

College Essentials Toolkit: 3rd Presentation

February 27th - 6:30pm in the MPR

Show me the Money: *Tips, Secrets & Strategies to Get More Money for College!*

Presented by Stephanie Hancock, College Financial Aid Advisor

College is expensive, and paying for it is no small feat. Families from all sorts of economic backgrounds hope to get some help with college costs, but are often disappointed with the aid they receive or the lack thereof. The truth is that almost **any** family can get financial aid regardless of income and assets when you know where to look!

If you need or want money for college, you will want to attend this **College Essentials Toolkit** Presentation by Stephanie Hancock CFP(R), CCPS, an experienced financial aid consultant, who will review how to identify where students might have the best chances of getting financial aid, how financial aid works, ways to manage the aid application process and more. Also expect to learn how to calculate your **EFC (Expected Family Contribution)**, how to locate and work with **Net Price Calculators** on university web sites, and learn about the most important factors that affect the college bill. This presentation will be very interesting to freshmen families, very important for sophomores and their families, but this presentation is of **absolute importance for juniors and their families.**

I do hope to see you on Wednesday, February 27th @ 6:30pm in the MPR.
