Vision

All students will have the confidence, knowledge and ability to pursue their dreams and realize their full potential. Students will have the courage, compassion and character to make a meaningful impact in the world.

Mission

Our mission is to empower, inspire and ensure equitable opportunities for every student to thrive. We teach and nurture the whole child in an academically rigorous, collaborative and innovative learning environment.

Our Core Values

Student-Centered Approach It is our responsibility to foster high expectations and a growth mindset to help all students to achieve their unique potential.

Whole Child When we teach and nurture the whole child— one who has a caring heart, a healthy body and an active mind—we inspire all learners to achieve academic success.

Collaboration Students thrive when we build positive connections within our entire school community-- students, teachers, families and community partners-- and collaborate to support students' personal growth, health, safety and academic success.

Diversity We embrace diversity as a powerful catalyst to enhance connections, enrich lives and expand learning opportunities. Diversity inspires mutual understanding, instills compassion and expands our world view.

Equity We achieve equity for students when we first seek to understand the unique challenges and barriers they face, and then put systems and supports in place so that all students have an equal opportunity for success.

Goals

- I. Image, Outreach and Family Engagement
- II. Academic Achievement and 21st Century Learning
- III. Social-Emotional and Physical Wellness
