not cut the line while waiting.

This is an exit-only driveway. Please do not attempt to enter the parking lot through the exit. This is unsafe and illegal.

This is a school-bus zone. Before and after school, please do not **stop** in this area. Our school buses need to be able to deliver and pick up students.
