

Aloha Waiiau Families and Friends,

I hope this letter finds you and your family well and in good health.

As of March 21, 2020 the DOE projects our students to return to school on April 7, 2020. Please continue to watch the news and check our website for more information as things change rapidly.

By March 30, we will be posting student enrichment activities on our school website. These activities will not introduce new content and are intended to reinforce content that has already been taught in the classroom. Students will not be graded on these activities rather they are designed to supplement their grade level curriculum.

Thank you so much for your understanding in this difficult time we are in. Please know that we are working hard to provide meaningful enrichment activities for your child to encourage continued learning at home. Please be safe and take care of yourselves and your family.

Mahalo,

Troy Takazono
Principal
