PARENT EDUCATION NIGHT

The Black Parent Advisory Group (BPAG) is happy to present iNeverWorry

We live in a world today where emotionally charged events are impacting the workplace and the public as a whole on a daily basis. Conflict and negativity in anyone's life decreases the chances of being a top performer, personally and/or professionally.

Emotional Intelligence is something that is a bit intangible but it's planted inside each and every one of us. It affects how we manage behavior, navigate social complexities, and make personal decisions to achieve positive results. Most of us simply have not discovered the powerful tool of Emotional Intelligence, but the great news is that when we take a moment to learn this skill, every area of our lives, personally and professionally, can rise to a new and exciting level.
