

Troy Elementary School Campus Improvement Plan

2018-2019

Mission Statement

Our district, as the educational center for excellence, provides the foundation for a safe, positive, and enjoyable learning experience. In partnership with the community, Troy ISD models exemplary practices to empower our students to maximize their potential for success.

Vision Statement

Our Students:

- Demonstrate integrity in citizenship by having high moral standards and being responsible, productive members of society.
- Demonstrate a life-long commitment to excellence in learning.
- Are self-motivated to achieve their highest individual potential.
- Demonstrate pride in self, school, community and nation as committed servant leaders.

Our district and community:

- Work as a team to instill passion, pride and purpose in our students.
- Share an active commitment for excellence in learning.

Our campuses and classrooms:

- Achieve continuous parent involvement through communication with all families and staff.
- Provide the best possible care and security for all students, staff and parents.
- Maintain and support a positive learning environment with appropriately state certified staff members.

- Provide for excellence in learning by utilizing high quality educational facilities and technology.

District Strategic Goals

Troy ISD has:

- State of the art technology, infrastructure, training, support, and integration empowering all learners to be technologically proficient.
- Parents and community members that are actively involved in promoting strong values, morals, and high academic expectations for our students.
- Appropriately state certified, motivated, innovative staff who utilize a variety of teaching styles, technology, and assessment tools to maximize student achievement.
- An annual comprehensive review of all student identification procedures to determine appropriate instructional services.
- Facilities which provide a safe and engaging environment for the pursuit of excellence in all aspects of learning.
- Taken action in all areas to meet the highest rating as set by the state and adequately prepare our students to excel in school as well as life.
- Appropriated funding through all available resources to provide quality facilities, technology, and personnel to educate all students.

TEA - Four Strategic Priorities

1. Recruiting, supporting, and retaining teachers and principals
2. Building a foundation of math and reading
3. Connecting high school to career and college
4. Improving low-performing schools.

Comprehensive Needs Assessment: Summary of Findings

Troy Elementary School (TES) encompasses 2nd – 5th grades and is located in the Troy Independent School District. The staff conducted a comprehensive needs assessment based on the MAP data from 2017-2018, attendance data, parental involvement records, Campus Improvement Committee feedback, Bell County Coop Special Education feedback, staff surveys, parent surveys, student feedback, federal program guidelines, discipline records, and district policies. Meetings with the TES staff, PBIS committee, and Campus Improvement Committee were held. The CIP from 2017-2018 was reviewed and revised based on the achievement of specified goals and objectives. As a result the 2018-2019 Campus Improvement Plan includes all identified priority needs. The CIP for 2018-2019 is made available on the District website. Parents were informed of where and how to access the CIP in written communication as well as during parent involvement events and Campus Improvement Committee meetings. The CIP was distributed in English, and support for parents whose first language is not English was made available.

Campus Demographics:

Troy Elementary is a Title I Schoolwide campus with a total school population this year of 511 students. The demographic makeup of our school is as follows: African American =2.93%; Hispanic = 25.44%; Native American = <1% and White =68.3%. The average class size in grades two through four was 20 students to one teacher. In fifth grade the average class size was 23 students to one teacher. This year 14 students, or 2.7% of our population, were reported as Homeless. The economically disadvantaged rate was 56.4%. The attendance rate was 96.2%.

Special Programs:

The following chart shows students enrolled in Special Programs:

Grade Level	Special Ed	Dyslexia	ESL	G/T
2	22	9	3	5

3	16	7	5	2
4	20	10	2	9
5	22	13	8	5
Total Students	80	39	18	21

Discipline:

ISS referrals 130, Out of School Suspension - 1, Bus Referrals – 140, Bus Suspensions – 90

Staffing:

Staffing at Troy Elementary exhibited low turnover. Six staff members left this year. Reasons: 2 retirees, 2 moving to a different school , 1 staying home to dedicate more time to her family, and 1 leaving for personal reasons. 2 staff members are changing positions on campus to fill vacancies.

Parental/Community Involvement:

Parental/Community Involvement this year consisted of several well attended events. Parents signed in for each event. The activities and the months in which they occurred are below.

- Twice a year – PTO Meetings
- August – Meet the Teacher Night
- September – Grandparents’ lunch
- October - Parent Conferences
- November –Thanksgiving Feast, Reading Night, Chick-fil-A Spirit Night
- December – Winter Wonderland, Class Christmas Parties, UIL Meet, Book Fair
- January – Movie Night for LLS
- February –Valentine’s Class Parties
- March - Book Fair

- May – Field Day, Field Trips, Science Fair, Career Day, End of Year Grade Level Awards’ Assemblies

Successful program implementations/continuations for 2017- 2018:

- Balanced Literacy continued to be implemented in classrooms. The Reading Intervention teacher supported teachers in their endeavors to provide literacy lessons at students’ levels. This will be continued for the upcoming year.
 - Daily 5/CAFE
 - Our Literacy Library continues to grow. Our Reading Intervention teacher and one volunteer continue to organize the books available to teachers for checkout with their classes.
 - Scheduled Parent Conference day in October was well attended. Teachers and parents met to discuss their child’s progress. Teachers made multiple contacts with parents in order to schedule a conference that would be convenient to the parent. Phone conferences were held with parents that were unable to come to the school.
 - TEKS RS components continue to be utilized to plan and carry out instruction in the classroom. Components used regularly by the staff are: VAD (Vertical Alignment Document), YAG (Year at a Glance), and IFD (Instructional Focus Documents)
-
- The Math and Reading Intervention Teachers continued to screen and work with students in inclusion and small group settings.
 - Our ELAR collaboration with Region 12 continued. Teachers attended several meetings where they worked with Christa Miller (ELAR Coach from ESC 12) on selected topics. Christa was on campus five days this year working with teachers modeling, coaching, and providing feedback on instruction.
 - Fifth grade held their annual Science Fair in May.
 - We held our first ever Career Day and the outcome was extraordinary! We will continue each year.
 - DMAC was used this year as a tool to benchmark test students and receive feedback in a timely manner.
 - The PBIS initiative continued with few changes. Common procedures/expectations made a huge difference in our students’ behavior.

- The Student Council with 25 students was led by Mrs. Olejnik and Mrs. McMurtry. Student Council members were responsible for raising and lowering the flags daily, helping keep our grounds litter free, and assisting other students and staff. They also participated in many service projects this year.
- Red Ribbon Week activities were conducted this year to emphasize the importance of being drug free. Our counselor organized several activities throughout the week. Students enjoyed the theme days.
- Our Academic UIL meet was held in McGregor this year.
- Parental involvement events continued to be advertised via notes home, website posting, Remind messages, monthly calendar, and the TV monitor located in the lobby.
- 4th grade Writing and 5th grade Science scores were low this year on STAAR testing. We are analyzing our data and continuing our collaboration with Region 12 and revamping our science lab and STEMscopes.
- Emergency procedures continue to be updated. Emergency evacuation drills were conducted to include Fire, Tornado, and Intruder drills.

STAAR Testing

Scores were not as good as we had anticipated. We will be implementing many different initiatives this year in order to improve our scores. Our targets will cover the three levels approaches, meets, and masters.. Based on preliminary STAAR Results, the following was noted:

State Compensatory Education

Troy Elementary School has written policies and procedures to identify the following:

- Students who are at risk of dropping out of school under state criteria
- Students who are at risk of dropping out of school under local criteria
- How students are entered into the SCE program
- How students are exited from the SCE program
- The cost of the regular education program in relation to budget allocations per student and/or instructional staff per student ratio

Total SCE funds allotted to this District/Campus: \$241,268

Total FTEs funded through SCE at this District/Campus 3.05

The process we use to identify students at risk is:

We looked at the State Compensatory Education At-Risk criteria list. We use the following criteria from that list to qualify students as At-Risk:

1. The student fails to meet grade level scores for F&P assessments in 1st and 2nd grades.
2. The student was retained in a grade level during a previous school year.
3. The student failed a state assessment given during the current or previous school year.
4. In the custody, care of the Department of Protective and Regulatory Services.
5. Homeless according to 42 USC11302.

The process we use to exit students from the SCE program who no longer qualify is:

1. Student meets grade level scores for F&P assessments at the end of 2nd grade.
2. The student scores at least 110% of the state's passing standard for the subtest previously failed.

3. The student is no longer in custody/care of the Department of Protective and Regulatory Services at the end of the current school year.
4. The student is no longer Homeless according to 42 USC11302 at the end of the school year.

State Compensatory Education

State of Texas Student Eligibility Criteria:

A student under 21 years of age and who:

1. Is in prekindergarten – grade 3 and did not perform satisfactorily on a readiness test/assessment given during the current school year.
2. Is in grades 7-12 and did not maintain a 70 average in two or more subjects in the foundation curriculum during a semester in the preceding or current school year OR is not maintaining a 70 average in two or more foundation subjects in the current semester.
3. Was not advanced from one grade to the next for one or more school years
4. Did not perform satisfactorily on a state assessment instrument, and has not in the previous or current school year performed on that instrument or another appropriate instrument at a level equal to at least 110 percent of the level of satisfactory performance on that instrument
5. Is pregnant or is a parent
6. Has been placed in an AEP during the preceding or current school year
7. Has been expelled during the preceding or current school year
8. Is currently on parole, probation, deferred prosecution, or other conditional release
9. Was previously reported through PEIMS to have dropped out of school
10. Is a student of limited English proficiency
11. Is in the custody or care of DPRS or has, during the current school year, been referred to DPRS
12. Is homeless

13. Resided in the preceding school year or resides in the current school year in a residential placement facility in the district, including a detention facility, substance abuse treatment facility, emergency shelter, psychiatric hospital, halfway house, or foster group home.

Goal 1: Troy ISD students will reach high levels of academic achievement through rigorous classroom instruction, including success on local, state, and national assessments.

Strategy 1: Response to Intervention (RtI)—Response to Intervention is a comprehensive framework for addressing the needs of all students, and particularly the needs of those at risk of not meeting the challenging State academic standards. Multiple sources of data are used to monitor student achievement in an effort to prevent failure. Students struggling academically or behaviorally receive specific interventions with progress monitoring. (ESSA Goal 1 and 5)

Strategy 3: Migrant Education Priority for Services (PFS) Shared Service Arrangement with ESC 12

ESSA P.L. 107-110 §1304 (d) requires that “In providing services with funds received under this part, each recipient of such funds shall give priority to migratory children who are failing, or most at risk of failing, to meet the State’s challenging State academic content standards and challenging State student academic achievement standards, and whose education has been interrupted during the regular school year.” In their ESSA Consolidated Application for Funding, districts are required to target MEP services to “Priority for Services” students. These students must be identified through NGS by running a Priority for Services Report. Information regarding services provided to these students will be monitored through the Texas Education Agency’s monitoring system called the Performance-Based Monitoring Analysis System (PBMAS).

Criteria for Priority for Services:

Students are flagged who:

Have their education interrupted during the previous or current regular school year;

AND AT LEAST ONE OF THE FOLLOWING:

-Are in Grades 3-12, Ungraded (UG) or Out of School (OS) and have failed one or more of the state

assessments (STAAR) or were Absent, Not Tested or were not enrolled in a Texas school during the state assessment testing period for their grade level.

-Are in grades K-3 and have been designated as LEP in current or previous school year.

-Are in grades K-2 and have been retained in the same grade during two subsequent years, or are over-age for their current grade level.

Objective:	Region 12 MEP SSA Districts will identify migrant children and youth who require priority access to MEP services and develop a plan for serving such students.
Goal:	To ensure that identified Priority for Services migrant children in Region 12 Migrant SSA districts receive interventions in order to succeed in school.
Summative Results:	Students advancing to the next grade level, passing state assessments, regular school attendance, passing grades.

APPENDIX A Additional ESSA Requirements

Parent Notice

By the date required by the Texas Education Agency, all parents will be informed of individual student academic assessment results and System Safeguard status via letters sent home in both English and Spanish. Assistance to families seeking choice and/or SES options will be provided. Student assessment results will be shared with parents in both English and Spanish whenever possible.

Support

This Campus Improvement Plan was developed collaboratively with Campus Improvement Committee (CIC) members and central office support. The district is committed to providing the campus support in school improvement efforts.

Enhancing rigor and relevance in all instructional areas, especially for missed system safeguards, is critical since performance was not within ESSA standards.

Evaluation and Outcomes

The ultimate goal for this plan is to significantly improve student achievement for all students, including those served in special programs. The principal, CAC, and campus staff will monitor action plans and strategies on a regular basis to determine the level of implementation and the effectiveness in bringing about desired student outcomes. These outcomes target closing any disparity in achievement levels among student groups. Strategies, if successful, will create a positive learning environment in which all students are actively engaged in a challenging meaningful curriculum, based on the TEKS.
