

Mission:

Austin High School is a premier learning institution which will educate and empower all students to become caring, skilled, and competitive members of our global society through safe, student-centered, individualized, and innovative learning in order to produce a diverse community of respectful and responsible lifelong learners.

We believe:

- All students will learn and succeed.
- All faculty and staff of Austin High School are highly trained, professionally-developed, and student-centered educators.
- AHS will provide rigorous curricula to prepare students for future endeavors.
- Teachers will foster student potential by practicing data-driven instruction.
- Students will engage in various technological opportunities that will benefit their college and career paths.
