

**JAYTON SCHOOL STUDENT  
HANDBOOK  
2018- 2019**

# School Song

All hail our alma mater  
dear ole Jayton High;  
We shall always love you  
and through the many years  
we'll ever try to hold your  
standards high above us,  
and always be true blue;  
What ere befalls dear Jayton  
High  
we'll still love you!

Mrs. C. J. Robinson

## **Acknowledgment Form**

My child and I have received a copy of the Jayton-Girard ISD Student Handbook [and the Student Code of Conduct] for 2018- 2019. I understand that the handbook contains information that my child and I may need during the school year and that all students will be held accountable for their behavior and will be subject to the disciplinary consequences outlined in the Student Code of Conduct. If I have any questions regarding this handbook [or the Student Code of Conduct], I should direct those questions to the principal, Lyle Lackey at 806-237-2991.

## **Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information**

State law requires the district to give you the following information:

Certain information about district students is considered directory information and will be released to anyone who follows the procedures for requesting the information unless the parent or guardian objects to the release of the directory information about the student. If you do not want Jayton-Girard ISD to disclose directory information from your child's education records without your prior written consent, you must notify the district in writing by August 29, 2018/[within ten school days of your child's first day of instruction for this school year].

This means that the district must give certain personal information (called "directory information") about your child to any person who requests it, unless you have told the district in writing not to do so. In addition, you have the right to tell the district that it may, or may not, use certain personal information about your child for specific school-sponsored purposes. The district is providing you this form so you can communicate your wishes about these issues. [See **Directory Information** in the Student Handbook for more information.]

## School Sponsored Directory Information

For the following *school-sponsored purposes*, Jayton-Girard ISD has designated the following information as directory information:

- Student's name
- Address
- Telephone listing
- E-mail address
- Photograph
- Date and place of birth
- Major field of study
- Degrees, honors, and awards received
- Dates of attendance
- Grade level
- Most recent school previously attended
- Participation in officially recognized activities and sports
- Weight and height, if a member of an athletic team
- Enrollment status
- Student identification numbers or identifiers that cannot be used alone to gain access to electronic education records

Directory information identified only for limited school-sponsored purposes remains otherwise confidential and will not be released to the public without the consent of the parent or eligible student.

**Parent: Please circle one of the choices below:**

I, parent of \_\_\_\_\_ (student's name), **(do give) (do not give)** the district permission to use the information in the above list for the specified **school-sponsored** purposes.

Parent signature \_\_\_\_\_ Date \_\_\_\_\_

## **All Other Purposes (Unrelated to school sponsored) Directory Information**

For all other purposes, Jayton-Girard ISD has designated the following information as directory information:

- Student's name
- Address
- Telephone listing
- E-mail address
- Photograph
- Date and place of birth
- Major field of study
- Degrees, honors, and awards received
- Dates of attendance
- Grade level
- Most recent school previously attended
- Participation in officially recognized activities and sports
- Weight and height, if a member of an athletic team
- Enrollment status
- Student identification numbers or identifiers that cannot be used alone to gain access to electronic education records

**Parent: Please circle one of the choices below:**

I, parent of \_\_\_\_\_ (student's name), **(do give) (do not give)** the district permission to release the information in this list in response to a request *unrelated* to school-sponsored purposes.

Parent signature \_\_\_\_\_ Date \_\_\_\_\_

## **Parent's Objection to the Release of Student Information to Military Recruiters and Institutions of Higher Education**

Federal law requires that the district release to military recruiters and institutions of higher education, upon request, the name, address, and phone number of secondary school students enrolled in the district, unless the parent or eligible student directs the district not to release information to these types of requestors without prior written consent. [See **Release of Student Information to Military Recruiters and Institutions of Higher Education** on page 13 for more information.]

**Parent:** Please complete the following only if you do not want your child's information released to a military recruiter or an institution of higher education without your prior consent.

I, parent of \_\_\_\_\_ (student's name), request that the district **not** release my child's name, address, and telephone number to a military recruiter or institution of higher education without my prior written consent.

## PREFACE

To Students and Parents:

Welcome to school year 2018-2019! Education is a team effort, and we know that students, parents, teachers, and other staff members all working together can make this a wonderfully successful year for our students.

The Jayton-Girard ISD Student Handbook is designed to provide a resource for some of the basic information that you and your child will need during the school year. In an effort to make it easier to use, the handbook is divided into two sections:

**Section I—PARENTAL RIGHTS AND RESPONSIBILITIES**—with information to assist you in responding to school-related issues. We encourage you to take some time to closely review this section of the handbook.

**Section II—OTHER IMPORTANT INFORMATION FOR STUDENTS AND PARENTS**—organized alphabetically by topic for quick access when searching for information on a specific issue.

Please be aware that the term “the student’s parent” is used to refer to the parent, legal guardian, or any other person who has agreed to assume school-related responsibility for a student.

Both students and parents should become familiar with the Jayton-Girard ISD Student Code of Conduct, which is a document adopted by the board and intended to promote school safety and an atmosphere for learning. That document may be found on the district’s website [www.jaytonjaybirds.com](http://www.jaytonjaybirds.com) and is available in hard copy upon request.

The Student Handbook is a general reference guide only and is designed to be in harmony with board policy and the Student Code of Conduct. Please be aware that it is not a complete statement of all policies, procedures, or rules that may be applicable in a given circumstance.

In case of conflict between board policy (including the Student Code of Conduct) and any provisions of the Student Handbook, the current provisions of board policy and the Student Code of Conduct are to be followed.

Also, please be aware that the handbook is updated yearly, while policy adoption and revision may occur throughout the year. The district encourages parents to stay informed of purposed board policy changes by attending board meetings. Changes in policy or other rules that affect Student Handbook provisions will be made available to students and parents through newsletters or other communications. The district reserves the right to modify provisions of the Student Handbook at any time, whenever it is deemed necessary. Notice of any revision or modification will be given as is reasonably practical under the circumstances.

Although the Student Handbook may refer to rights established through law or district policy, the Student Handbook does not create any additional rights for students and parents. It does not, nor is it intended to, create contractual or legal rights between any student or parent and the district.

If you or your child has questions about any of the material in this handbook, please contact the principal Lyle Lackey at 806-237-2991.

Also, please complete and return to your child's campus the following forms [included in this handbook OR provided in the forms packet distributed at the beginning of the year or upon the student's enrollment]:

1. Acknowledgment Form or Acknowledgment of Electronic Distribution of Student Handbook form;
2. Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information form;
3. Parent's Objection to the Release of Student Information to Military Recruiters and Institutions of Higher Education form, if you choose to restrict the release of information to these entities; and
4. Consent/Opt-Out Form
5. Parent Statement Form Prohibiting Corporal Punishment

[See **Obtaining Information and Protecting Student Rights** on page 4 and **Directory Information** on page 13 for more information.]

Please note that references to policy codes are included so that parents can refer to current board policy. A copy of the district's policy manual is available for review in the school office [or online at [www.jaytonjyabirds.com](http://www.jaytonjyabirds.com)].

## SECTION I: PARENTAL RIGHTS AND RESPONSIBILITIES

This section of the Jayton-Girard ISD Student Handbook includes information related to the rights and responsibilities of parents as specified in state or federal law and provides parental notices required by law.

### PARENTAL INVOLVEMENT

#### Working Together

Both experience and research tell us that a child's education succeeds best when there is good communication and a strong partnership between home and school. Your involvement in this partnership may include:

- Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides.
- Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.
- Becoming familiar with all of your child's school activities and with the academic programs, including special programs, offered in the district.
- Discussing with the counselor or principal any questions you may have about the options and opportunities available to your child.
- Reviewing the requirements of the graduation programs with your child once your child begins enrolling in courses that earn high school credit.
- Monitoring your child's academic progress and contacting teachers as needed. [See **Academic Counseling** on page 26.]
- Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, counselor, or principal, please call the school office at 806-237-2991 for an appointment. The teacher will usually return your call or meet with you during his or her conference period or before or after school. [See **Report Cards/Progress Reports and Conferences** on page 67.]
- Becoming a school volunteer. [For further information, see policy GKG and **Volunteers** on page 82.]
- Participating in campus parent organizations. Parent organizations include: Sports booster club, Band booster club.
- Serving as a parent representative on the district-level or campus-level planning committees, assisting in the development of educational goals and plans to improve student achievement. For further information, see policies at BQA and BQB, and contact the superintendent.
- Serving on the School Health Advisory Council (SHAC), assisting the district in ensuring local community values are reflected in health education instruction. [See policies at BDF, EHAA, FFA, and information in this handbook at **School Health Advisory Council** on page 57.]

- Serving on a committee to determine criteria to be used to evaluate the overall performance of the district of each campus in the community and student engagement. For further information, please contact the campus principal.
- Being aware of the school’s ongoing bullying and harassment prevention efforts.
- Contacting school officials if you are concerned with your child’s emotional or mental well-being.
- Attending board meetings to learn more about district operations. [See policies at BE and BED for more information.]

### **Parent Involvement Coordinator**

The Parent Involvement Coordinator, who works with parents of students participating in Title I programs is Darla Harrison and may be contacted at 806-237-2991.

## **PARENTAL RIGHTS**

### **Obtaining Information and Protecting Student Rights**

Your child will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

- Political affiliations or beliefs of the student or the student’s parent.
- Mental or psychological problems of the student or the student’s family.
- Sexual behavior or attitudes.
- Illegal, antisocial, self-incriminating, or demeaning behavior.
- Critical appraisals of individuals with whom the student has a close family relationship.
- Relationships privileged under law, such as relationships with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of the student or parents.
- Income, except when the information is required by law and will be used to determine the student’s eligibility to participate in a special program or to receive financial assistance under such a program.

You will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation. [For further information, see policy EF(LEGAL).]

### **“Opting Out” of Surveys and Activities**

As a parent, you have a right to receive notice of and deny permission for your child’s participation in:

- Any survey concerning the private information listed above, regardless of funding.

- School activities involving the collection, disclosure, or use of personal information gathered from your child for the purpose of marketing, selling, or otherwise disclosing that information.
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law. [See policies EF and FFAA.]

### **Inspecting Surveys**

As a parent, you may inspect a survey created by a third party before the survey is administered or distributed to your child.

### **Requesting Professional Qualifications of Teachers and Staff**

You may request information regarding the professional qualifications of your child’s teachers, including whether a teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction; whether the teacher has an emergency permit or other provisional status for which state requirements have been waived; and undergraduate and graduate degree majors, graduate certifications, and the field of study of the certification or degree. You also have the right to request information about the qualifications of any paraprofessional who may provide services to your child.

### **Reviewing Instructional Materials**

As a parent, you have a right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered to your child.

[Also see **Removing a Student Temporarily from the Classroom** on page 6 **Removing a Student from Human Sexuality Instruction** on page 7 for additional information.]

### **Displaying a Student’s Artwork, Projects, Photos, and Other Original Work**

Teachers may display students’ work in classrooms or elsewhere on campus as recognition of student achievement.

However, the district will seek parental consent before displaying students’ artwork, special projects, photographs taken by students, and other original works on the district’s Web site, on any campus or classroom Web site, in printed material, by video, or by any other method of mass communication. The district will also seek consent before displaying or publishing an original video or voice recording in this manner.

### **Accessing Student Records**

You may review your child’s student records. These records include:

- Attendance records,
- Test scores,

- Grades,
- Disciplinary records,
- Counseling records,
- Psychological records,
- Applications for admission,
- Health and immunization information,
- Other medical records,
- Teacher and counselor evaluations,
- Reports of behavioral patterns,
- State assessment instruments that have been administered to your child, and
- Teaching materials and tests used in your child's classroom.

[See **Student Records** on page 11.]

### **Granting Permission to Video or Audio Record a Student**

As a parent, you may grant or deny any written request from the district to make a video or voice recording of your child. State law, however, permits the school to make a video or voice recording without parental permission for the following circumstances:

- When it is to be used for school safety;
- When it relates to classroom instruction or a cocurricular or extracurricular activity; or
- When it relates to media coverage of the school.

### **Granting Permission to Receive Parenting and Paternity Awareness Instruction**

As a parent, if your child is under the age of 14, you must grant permission for your child to receive instruction in the district's parenting and paternity awareness program or your child will not be allowed to participate in the instruction. This program, developed by the Office of the Texas Attorney General and the State Board of Education (SBOE), is incorporated into the district's health education classes.

### **Removing a Student Temporarily from the Classroom**

You may remove your child temporarily from the classroom if an instructional activity in which your child is scheduled to participate conflicts with your religious or moral beliefs. The removal cannot be for the purpose of avoiding a test and may not extend for an entire semester. Further, your child must satisfy grade-level and graduation requirements as determined by the school and by the Texas Education Agency.

## **Removing a Student from Human Sexuality Instruction**

As a part of the district's curriculum, students receive instruction related to human sexuality. The School Health Advisory Council (SHAC) is involved with the selection of course materials for such instruction.

State law requires that any instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus or acquired immune deficiency syndrome must:

- Present abstinence from sexual activity as the preferred choice of behavior in relationship to all sexual activity for unmarried persons of school age;
- Devote more attention to abstinence from sexual activity than to any other behavior;
- Emphasize that abstinence is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted diseases, and the emotional trauma associated with adolescent sexual activity;
- Direct adolescents to a standard of behavior in which abstinence from sexual activity before marriage is the most effective way to prevent pregnancy and sexually transmitted diseases; and
- If included in the content of the curriculum, teach contraception and condom use in terms of human use reality rates instead of theoretical laboratory rates.

In accordance with state law, below is a summary of the district's curriculum regarding human sexuality instruction:

Human sexuality is taught in 6<sup>th</sup> grade science, 7<sup>th</sup> grade science is the human reproductive system, and 10th grade is Biology

As a parent, you are entitled to review the curriculum materials. In addition, you may remove your child from any part of the human sexuality instruction with no academic, disciplinary, or other penalties. You may also choose to become more involved with the development of curriculum used for this purpose by becoming a member of the district's SHAC. Please see the campus principal for additional information.

## **Removing a Student from Class for Tutoring or Test Preparation Purposes**

Based on informal observations, evaluative data such as grades earned on assignments or tests, or results from diagnostic assessments, a teacher may determine that a student is in need of additional targeted assistance in order for the student to achieve mastery in state-developed essential knowledge and skills. The school will always attempt to provide tutoring and strategies for test-taking in ways that prevent removal from other instruction as much as possible. In accordance with state law and policy EC, the school will not remove a student from a regularly scheduled class for remedial tutoring or test preparation for more than ten percent of the school days on which the class is offered, unless the student's parent consents to this removal.

The school may also offer tutorial services, which students whose grades are below 70 will be required to attend.

Also refer to policies EC and EHBC, and contact your student's teacher with questions about any tutoring programs provided by the school.

## **Excusing a Student from Reciting the Pledges to the U.S. and Texas Flags**

As a parent, you may request that your child be excused from participation in the daily recitation of the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. The request must be in writing. State law does not allow your child to be excused from participation in the required minute of silence or silent activity that follows. [See **Pledges of Allegiance and a Minute of Silence** on page 65 and policy EC(LEGAL).]

## **Excusing a Student from Reciting a Portion of the Declaration of Independence**

You may request that your child be excused from recitation of a portion of the Declaration of Independence. State law requires students in social studies classes in grades 3–12 to recite a portion of the text of the Declaration of Independence during Celebrate Freedom Week unless (1) you provide a written statement requesting that your child be excused, (2) the district determines that your child has a conscientious objection to the recitation, or (3) you are a representative of a foreign government to whom the United States government extends diplomatic immunity. [See policy EHBK(LEGAL).]

## **Requesting Limited or No Contact with a Student through Electronic Media**

Teachers and other approved employees are permitted by the district to communicate with students through the use of electronic media within the scope of the individual's professional responsibilities. For example, a teacher may set up a social networking page for his or her class that has information related to class work, homework, and tests. As a parent, you are welcome to join or become a member of such a page.

An employee described above may also contact a student individually through electronic media to communicate about items such as homework or upcoming tests.

If you prefer that your child not receive any one-to-one electronic communications from a district employee or if you have questions related to the use of electronic media by district employees, please contact the campus principal.

## **Requesting Notices of Certain Student Misconduct**

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to his or her child's misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion. [See policy FO(LEGAL) and the Student Code of Conduct.]

## **Prohibiting the Use of Corporal Punishment**

Corporal punishment—spanking or paddling the student—may be used as a discipline management technique in accordance with the Student Code of Conduct and policy FO(LOCAL) in the district's policy manual.

If you do not want corporal punishment to be administered to your child as a method of student discipline, please return the form included in this handbook OR please return the form included in the forms packet OR submit a written statement to the campus principal stating this decision. A signed statement must be provided each year.

You may choose to revoke this request at any time during the year by providing a signed statement to the campus principal. However, district personnel may choose to use discipline methods other than corporal punishment even if the parent requests that this method be used on the student.

### **School Safety Transfers**

As a parent, you may:

- Request the transfer of your child to another classroom or campus if your child has been determined by the district to have been a victim of bullying as the term is defined by Education Code 37.0832. Transportation is not provided for a transfer to another campus. See the superintendent for information.
- Consult with district administrators if your child has been determined by the district to have engaged in bullying and the board decides to transfer your child to another classroom or campus. Transportation is not provided in this circumstance.  
[See **Bullying** on page 21, policy FDB, and policy FFI.]
- Request the transfer of your child to attend a safe public school in the district if your child attends school at a campus identified by TEA as persistently dangerous or if your child has been a victim of a violent criminal offense while at school or on school grounds. [See policy FDE(LOCAL).]
- Request the transfer of your child to another campus [or a neighboring district] if your child has been the victim of a sexual assault by another student assigned to the same campus, whether the assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for that assault. If the victim does not wish to transfer, the district will transfer the assailant in accordance with policy FDE.

### **Requesting Classroom Assignment for Multiple Birth Siblings**

As a parent, if your children are multiple birth siblings (e.g., twins, triplets, etc.) assigned to the same grade and campus, you may request that they be placed either in the same classroom or in separate classrooms. Your written request must be submitted no later than the 14th day after the enrollment of your children. [See policy FDB(LEGAL).]

### **Parents of Students with Disabilities with Other School-Aged Children in the Home**

If a student is receiving special education services at a campus outside his or her attendance zone, the parent or guardian may request that any other student residing in the household be transferred to the same campus, if the appropriate grade level for the transferring student is offered on that campus. However, the district is not required to provide transportation to other children in the household. Contact the principal for questions [See policy FDB(LOCAL).]

### ***Request for the Use of a Service Animal***

A parent of a student who uses a service animal because of the student's disability must submit a request in writing to the principal at least ten district business days before bringing the service animal on campus.

## ***Providing Assistance to Students Who Have Learning Difficulties or Who Need or May Need Special Education Services***

### **Aiding Students Who Have Learning Difficulties or Who Need Special Education or Section 504 Services**

For those students who are having difficulty in the regular classroom, all school districts and open enrollment charter schools must consider tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention (RtI). The implementation of RtI has the potential to have a positive impact on the ability of districts and charter schools to meet the needs of all struggling students.

If a student is experiencing learning difficulties, his or her parent may contact the individual(s) listed below to learn about the school's overall general education referral or screening system for support services. This system links students to a variety of support options, including making a referral for a special education evaluation or for a Section 504 evaluation to determine if the student needs specific aids, accommodations, or services. A parent may request an evaluation for special education or Section 504 services at any time.

#### Special Education Referrals:

If a parent makes a written request for an initial evaluation for special education services to the director of special education services or an administrative employee of the school district or open enrollment charter school, the district or charter school must respond no later than 15 school days after receiving the request. At that time, the district or charter school must give the parent a prior written notice of whether it agrees to or refuses to evaluate the student, along with a copy of the *Notice of Procedural Safeguards*. If the school district or charter school agrees to evaluate the student, it must also give the parent the opportunity to give written consent for the evaluation.

Please note that a request for a special education evaluation may be made verbally and does not need to be in writing. Districts and charter schools must still comply with all federal prior written notice and procedural safeguard requirements and the requirements for identifying, locating, and evaluating children who are suspected of being a child with a disability and in need of special education. However, a verbal request does not require the district or charter school to respond within the 15-school-day timeline.

If the district or charter school decides to evaluate the student, it must complete the student's initial evaluation and evaluation report no later than 45 school days from the day it receives a parent's written consent to evaluate the student. However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period will be extended by the number of school days equal to the number of school days that the student is absent.

There is an exception to the 45-school-day timeline. If a district or charter school receives a parent's consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the written report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for

three or more days during the evaluation period, the June 30th due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply.

Upon completing the evaluation, the district or charter school must give the parent a copy of the evaluation report at no cost.

Additional information regarding special education is available from the district or charter school in a companion document titled *Parent's Guide to the Admission, Review, and Dismissal Process*.

#### Section 504 Referrals:

Each school district or charter school must have standards and procedures in place for the evaluation and placement of students in the district's or charter school's Section 504 program. Districts and charter schools must also implement a system of procedural safeguards that includes notice, an opportunity for a parent or guardian to examine relevant records, an impartial hearing with an opportunity for participation by the parent or guardian and representation by counsel, and a review procedure.

#### Contact Person for Special Education & 504 Referrals:

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for special education services is: Darla Harrison

### **Parents of Students Who Speak a Primary Language Other than English**

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing ordinary class work in English. If the student qualifies for these extra services, the Language Proficiency Assessment Committee (LPAC) will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

### **Accommodations for Children of Military Families**

Children of military families will be provided flexibility regarding certain district requirements, including:

- Immunization requirements.
- Grade level, course, or educational program placement.
- Eligibility requirements for participation in extracurricular activities.
- Graduation requirements.

In addition, absences related to a student visiting with his or her parent, including a stepparent or legal guardian, who has been called to active duty for, is on leave from, or is returning from a deployment of at least four months will be excused by the district. The district will permit no more than five excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60th day before deployment or no later than the 30th day after the parent’s return from deployment.

Additional information may be found at <http://www.tea.state.tx.us/index2.aspx?id=7995>.

## **Student Records**

Both federal and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy. Before disclosing any personally identifiable information from a student’s records, the district must verify the identity of the person, including a parent or the student, requesting the information. For purposes of student records, an “eligible” student is one who is 18 or older or who is attending an institution of postsecondary education.

Virtually all information pertaining to student performance, including grades, test results, and disciplinary records, is considered confidential educational records. Release is restricted to:

- The parents—whether married, separated, or divorced—unless the school is given a copy of a court order terminating parental rights or the right to access a student’s education records.

Federal law requires that, as soon as a student becomes 18, is emancipated by a court, or enrolls in a postsecondary institution, control of the records goes to the student. The parents may continue to have access to the records, however, if the student is a dependent for tax purposes and under limited circumstances when there is a threat to the health and safety of the student or other individuals.

- District school officials who have what federal law refers to as a “legitimate educational interest” in a student’s records. School officials would include trustees and employees, such as the superintendent, administrators, and principals; teachers, counselors, diagnosticians, and support staff; a person or company with whom the district has contracted or allowed to provide a particular service or function (such as an attorney, consultant, auditor, medical consultant, therapist, or volunteer); a parent or student serving on a school committee; or a parent or student assisting a school official in the performance of his or her duties. “Legitimate educational interest” in a student’s records includes working with the student; considering disciplinary or academic actions, the student’s case, or an individualized education program for a student with disabilities; compiling statistical data; reviewing an educational record to fulfill the official’s professional responsibility; or investigating or evaluating programs.

- Various governmental agencies, including juvenile service providers and Child Protective Services (CPS) caseworkers or other child welfare representatives, in certain cases.
- Individuals or entities granted access in response to a subpoena or court order.
- A school or institution of postsecondary education to which a student seeks or intends to enroll or in which he or she is already enrolled.

Release to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The principal is custodian of all records for currently enrolled students at the assigned school. The principal is the custodian of all records for students who have withdrawn or graduated.

Records may be inspected by a parent or eligible student during regular school hours. The records custodian or designee will respond to reasonable requests for explanation and interpretation of the records.

A parent or eligible student who provides a written request and pays copying costs of ten cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free or reduced-price meals, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review these records. The address of the superintendent's office is P.O. Box 168, Jayton, Tx 79528.

The address(es) of the principals' offices are: P.O. Box 168, Jayton, Tx 79528.

A parent (or eligible student) may inspect the student's records and request a correction if the records are considered inaccurate, misleading, or otherwise in violation of the student's privacy rights. A request to correct a student's record should be submitted to the principal. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information in the record is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If the records are not amended as a result of the hearing, the parent or eligible student has 30 school days to exercise the right to place a statement commenting on the information in the student's record.

Although improperly recorded grades may be challenged, contesting a student's grade in a course is handled through the general complaint process found in policy FNG(LOCAL). A grade issued by a classroom teacher can be changed only if, as determined by the board of trustees, the grade is arbitrary, erroneous, or inconsistent with the district's grading policy. [See FINALITY OF GRADES at FNG(LEGAL), **Report Cards/Progress Reports and Conferences** on page 67, and **Student or Parent Complaints and Concerns** on page 25 for an overview of the process.]

The district's policy regarding student records found at FL(LEGAL) and (LOCAL) is available from the principal's or superintendent's office [or on the district's Web site at [www.jaytonjaybirds.com](http://www.jaytonjaybirds.com)].

The parent's or eligible student's right of access to and copies of student records do not extend to all records. Materials that are not considered educational records—such as a teacher's personal notes about a student that are shared only with a substitute teacher—do not have to be made available to the parents or student.

**Please note:**

Parents or eligible students have the right to file a complaint with the U.S. Department of Education if they believe the district is not in compliance with federal law regarding student records. The complaint may be mailed to:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-5901

## **Directory Information**

The law permits the district to designate certain personal information about students as directory information. This directory information will be released to anyone who follows procedures for requesting it.

However, release of a student's directory information may be prevented by the parent or an eligible student. This objection must be made in writing to the principal [within ten school days of your child's first day of instruction for this school year. [See the Notice Regarding Directory Information and Parent's Response Regarding Release of Student Information] included in the forms packet.]

The district often needs to use student information for the following school-sponsored purposes: news articles (print and electronic media), event programs, honor roll lists, and college and military recruiting. For these specific school-sponsored purposes, the district has designated the following as directory information: child's name, address, telephone number, e-mail address, photograph, date and place of birth, major field of study, degrees, honors, awards received, dates of attendance, grade level, most recent school previously attended, participation in officially recognized activities and sports, and weight and height if a member of a sports team.

If you object to the release of the student information included on the directory information response form, your decision will also apply to the use of that information for school-sponsored purposes, such as the honor roll, school newspaper, the yearbook, recognition activities, news releases, and athletic programs.

## **Release of Student Information to Military Recruiters and Institutions of Higher Education**

The district is required by federal law to comply with a request by a military recruiter or an institution of higher education for students' names, addresses, and telephone listings, unless parents have advised the district not to release their child's information without prior written consent. A form [included in this handbook OR included in the forms packet] is available if you do not want the district to provide this information to military recruiters or institutions of higher education.

## **SECTION II: OTHER IMPORTANT INFORMATION FOR STUDENTS AND PARENTS**

Topics in this section of the handbook contain important information on academics, school activities, and school operations and requirements. Take a moment with your child to become familiar with the various issues addressed in this section. It is organized in alphabetical order to serve as a quick-reference when you or your child has a question about a specific school-related issue. Should you be unable to find the information on a particular topic, please contact Lyle Lackey at 806-237-2991.

### **ABSENCES/ATTENDANCE**

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day’s learning on the previous day’s, and to grow as an individual. Absences from class may result in serious disruption of a student’s mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws—one dealing with compulsory attendance, the other with attendance for course credit—are of special interest to students and parents. They are discussed below.

#### **Compulsory Attendance**

State law requires that a student between the ages of six and 19 attend school, as well as any applicable accelerated instruction program, extended year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

A student who voluntarily attends or enrolls after his or her 19th birthday is required to attend each school day until the end of the school year. If a student 19 or older has more than five unexcused absences in a semester the district may revoke the student’s enrollment. The student’s presence on school property thereafter would be unauthorized and may be considered trespassing. [See policy FEA.]

Students enrolled in prekindergarten or kindergarten are required to attend school and are subject to the compulsory attendance requirements as long as they remain enrolled.

State law requires attendance in an accelerated reading instruction program when kindergarten, first grade, or second grade students are assigned to such a program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program as a result of a diagnostic reading instrument.

A student will be required to attend any assigned accelerated instruction program, which may occur before or after school or during the summer, if the student does not meet the passing standards on the state assessment for his or her grade level and applicable subject area.

#### **Exemptions to Compulsory Attendance**

State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all work. These include the following activities and events:

- Religious holy days;

- Required court appearances;
- Activities related to obtaining United States citizenship;
- Service as an election clerk;
- Documented health-care appointments, including absences for recognized services for students diagnosed with autism spectrum disorders. A note from the health-care provider must be submitted upon the student’s return to campus.
- For students in the conservatorship (custody) of the state;
- Mental health or therapy appointments; or
- Court ordered family visitations or any other court- ordered activity, provided it is not practicable to schedule the student’s participation in the activity outside of school hours.

In addition, a junior or senior student’s absence of up to two days related to visiting a college or university will be considered an exemption, provided the student receives approval from the campus principal, follows the campus procedures to verify such a visit, and makes up any work missed.

Absences of up to two days in a school year will also be considered an exemption for a student serving as an early voting clerk, provided the district’s board of trustees has authorized this in policy FEA(LOCAL), the student notifies his or her teachers, and the student receives approval from the principal prior to the absences.

As listed in Section I at Accommodations for Children of Military Families, absences of up to five days will be excused for a student to visit with a parent, stepparent, or legal guardian who has been called to duty for, is on leave from, or immediately returned from certain deployments. Please see page 11 for that section.

An absence of a student in grades 6–12 for the purpose of sounding “Taps” at a military honors funeral for a deceased veteran will also be excused by the district.

### **Failure to Comply with Compulsory Attendance**

School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; from required special programs, such as additional special instruction, termed “accelerated instruction” by the state; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

A court of law may also impose penalties against both the student and his or her parents if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student:

- Is absent from school on ten or more days or parts of days within a six-month period in the same school year, or
- Is absent on three or more days or parts of days within a four-week period.

For a student younger than 12 years of age, the student's parent could be charged with an offense based on the student's failure to attend school.

If a student age 12 through age 17 violates the compulsory attendance law, both the parent and student could be charged with an offense.

[See policy FEA(LEGAL).]

### **Attendance for Credit or Final Grade**

To receive credit or a final grade in a class, a student in kindergarten–grade 12 must attend at least 90 percent of the days the class is offered. A student who attends at least 75 percent but fewer than 90 percent of the days the class is offered may receive credit or a final grade for the class if he or she completes a plan, approved by the principal, that allows the student to fulfill the instructional requirements for the class. If a student is involved in a criminal or juvenile court proceeding, the approval of the judge presiding over the case will also be required before the student receives credit or a final grade for the class.

If a student attends less than 75 percent of the days a class is offered or has not completed the plan approved by the principal, then the student will be referred to the attendance review committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit or a final grade lost because of absences. [See policy FEC.]

In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

- All absences, whether excused or unexcused, must be considered in determining whether a student has attended the required percentage of days. If makeup work is completed, absences for the reasons listed above at **Exemptions to Compulsory Attendance** will be considered days of attendance for this purpose.
- A transfer or migrant student begins to accumulate absences only after he or she has enrolled in the district.
- In reaching a decision about a student's absences, the committee will attempt to ensure that it is in the best interest of the student.
- The committee will consider the acceptability and authenticity of documented reasons for the student's absences.
- The committee will consider whether the absences were for reasons over which the student or the student's parent could exercise any control.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit.

The student or parent may appeal the committee's decision to the board of trustees by filing a written request with the superintendent in accordance with policy FNG(LOCAL).

The actual number of days a student must be in attendance in order to receive credit will depend on whether the class is for a full semester or for a full year.

### **Official Attendance-Taking Time**

The district must submit attendance of its students to Texas Education Agency (TEA) reflecting attendance at a specific time each day.

Official attendance is taken every day during third period for elementary students and every period for secondary students.

A student absent for any portion of the day, including at the official attendance-taking time, should follow the procedures below to provide documentation of the absence.

### **Documentation after an Absence**

When a student is absent from school, the student—upon arrival or return to school—must bring a note signed by the parent that describes the reason for the absence. A note signed by the student, even with the parent's permission, will not be accepted unless the student is 18 or older or is an emancipated minor under state law. A phone call from the parent may be accepted, but the district reserves the right to require a written note.

The student has 5 days to bring a note or the absence will be counted as unexcused and lunch detention school will be given.

The campus will document in its attendance records for the student whether the absence is considered by the district to be excused or unexcused. Please note that, unless the absence is for a statutorily allowed reason under compulsory attendance laws, the district is not required to excuse any absence, even if the parent provides a note explaining the absence.

### **Doctor's Note after an Absence for Illness**

Upon return to school, a student absent for more than 5 consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the student's extended absence from school. Otherwise, the student's absence may be considered unexcused and, if so, would be considered to be in violation of compulsory attendance laws.

Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the illness or condition that caused the student's absence from school in order to determine whether the absence or absences will be excused or unexcused.

[See policy FEC(LOCAL).]

### **Pre-Arranged Absences**

A student who knows ahead of time that they will miss school should fill out a pre-arranged absence form. This is available in the office and must be approved by the principal and signed by all the student's classroom teachers. The form must be turned in at least one day ahead of the date of absence. Examples of pre-arranged absences would be weddings, funerals, sporting

events that you are watching but not participating in, or family functions. Pre-arranged absences will be counted as excused absences.

An absence will be counted as **EXCUSED** when a student brings a doctor's note or parent note in the allotted time, or the absence has been pre-arranged with the principal.

An absence will be counted as **UNEXCUSED** when a student misses school for reasons not deemed necessary by the principal or that were not pre-arranged. Unexcused absences must be made up with mandatory attendance at lunch detention and then Saturday school for repeated offenses.

(Please note any student who skips Saturday school that is assigned to them because of **UNEXCUSED** absences, will then be placed in ISS for a minimum of 5 days.)

PK-6 students who are here at the time of attendance (10:20 am) may leave school after attendance is taken without a pre-arranged absence form for that day only and will still be counted as present. Secondary students attendance is taken every period and must have a pre-arranged absence form to leave early for reasons listed on page 18.

### **Driver License Attendance Verification**

For a student between the ages of 16 and 18 to obtain a driver license, written parental permission must be provided for the Texas Department of Public Safety (DPS) to access the student's attendance records and, in certain circumstances, for a school administrator to provide the student's attendance information to DPS. A verification of enrollment (VOE) form may be obtained from the office, which the student will need to submit to DPS upon application for a driver license.

## **AWARDS AND HONORS**

### **CLASS RANK / HIGHEST RANKING STUDENT**

Class ranking shall be determined by accumulated grade points divided by the number of courses for which final grades were given. Class ranking and grade point averages shall include all course work in grades 9-12, with the exception of correspondence credit, credit by exam, summer school credit, credit for which only a pass/fail grade was given, credit for courses not recognized by TEA, and credit awarded in a non-accredited instructional setting. In addition, no credit earned as local credit shall be included in the computation

For the purpose of calculating class rank, the following courses will have five points added to the achieved grade:

Physics	Accounting I	Band III
Pre-calculus	Accounting II	Band IV
Calculus	BCIS II	
Spanish III		

(and other advanced courses as added)

Dual credit courses will have 10 points added to the achieved grade.

The valedictorian and salutatorian shall be the eligible students with the highest and second highest ranking using the district's class-ranking procedure described in this policy. The following guidelines will be followed in determining both eligibility and award of valedictorian and salutatorian honors:

- A student must be receiving an Endorsement or higher diploma.
- A student must have been continuously enrolled in the district high school for the entirety of his or her junior and senior year, and must have begun the 9th grade during the same school year as the graduating class. Early graduates will not be eligible for valedictorian or salutatorian honors.
- Grades earned in physical education, athletics, correspondence courses, college courses not used as dual credit, and in any local credit courses, such as office aide and childcare, shall not be included in this calculation.
- A student who transfers into Jayton High School with advanced level courses from previous schools shall receive points for class rank for those credits according to Jayton-Girard ISD class rank criteria.
- For purposes of determining class rank for honor positions, courses that have been modified by the student's ARD committee as to the required content of the Texas Essential Knowledge and Skills (TEKS) and reflected in the student's IEP shall not earn the same number of grade points as regular courses. However, courses modified as to methodology shall earn the same number of grade points assigned to regular courses.
- In case of a tie, the valedictorian and salutatorian shall be chosen according to the following criteria:
  - Overall attendance during the student's high school years according to PEIMS reports shall be the final tie- breaker.

For two school years following his or her graduation, a district student who graduates in the top ten percent of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student:

- Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

Students and parents should contact the counselor for further information about the application process and deadlines.

Students wishing to graduate early from high school must notify the school in writing by the last day of school of their 10th grade year

## **8<sup>TH</sup> GRADE GRADUATION**

The valedictorian and salutatorian shall be the eligible students with the highest and second highest rank using the district's class-ranking procedure described in this policy. The following guidelines will be followed in determining valedictorian and salutatorian honors:

- A student must have been continuously enrolled in the District for the entirety of his or her 7<sup>th</sup> and 8<sup>th</sup> grade years.

- Grades earned in physical education, band, athletics, fine arts, and correspondence courses and in any local credit courses such as office aide, childcare, and TV station/video shall not be included in this calculation.
- For purposes of determining class rank for honor positions, courses that have been modified by the student's ARD committee as to the required content of the Texas Essential Knowledge and Skills (TEKS) and reflected in the student's IEP shall not earn the same number of grade points as regular courses. However, courses modified as to methodology shall earn the same number of grade points assigned to regular courses.
  - In the case of a tie, the valedictorian shall be determined by overall attendance during the students' 7<sup>th</sup> and 8<sup>th</sup> grade years (according to PEIMS reports).

## **BULLYING**

Bullying occurs when a student or group of students engages in written or verbal expression, expression through electronic methods, or physical conduct against another student on school property, at a school-sponsored or -related activity, or in a district operated vehicle, and the behavior:

- Results in harm to the student or the student's property,
- Places a student in reasonable fear of physical harm or of damage to the student's property, or
- Is so severe, persistent, and pervasive that it creates an intimidating, threatening, or abusive educational environment.

This conduct is considered bullying if it exploits an imbalance of power between the student perpetrator(s) and the student victim and if it interferes with a student's education or substantially disrupts the operation of the school.

Bullying is prohibited by the district and could include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor-spreading, or ostracism. In some cases, bullying can occur through electronic methods, called "cyberbullying."

If a student believes that he or she has experienced bullying or has witnessed bullying of another student, it is important for the student or parent to notify a teacher, counselor, principal, or another district employee as soon as possible to obtain assistance and intervention. The administration will investigate any allegations of bullying or other related misconduct.

If the results of an investigation indicate that bullying has occurred, the administration will take appropriate disciplinary action. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. The district will also contact the parents of the victim and of the student who was found to have engaged in the bullying. Available counseling options will be provided to these individuals, as well as to any students who have been identified as witnesses to the bullying.

Any retaliation against a student who reports an incident of bullying is prohibited.

Upon the recommendation of the administration, the board may, in response to an identified case of bullying, decide to transfer a student found to have engaged in bullying to another classroom at the campus. In consultation with the student's parent, the student may also be transferred to another campus in the district. The parent of a student who has been determined by the district to be a victim of bullying may request that his or her child be transferred to another classroom or campus within the district. [Also see **School Safety Transfers** on page 9.]

A copy of the district's policy is available in the principal's office, superintendent's office, and on the district's Web site, and is included at the end of this Handbook in the form of an appendix. Procedures related to reporting allegations of bullying may also be found on the district's Web site.

A student or parent who is dissatisfied with the outcome of an investigation may appeal through policy FNG(LOCAL).

[Also see **Dating Violence, Discrimination, Harassment, and Retaliation** on page 28, **School Safety Transfers** on page 9, **Hazing** on page 53, policy FFI, and the district improvement plan, a copy of which can be viewed in the campus office.]

## **CAREER AND TECHNICAL EDUCATION (CTE) PROGRAMS**

The district offers career and technical education programs in the following areas: Agriculture, Business, and Technology. Admission to these programs is based on principal approval.

Jayton-Girard ISD will take steps to ensure that lack of English language skills will not be a barrier to admission and participation in all educational and CTE programs. [Also see Nondiscrimination Statement on page 66 for additional information regarding the district's efforts regarding participation in these programs.]

## **CELEBRATIONS**

Although a parent or grandparent is not prohibited from providing food for a school-designated function or for children in the child's or grandchild's classroom for his or her birthday, please be aware that children in the school may have severe allergies to certain food products. Therefore, it is imperative to discuss this with the child's teacher prior to bringing any food in this circumstance. Occasionally, the school or a class may host certain functions or celebrations tied to the curriculum that will involve food. The school or teacher will notify students and parents of any known food allergies when soliciting potential volunteers for bringing food products.

Also see **Food Allergies** on page 56.

## **CHILD SEXUAL ABUSE AND OTHER MALTREATMENT OF CHILDREN**

The district has established a plan for addressing child sexual abuse and other maltreatment of children, which may be accessed at FFH. As a parent, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. A person who compels or encourages a child to engage in sexual conduct commits abuse. It is illegal to make or possess child pornography or to display such material to a child. Anyone who suspects that a child has been or may be abused or neglected has a legal

responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to Child Protective Services (CPS).

Possible physical warning signs of sexual abuse could be difficulty sitting or walking, pain in the genital areas, and claims of stomachaches and headaches. Behavioral indicators may include verbal references or pretend games of sexual activity between adults and children, fear of being alone with adults of a particular gender, or sexually suggestive behavior. Emotional warning signs to be aware of include withdrawal, depression, sleeping and eating disorders, and problems in school.

A child who has experienced sexual abuse or any other type of abuse or neglect should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that disclosures of sexual abuse may be more indirect than disclosures of physical abuse and neglect, and it is important to be calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing by telling you.

As a parent, if your child is a victim of sexual abuse or other maltreatment, the school counselor or principal will provide information regarding counseling options for you and your child available in your area. The Texas Department of Family and Protective Services (TDFPS) also manages early intervention counseling programs. To find out what services may be available in your county, see [http://www.dfps.state.tx.us/Prevention\\_and\\_Early\\_Intervention/Programs\\_Available\\_In\\_Your\\_County/default.asp](http://www.dfps.state.tx.us/Prevention_and_Early_Intervention/Programs_Available_In_Your_County/default.asp).

Reports of abuse or neglect may be made to:

The CPS division of the TDFPS (1-800-252-5400 or on the web at <http://www.txabusehotline.org>).

## **CLASS SCHEDULES**

All students are expected to attend school for the entire school day and maintain a class/course schedule to fulfill each period of the day. Exceptions may be made occasionally by the campus principal for students in grades 9–12 who meet specific criteria and receive parental consent to enroll in less than a full-day's schedule.

Schedule changes are usually only made:

- By August 24, 2018 for the 1<sup>st</sup> Semester
- By January 11, 2019 for the 2<sup>nd</sup> Semester

## COLLEGE AND UNIVERSITY ADMISSIONS

For two school years following his or her graduation, a district student who graduates in the top ten percent and, in some cases, the top 25 percent, of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student:

- Completes the Recommended or Advanced/Distinguished Achievement Program; or
- Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

\*Beginning with ninth graders in the 2014–15 school year, to be eligible for automatic admission to a Texas four-year college or university, a student must be on track to graduate with the distinguished level of achievement under the foundation graduation program. This means that a student must graduate with at least one endorsement and must have taken Algebra II as one of the four required math courses.

In addition, the student must submit a completed application for admission in accordance with the deadline established by the college or university. The student is ultimately responsible for ensuring that he or she meets the admission requirements of the university or college to which the student submits an application.

The University of Texas at Austin may limit the number of students automatically admitted to 75 percent of the University’s enrollment capacity for incoming resident freshmen. For students who are eligible to enroll in the University of Texas at Austin during the summer or fall 2019 term, the University will be admitting the top seven percent of the high school’s graduating class who meet the above requirements. Additional applicants will be considered by the University through a holistic review process.

Should a college or university adopt an admissions policy that automatically accepts the top 25 percent of a graduating class, the provisions above will also apply to a student ranked in the top 25 percent of his or her class.

Students and parents should contact the counselor Darla Harrison for further information about automatic admissions, the application process, and deadlines.

[See also **Class Rank/Highest Ranking Student** on page 19 for information specifically related to how the district calculates a student’s rank in class and **Graduation Requirements** on page 49 for information associated with the foundation graduation program].

## COLLEGE CREDIT COURSES

Students in grades 9–12 have opportunities to earn college credit through the following methods:

- Certain courses taught at the high school campus, which may include courses termed dual credit, Advanced Placement (AP), or International Baccalaureate (IB);
- Enrollment in an AP or dual credit course through the Texas Virtual School Network;

- Certain CTE courses.

All of these methods have eligibility requirements and must be approved prior to enrollment in the course. Please see the counselor for more information. Depending on the student's grade level and the course, an end-of-course assessment may be required for graduation and, if so, will affect a student's final course grade.

It is important to keep in mind that not all colleges and universities accept credit earned in all dual credit or AP courses taken in high school for college credit. Students and parents should check with the prospective college or university to determine if a particular course will count toward the student's desired degree plan.

## **COMPLAINTS AND CONCERNS**

Usually student or parent complaints or concerns can be addressed by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be handled so easily, the district has adopted a standard complaint policy at FNG(LOCAL) in the district's policy manual. A copy of this policy may be obtained in the principal's or superintendent's office or on the district's Web site at [www.jaytonjaybirds.com](http://www.jaytonjaybirds.com).

In general, the student or parent should submit a written complaint and request a conference with the campus principal. If the concern is not resolved, a request for a conference should be sent to the superintendent. If still unresolved, the district provides for the complaint to be presented to the board of trustees.

## **CONDUCT**

### **Applicability of School Rules**

As required by law, the board has adopted a Student Code of Conduct that prohibits certain behaviors and defines standards of acceptable behavior—both on and off campus—and consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the Student Code of Conduct. Students and parents should be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules. During any periods of instruction during the summer months, the Student Handbook and Student Code of Conduct in place for the year immediately preceding the summer period shall apply, unless the district amends either or both documents for the purposes of summer instruction.

### **Disruptions of School Operations**

Disruptions of school operations are not tolerated and may constitute a misdemeanor offense. As identified by law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
- Interference with an authorized activity by seizing control of all or part of a building.
- Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.

- Use of force, violence, or threats to cause disruption during an assembly.
- Interference with the movement of people at an exit or an entrance to district property.
- Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.
- Disruption of classes or other school activities while on district property or on public property that is within 500 feet of district property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; and entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.
- Interference with the transportation of students in vehicles owned or operated by the district.

## **Social Events**

School rules apply to all school social events. Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest.

A student attending a social event will be asked to sign out when leaving before the end of the event; anyone leaving before the official end of the event will not be readmitted.

Please contact the campus principal if your interested in serving as a chaperone for any school social events.

## **CONTAGIOUS DISEASES / CONDITIONS**

[See **Student Illness** under **Health-Related Matters** on page 54.]

## **COUNSELING**

### **Academic Counseling**

Students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures. Each year, high school students will be provided information on anticipated course offerings for the next school year and other information that will help them make the most of academic and CTE opportunities, as well as information on the importance of postsecondary education.

The school counselor can also provide information about entrance exams and application deadlines, as well as information about automatic admission, financial aid, housing, and scholarships as these relate to state colleges and universities. The school counselor can also provide information about workforce opportunities after graduation or technical and trade school opportunities, including opportunities to earn industry-recognized certificates and licenses.

## **Personal Counseling**

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional or mental health issues, or substance abuse. A student who wishes to meet with the school counselor should contact Darla Harrison at 806-237-2991. As a parent, if you are concerned about your child's mental or emotional health, please speak with the school counselor for a list of resources that may be of assistance.

[Also see **Substance Abuse Prevention and Intervention** on page 77 and **Suicide Awareness** on page 77.]

## **Psychological Exams, Tests, or Treatment**

The school will not conduct a psychological examination, test, or treatment without first obtaining the parent's written consent. Parental consent is not necessary when a psychological examination, test, or treatment is required by state or federal law for special education purposes or by the Texas Education Agency for child abuse investigations and reports.

[For more information, refer to policies EHBA(LEGAL), FFE(LEGAL), and FFG(EXHIBIT).]

## **COURSE CREDIT**

A student in grades 9–12 will earn credit for a course only if the final grade is 70 or above. For a two-semester (1 credit) course, the student's grades from both semesters will be averaged and credit will be awarded if the combined average is 70 or above. Should the student's combined average be less than 70, the student will be required to retake the semester in which he or she failed.

## **CREDIT BY EXAM—If a Student Has Taken the Course**

A student who has previously taken a course or subject—but did not receive credit or a final grade for it—may, in circumstances determined by the principal or attendance committee, be permitted to earn credit by passing an exam approved by the district's board of trustees on the essential knowledge and skills defined for that course or subject. Prior instruction may include, for example, incomplete coursework due to a failed course or excessive absences, homeschooling, or coursework by a student transferring from a nonaccredited school. The opportunity to take an examination to earn credit for a course or to be awarded a final grade in a subject after the student has had prior instruction is sometimes referred to as —credit recovery.

The school counselor or principal would determine if the student could take an exam for this purpose. If approval is granted, the student must score at least 70 on the exam to receive credit for the course or subject.

The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an exam.

[For further information, see the school counselor and policy EHDB(LOCAL).]

## **CREDIT BY EXAM—If a Student Has Not Taken the Course**

A student will be permitted to take an exam to earn credit for an academic course or subject area for which the student has had no prior instruction, i.e., for advancement, or to accelerate to the

next grade level. The exams offered by the district are approved by the district's board of trustees, and state law requires the use of certain exams, such as College Board Advanced Placement (AP) and College Level Examination Program (CLEP) tests, when applicable. The dates on which exams are scheduled during the 2018–19 school year will be published in appropriate district publications and on the district's website. The only exceptions to the published dates will be for any exams administered by another entity besides the district. In this case, a student and the district must comply with the testing schedule of the other entity. During each testing window provided by the district, a student may attempt a specific exam only once.

A student in grade 6 or above will earn course credit with a passing score of at least 80 on the exam, a scaled score of 60 or higher on an exam administered through the CLEP, or a score of 3 or higher on an AP exam, as applicable. A student may take an exam to earn high school course credit no more than twice. If a student fails to achieve the designated score on the applicable exam before the beginning of the school year in which the student would need to enroll in the course according to the school's high school course sequence, the student must complete the course.

A student in elementary school will be eligible to accelerate to the next grade level if the student scores at least 80 on each exam in the subject areas of language arts, mathematics, science, and social studies, a district administrator recommends that the student be accelerated, and the student's parent gives written approval of the grade advancement.

If a student plans to take an exam, the student (or parent) must register with the school counselor no later than 30 days prior to the scheduled testing date. [For further information, see policy EHDC.]

**DATING VIOLENCE, DISCRIMINATION, HARASSMENT, AND RETALIATION**

The district believes that all students learn best in an environment free from dating violence, discrimination, harassment, and retaliation and that their welfare is best served when they are free from this prohibited conduct while attending school. Students are expected to treat other students and district employees with courtesy and respect, to avoid behaviors known to be offensive, and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person's race, color, religion, gender, national origin, disability, or any other basis prohibited by law. A copy of the district's policy is

available in the principal's office and in the superintendent's office or on the district's Web page [www.jaytonjaybirds.com](http://www.jaytonjaybirds.com). [See policy FFH.]

## **Dating Violence**

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. Dating violence also occurs when a person commits these acts against a person in a marriage or dating relationship with the individual who is or was once in a marriage or dating relationship with the person committing the offense. This type of conduct is considered harassment if the conduct is so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of dating violence against a student may include, but are not limited to, physical or sexual assaults; name-calling; put-downs; threats to hurt the student, the student's family members, or members of the student's household; destroying property belonging to the student; threats to commit suicide or homicide if the student ends the relationship; threats to harm a student's current dating partner; attempts to isolate the student from friends and family; stalking; or encouraging others to engage in these behaviors.

## **Discrimination**

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, gender, national origin, disability, or any other basis prohibited by law, that negatively affects the student.

## **Harassment**

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student's academic performance.

Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person's religious beliefs or practices, accent, skin color, or need for accommodation; threatening, intimidating, or humiliating conduct; offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

In addition to dating violence as described above, two other types of prohibited harassment are described below.

## **Sexual Harassment and Gender-Based Harassment**

Sexual harassment and gender-based harassment of a student by an employee, volunteer, or another student are prohibited.

Examples of sexual harassment may include, but not be limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature, such as comforting a child with a hug or taking the child's hand. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and district employees are prohibited, even if consensual.

Gender-based harassment includes harassment based on a student's gender, expression by the student of stereotypical characteristics associated with the student's gender, or the student's failure to conform to stereotypical behavior related to gender.

Examples of gender-based harassment directed against a student, regardless of the student's or the harasser's actual or perceived sexual orientation or gender identity, may include, but not be limited to, offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

## **Retaliation**

Retaliation against a person who makes a good faith report of discrimination or harassment, including dating violence, is prohibited. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline.

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

## **Reporting Procedures**

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, school counselor, principal, or other district employee. The report may be made by the student's parent. See policy FFH(LOCAL) for the appropriate district officials to whom to make a report.

Upon receiving a report of prohibited conduct as defined by policy FFH, the district will determine whether the allegations, if proven, would constitute prohibited conduct as defined by that policy. If not, the district will refer to policy FFI to determine if the allegations, if proven, would constitute bullying, as defined by law and that policy. If the alleged prohibited conduct, if proven, would constitute prohibited conduct and would also be considered bullying as defined by law and policy FFI, an investigation of bullying will also be conducted.

The district will promptly notify the parents of any student alleged to have experienced prohibited conduct involving an adult associated with the district. In the event alleged prohibited conduct involves another student, the district will notify the parents of the student alleged to have experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy FFH.

## **Investigation of Report**

To the extent possible, the district will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated.

If a law enforcement or other regulatory agency notifies the district that it is investigating the matter and requests that the district delay its investigation, the district will resume the investigation at the conclusion of the agency's investigation.

During the course of an investigation and when appropriate, the district will take interim action to address the alleged prohibited conduct.

If the district's investigation indicates that prohibited conduct occurred, appropriate disciplinary action, and, in some cases, corrective action, will be taken to address the conduct. The district may take disciplinary and corrective action even if the conduct that is the subject of the complaint was not unlawful.

All involved parties will be notified of the outcome of the district investigation within the parameters and limits allowed under the Family Educational Rights and Privacy Act (FERPA).

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

## **DISCRIMINATION**

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 28.]

## **DISTANCE LEARNING**

Distance learning and correspondence courses include courses that encompass the state-required essential knowledge and skills but are taught through multiple technologies and alternative methodologies such as mail, satellite, Internet, video-conferencing, and instructional television.

The Texas Virtual School Network (TxVSN) has been established as one method of distance learning. A student has the option, with certain limitations, to enroll in a course offered through the TxVSN to earn course credit for graduation.

Depending on the TxVSN course in which a student enrolls, the course may be subject to the —no pass, no play‖ rules. [Also see Extracurricular Activities, Clubs, and Organizations on page 37.] In addition, for a student who enrolls in a TxVSN course for which an end-of-course (EOC) assessment is required, the student must still take the corresponding EOC assessment.

If you have questions or wish to make a request that your child be enrolled in a TxVSN course, please contact the school counselor. Unless an exception is made by the principal, a student will not be allowed to enroll in a TxVSN course if the school offers the same or a similar course.

A copy of policy EHDE will be distributed to parents of middle and high school students at least once each year. If you do not receive a copy or have questions about this policy, please contact the principal.

The additional distance learning opportunities available to district students; please contact Darla Harrison at 806-237-2991.

If a student wishes to enroll in a correspondence course or a distance learning course that is not provided through the TxVSN in order to earn credit in a course or subject, the student must receive permission from the principal prior to enrolling in the course or subject. If the student does not receive prior approval, the district may not recognize and apply the course or subject toward graduation requirements or subject mastery.

## **DISTRIBUTION OF PUBLISHED MATERIALS OR DOCUMENTS**

### **School Materials**

Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, brochures, flyers, etc.

The school newspaper, and the yearbook are available to students.

All school publications are under the supervision of a teacher, sponsor, and the principal.

[See **Directory Information for School-Sponsored Purposes** on page 13.]

### **Nonschool Materials...from students**

Students must obtain prior approval from the Principal before selling, posting, circulating, or distributing more than 10 copies of written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any nonschool material must include the name of the sponsoring person or organization. The decision regarding approval will be made within two school days.

The principal has designated the hallway by the principal's office as the location for approved nonschool materials to be placed for voluntary viewing or collection by students. [See policy FNAA.]

A student may appeal a decision in accordance with policy FNG(LOCAL). Any student who sells, posts, circulates, or distributes nonschool material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

### **Nonschool Materials...from others**

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the district or by a district-affiliated school-support organization will not be sold, circulated, distributed, or posted on any district premises by any district employee or by persons or groups not associated with the district, except as permitted by policy GKDA. To be considered for distribution, any nonschool material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the principal for prior review. The principal will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies at DGBA, FNG, or GF.]

The principal has designated the hallway by the principal's office as the location for approved nonschool materials to be placed for voluntary viewing or collection.

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a noncurriculum-related student group meeting held in accordance with FNAB(LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All nonschool materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

## **DRESS AND GROOMING**

The district's dress code is established to teach grooming and hygiene, prevent disruption, and minimize safety hazards. Students and parents may determine a student's personal dress and grooming standards, provided that they comply with the following:

### **Dress Code Violations**

If the student's dress or grooming is objectionable under these provisions, the principal/designee shall request the student make appropriate corrections. Students may be asked to adjust their clothing, change into school issued attire or be sent home after parental contact to change their attire. The student will be required to sign the Dress Code Log located in the high school office. The second violation, the student will be assigned after-school detention. Upon the third violation, the student will be assigned Saturday School or ISS. The process will begin over each 6 weeks. The principal may also issue more severe disciplinary action if it is determined that the student is having repeated violations and is not making an appropriate effort to correct the behavior.

The principal, coach, band director or any other person in charge of an extracurricular activity may regulate the dress and grooming of students who participate in these activities.

Students who violate provisions of the dress code relating to extra-curricular activities may be removed or excluded from the extra-curricular activities for such period as the principal/designee and/or activity sponsor may determine.

### **Attire**

Student attire should be appropriate, decent and non-disruptive. The school administration will determine whether a student's attire is potentially disruptive.

Guidelines for students are as follows:

- Clothing must not disrupt the educational environment. Modesty, good taste, and the proper educational atmosphere are the focus. Wearing articles of clothing that promote gangs, alcohol, tobacco or drugs is prohibited. Some articles of clothing or attire that have been determined to be inappropriate to the standards of this campus and are not to

be worn include, but are not limited to, clothing with language, pictures or drawings which may be interpreted as obscene, violent, lewd, offensive or vulgar. Also prohibited is clothing that is identified as gang apparel or articles of clothing that the student wears in a gang style, including items which may represent any association with a gang, such as gang colors or bandannas. Any clothing which administration determines is a school safety concern, either real or perceived, will be prohibited.

- Immodest dress will not be allowed, which may include:
  - strapless dresses, sundresses, see-through materials
  - tank tops, halter-tops, fish net or spaghetti straps
  - low cut dresses, blouses, or shirts
  - cut-off sleeveless shirts
  - clothing which reveals a bare midriff or undergarments
- Shoulder straps on shirts must be sufficient to cover undergarments.
- Proper undergarments will be worn at all times and will never be exposed.
- Headdress articles will not be permitted to be worn in school buildings at any time. . These include curlers, sweatbands, caps, hats or other such head ornaments. Caps and hats worn on school property or at school related activities must be worn as designed (with bill pointing forward).
- Sunglasses (except by written permission of physician) or improper eyewear will not be permitted in any building.
- All shirts, blouses or any top garment must be buttoned appropriately.
- Footwear must be worn at all times.
- No skates of any kind are allowed. This includes shoes with built in or attachable wheels.
- Overly baggy clothing is not to be worn at school. Waistbands will fit so that the garment does not —slide down without a belt.
- No trench coats of any kind will be allowed.
- Unusual or non-traditional jewelry will not be permitted. This includes but is not limited to heavy chains and spikes.
- Students are prohibited from wearing facial piercing jewelry of any kind, with the exception of pierced earrings for female students.
- Male students may not wear earrings or other visible body piercing jewelry. This includes clip earrings, pierced earrings, studs or any item used as a post in a pierced ear such as broom straws, pieces of plastic, etc.
- Shorts cannot be spandex, wind shorts, or plastic.
- All garments must meet minimum length requirements. Shorts and skirts must be no shorter than fingertip length when the student is standing with both arms extended down to their sides. This will include the upper most part of any slit in the skirt.
- Gang related tattoos and insignias are forbidden.
- Chains on wallets will not be allowed for safety purposes.

- Exceptions to the dress code may be made for special events such as pep rallies, spirit days, etc.

## **Grooming**

Cleanliness and proper grooming are necessary for students to project a positive image for both themselves and our school. Ultimately, students are to appear clean and well-kept. Because of the importance of appearance, Jayton-Girard ISD has established the following guidelines:

- With respect to hair color, dyes, tints or bleaches must result in color similar to natural human hair.
- Design hair writing is prohibited.
- Hairstyles considered to be disruptive will not be permitted.
- Male students will ensure that hair will not cover the ears or eyebrows or extend below the bottom of the collar at the back of the neck.
- Sideburns must be neatly trimmed, and the base will not extend below the lowest part of the exterior ear.
- Male students will not have ponytails, rat-tails or hair tails.
- Notching of the eyebrows is not permitted.
- Facial hair is not permitted.
- Unusual facial make-up or adornments that may be considered to be a possible disruption will not be allowed.
- All styles considered to be potentially disruptive cannot be listed; therefore the school administration will determine whether a particular style is to be considered disruptive.

If the principal determines that a student's grooming or clothing violates the school's dress code, the student will be given an opportunity to correct the problem at school. If not corrected, the student may be assigned to in-school suspension for the remainder of the day, until the problem is corrected, or until a parent or designee brings an acceptable change of clothing to the school. Repeated offenses may result in more serious disciplinary action in accordance with the Student Code of Conduct.

## **ELECTRONIC DEVICES AND TECHNOLOGY RESOURCES**

### **Possession and Use of Personal Telecommunications Devices, Including Mobile Telephones**

For safety purposes, the district permits students to possess personal mobile telephones; however, these devices must remain turned off during the instructional day, including during all testing, unless they are being used for approved instructional purposes. A student must have approval to possess other telecommunications devices such as netbooks, laptops, tablets, or other portable computers.

The use of mobile telephones or any device capable of capturing images is strictly prohibited in locker rooms or restroom areas while at school or at a school-related or school-sponsored event.

If a student uses a telecommunications device without authorization during the school day, the device will be confiscated. The student may pick up the confiscated telecommunications device from the principal's office for the first offense. A parent must retrieve the device on the second or subsequent offenses. A fee of \$15 will be charged on all offenses after the second.

Confiscated telecommunications devices that are not retrieved by the student or the student's parents will be disposed of after the notice required by law. [See policy FNCE.]

In limited circumstances and in accordance with law, a student's personal telecommunications device may be searched by authorized personnel. [See **Searches** on page 70 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district will not be responsible for damaged, lost, or stolen telecommunications devices.

### **Possession and Use of Other Personal Electronic Devices**

Except as described below, students are not permitted to possess or use personal electronic devices such as MP3 players, video or audio recorders, DVD players, cameras, games, e-readers, or other electronic devices at school, unless prior permission has been obtained. Without such permission, teachers will collect the items and turn them in to the principal's office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

In limited circumstances and in accordance with law, a student's personal electronic device may be searched by authorized personnel. [See **Searches** on page 70 and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district will not be responsible for any damaged, lost, or stolen electronic device.

### **Instructional Use of Personal Telecommunications and Other Electronic Devices**

In some cases, students may find it beneficial or might be encouraged to use personal telecommunications or other personal electronic devices for instructional purposes while on campus. Students must obtain prior approval before using personal telecommunications or other personal electronic devices for instructional use. Students must also sign a user agreement that contains applicable rules for use (separate from this handbook). When students are not using the devices for approved instructional purposes, all devices must be turned off during the instructional day. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

### **Acceptable Use of District Technology Resources**

To prepare students for an increasingly technological society, the district has made an investment in the use of district-owned technology resources for instructional purposes; specific resources may be issued individually to students. Use of these technological resources, which include the district's network systems and use of district equipment, is restricted to approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these district resources. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

### **Unacceptable and Inappropriate Use of Technology Resources**

Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal. This prohibition also applies to conduct off school property, whether the equipment used to send such messages is district-owned or personally owned, if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as “sexting,” will be disciplined according to the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement. Because engaging in this type of behavior can lead to bullying or harassment, as well as possibly impede future endeavors of a student, we encourage you to review with your child <http://beforeyoutext.com>, a state-developed program that addresses the consequences of engaging in inappropriate behavior using technology.

In addition, any student who engages in conduct that results in a breach of the district’s computer security will be disciplined in accordance with the Student Code of Conduct, and, in some cases, the consequence may rise to the level of expulsion.

## **END-OF-COURSE (EOC) ASSESSMENTS**

See **Graduation** on page 49, and **Standardized Testing** on page 74.

## **EXTRACURRICULAR ACTIVITIES, CLUBS, AND ORGANIZATIONS**

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Participation in some of these activities may result in events that occur off-campus. When the district arranges transportation for these events, students are required to use the transportation provided by the district to and from the events. Exceptions to this may only be made with the approval of the activity’s coach or sponsor. [Also see **Transportation** on page 78.]

Eligibility for initial and continuing participation in many of these activities is governed by state law and the rules of the University Interscholastic League (UIL)—a statewide association overseeing interdistrict competition. If a student is involved in an academic, athletic, or music activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. Students involved in UIL athletic activities and their parents can access the UIL Parent Information Manual at <https://www.uil texas.org/athletics/manuals>; a hard copy can be provided by the coach or sponsor of the activity on request. To report a complaint of alleged noncompliance with required safety training or an alleged violation of safety rules required by law and the UIL, please contact the curriculum division of the Texas Education Agency at (512) 463-9581 or [curriculum@tea.state.tx.us](mailto:curriculum@tea.state.tx.us).

[See <http://www.uil texas.org> for additional information on all UIL-governed activities.]

Student safety in extracurricular activities is a priority of the district. The equipment used in football is no exception. As a parent, you are entitled to review the district’s records regarding the age of each football helmet used by the campus, including when a helmet has been reconditioned.

In addition, the following provisions apply to all extracurricular activities:

- A student who receives at the end of a grading period a grade below 70 in any academic class—other than an Advanced Placement or International Baccalaureate course; or an honors or dual credit course in English language arts, mathematics, science, social

studies, economics, or language other than English—may not participate in extracurricular activities for at least three school weeks.

- A student with disabilities who fails to meet the standards in the individualized education program (IEP) may not participate for at least three school weeks.
- An ineligible student may practice or rehearse but may not participate in any competitive activity.
- A student is allowed in a school year up to 20 absences not related to post-district competition, a maximum of 8 absences for post-district competition prior to state, and a maximum of 4 absences for state competition. All extracurricular activities and public performances, whether UIL activities or other activities approved by the board, are subject to these restrictions.
- An absence for participation in an activity that has not been approved will receive an unexcused absence.

## **Standards of Behavior**

Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by board policy will apply in addition to any consequences specified by the organization’s standards of behavior.

[For further information, see policies at FM and FO. For student-organized, student-led groups, see **Meetings of Noncurriculum-Related Groups** on page 70.]

## **Offices and Elections**

Certain clubs, organizations, and performing groups may hold elections for student officers. These groups include: NHS and Student Council

## **Jayton High School Athletic Program**

Code of Conduct and General Guidelines for Student Athletes

**GENERAL PHILOSOPHY:** Participation in the athletic program by students at Jayton-Girard ISD is a privilege that must be earned through proper conduct exhibited in all areas of a student’s life. In order to ensure this conduct, student athletes are required to adhere to the following Code of Conduct and General Guidelines for Student Athletes. The purpose of these guidelines is to aid the student in making wise decisions that lead to successful, healthy, happy, and prosperous lifestyles in the present and in the future. Athletes of Jayton Schools are expected to exhibit appropriate behavior during the athletic season and the off season, in uniform and out of uniform. Student athletes who fail to abide by the Code of Conduct will be subject to disciplinary action and habitual or extreme cases of misconduct will result in dismissal from the program.

**ACADEMICS** – The primary goal of Jayton-Girard ISD is the academic education of all students. Academic success is our highest priority. Athletes must be successful in the classroom to be able to participate in any school sponsored extra-curricular activity. By state law, students who are failing any class at the end of a grading period become ineligible for participating in athletic contest for a specific (three or six weeks) period. If a student does become ineligible during the school year, he or she is still required to attend all practice sessions just as if they were eligible.

**SCHOOL ATTENDANCE** – Attending school on a regular and consistent basis is imperative for student success. State law requires every student to be in attendance in every class for a minimum of 90% of the class periods in order to pass the course. Students should make every effort to be at school as many days as possible. Students should learn to distinguish between “feeling bad” and being sick or ill. Students who have contagious illnesses or symptoms of them should stay home, rest, and recuperate. Students who are too ill to attend school are probably too ill to attend athletic workouts or games. The coaches and administration reserve the right to limit participation of athletes in cases of nonattendance during the regular school day.

**CONDUCT** – Athletes are expected to be leaders in the school and community. At no time should an athlete conduct themselves in such a way as to embarrass his or her own self, family, coaches, teachers, or teammates. Misconduct will result in disciplinary action. Misconduct that is extreme and/or habitual will result in removal from the athletic program. By law, a student athlete that is indicted for a crime becomes ineligible from athletic participation until the issue is settled by a court of law.

**TRAINING RULES** – The use of tobacco products, alcoholic beverages, or possession or use of non-prescribed controlled substances or paraphernalia will not be tolerated. The use of any of the above items is illegal on school property and on any school-sponsored activity or trip. The use of these substances can become habit forming and addictive. Abuse of these substances is unhealthy and expensive, and in extreme cases of abuse and/or long term use, can lead to health problems, family problems, and social problems. Disciplinary action will be imposed if a an athlete is issued a citation by law enforcement, an infraction occurs on campus or during a school sponsored activity, or when a coach personally encounters an athlete using one or more of the banned substances. In order to help student athletes avoid using these substances, the following consequences will be used for infractions:

1<sup>st</sup> Offense – The offender will be required to run 20 miles before he/she can participate in the athletic activity.

2<sup>nd</sup> Offense – The offender will be required to run 30 miles before he/she can participate in the athletic activity.

3<sup>rd</sup> Offense – The offender will be required to run 50 miles before he/she can participate in the athletic activity.

**NUTRITION** – Eating and drinking properly are essential for optimum performance. The most important fuel source for athletic activities comes from complex carbohydrates and is found in

food that grows in the ground. Fruits, vegetables, and cereals are important food sources for these carbohydrates. A diet should consist of approximately 70% carbohydrates, 15% proteins, and 15% fats. Water is essential to maintaining proper health and performance. Athletes should drink about 12 cups of water per day.

**MISSING WORKOUTS AND TARDINESS** – Any athlete that is late for practice will run make-up work as assigned by the coach. Any athlete that misses a practice will run make-up work as assigned by the coach. Absences due to conflicts with other school activities may require make-up conditioning as assigned by the coach. Coach’s discretion may be applied in special situations.

**EQUIPMENT** – The athlete is responsible for all equipment and clothing issued by the athletic department. The athlete is responsible for the replacement cost of any items lost, stolen or ruined through misuse or abuse. Equipment and clothing must be turned in prior to the athlete lettering in a sport.

**TEAM TRAVEL ARRANGEMENTS** – Athletes are required to travel both to and from athletic contests in school transportation. Parents may request to have a student return with them following a contest provided that the parent picks up the student in person. A written note may also be requested by the coach, releasing the school from liability. A student may not be released to anyone other than the parent or legal guardian. In extenuating circumstances and with prior written approval that has been filed with the principal, a student might be released to another adult.

**TRAVEL ATTIRE AND APPEARANCE** – Athletes are expected to dress in good taste while representing the school. Some examples of items that are inappropriate for travel include tank tops, or any kind of clothing that advertises an alcohol or tobacco product, T-shirts that are sexually suggestive, and caps. Attire must be clean with no baggy clothes or holes. Hair should be neatly trimmed and not longer than the top of the shirt collar for males. Facial hair is not permissible. Give an appearance of class.

**TRAVELING IN SCHOOL TRANSPORTATION** – Since many of our trips are on school nights, an atmosphere for studying should be maintained for those who need it. Radios, MP3 players and CD players will be allowed only if used with earphones. Cell phones will not be allowed for use except after contests and in special circumstances. Buses and travel vehicles will be cleaned by all riders after each trip. **Always be on time. On trips, the bus waits for no one.**

**CONFLICTS WITH OTHER SCHOOL ACTIVITIES** – Each student athlete must weigh and decide which activity takes a priority in his/her life. Conflicts with other school activities are sometimes unavoidable. The coaches will be as flexible as possible when these conflicts arise. However, when an athlete chooses to miss a practice or contest, an absence has still occurred and makeup work must be done.

**PROFANITY** – The use of profanity will not be tolerated. A public display of profanity will result in disciplinary action. Profanity that can be heard publicly, even if used in private conversation, will result in disciplinary action. Remember that athletes are examples and role models for younger students.

**HAZING** – Will not be tolerated.

**COACHES' OFFICE** – The coaches' office is our workplace and dressing room. It is not a place to congregate before or after practice. If an athlete has a reason for visiting with a coach, he or she is welcome if permission is asked to enter. Please respect the coaches' right to privacy.

**INJURIES** – It is the responsibility of the athlete to report all injuries to the coaching staff. Even a small injury can turn into a major one if not properly treated. The coaches must know about injuries before we can treat them. **NEVER LEAVE A GAME OR PRACTICE WITH AN INJURY WITHOUT FIRST CONSULTING A COACH.**

**LOCKER ROOMS** – The athletic locker rooms are expected to be kept neat and clean. Towels should be kept in appropriate areas and trash, tape, etc. should be placed into wastebaskets. **EACH ATHLETE IS RESPONSIBLE FOR HIS OR HER OWN PERSONAL PROPERTY AND ANY SCHOOL ISSUED PROPERTY AS WELL.**

**TRAINING ROOM AND WHIRLPOOL AREA** – These areas are for treating injured athletes. Do not use these areas or the supplies in them without permission.

**WEIGHT ROOM** – The weight room will be kept clean and organized after each usage. All weights and equipment should be placed on weight racks and in the appropriate area after each use.

**STEROIDS** – Parents and students should be aware that state law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe them. Under state law, body building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

**ADDITIONAL RULES** – Each coach for every athletic activity has the right to establish additional rules pertaining to that activity.

All senior trips must be approved by the Jayton-Girard ISD School Board. The following criteria will be used in determining student eligibility for the Jayton Senior Trip:

- Successful completion of all sponsor-determined participation in fundraising activities.
- Four or fewer cumulative days assigned to out-of-school suspension, DAEP and/or ISS during the trip school year.
- All sponsored-determined activities/rules must be approved by the administration before any fundraising can begin.
- Seniors must be enrolled in Jayton-Girard ISD at the time the trip reservations are made to be able to attend the senior trip.

## Extra- Curricular Academic-Enrichment Trip

The following criteria are to be used in determining eligibility for the Jayton High School Extra-Curricular Academic Enrichment Trip: Sponsors and Principal may use discretion for eligibility for individual students or circumstances

Fulltime students in the Junior and Senior class

- A, B average for each semester grading periods in core classes (English, Math, Science, Social Studies) through the 5<sup>th</sup> six-week period
- Attendance of 90% or better through the 5<sup>th</sup> six-week period in all class periods.
- No disciplinary suspensions, DAEP placements or ISS assignments during the current school year
- Active participation approved by the sponsor in at least three school-sponsored extra-curricular activities (Ag, Band, One Act Play, UIL Academics, Sports).

## FEES

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations and admission fees to extracurricular activities.
- Security deposits.
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.
- Voluntarily purchased student accident insurance.

- Musical instrument rental and uniform maintenance, when uniforms are provided by the district.
- Personal apparel used in extracurricular activities that becomes the property of the student.
- Parking fees and student identification cards.
- Fees for lost, damaged, or overdue library books.
- Fees for driver training courses, if offered.
- Fees for optional courses offered for credit that require use of facilities not available on district premises.
- Summer school for courses that are offered tuition-free during the regular school year.
- A reasonable fee for providing transportation to a student who lives within two miles of the school. [See **Buses and Other School Vehicles** on page 78.]
- A fee not to exceed \$50 for costs of providing an educational program outside of regular school hours for a student who has lost credit because of absences and whose parent chooses the program in order for the student to meet the 90 percent attendance requirement. The fee will be charged only if the parent or guardian signs a district-provided request form.
- In some cases, a fee for a course taken through the Texas Virtual School Network (TxVSN).

Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the principal. [For further information, see policy FP.]

## **FUND-RAISING**

Student groups or classes and/or parent groups may be permitted to conduct fund-raising drives for approved school purposes. An application for permission must be made to the principal at least 5 days before the event. [For further information, see policies at FJ and GE.]

## **GANG-FREE ZONES**

Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the next highest category of offense if they are committed in a gang-free zone. For purposes of the district, a gang-free zone includes a school bus and a location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

## **GENDER-BASED HARASSMENT**

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 28.]

## GRADE LEVEL CLASSIFICATION

After the ninth grade, students are classified according to the number of credits earned toward graduation.

Credits Earned	Classification
5	Grade 10 (Sophomore)
10	Grade 11 (Junior)
15	Grade 12 (Senior)

## GRADING GUIDELINES

Grading guidelines for each grade level or course will be communicated and distributed to students and their parents by the classroom teacher. These guidelines have been reviewed by each applicable curriculum department and have been approved by the campus principal. These guidelines establish the minimum number of assignments, projects, and examinations required for each grading period. In addition, these guidelines establish how the student's mastery of concepts and achievement will be communicated (i.e., letter grades, numerical averages, checklist of required skills, etc.). Grading guidelines also outline in what circumstances a student will be allowed to redo an assignment or retake an examination for which the student originally made a failing grade. Procedures for a student to follow after an absence will also be addressed.

Also see **Report Cards/Progress Reports and Conferences** on page 67 for additional information on grading guidelines. .

## GRADUATION

### Requirements for a Diploma

To receive a high school diploma from the district, a student must successfully:

- Complete the required number of credits established by the state and any additional credits required by the district;
- Complete any locally required courses in addition to the courses mandated by the state;
- Achieve passing scores on certain end-of-course (EOC) assessments or approved substitute assessments, unless specifically waived as permitted by state law; and
- Demonstrate proficiency, as determined by the district, in the specific communication skills required by the State Board of Education.

### Foundation Graduation Program

Every student in a Texas public school who enters grade 9 in the 2014–15 school year and thereafter will graduate under a new program called the “foundation graduation program.” Within the foundation graduation program are “endorsements,” which are paths of interest that include Science, Technology, Engineering, and Mathematics (STEM); Business and Industry; Public Services; Arts and Humanities; and Multidisciplinary Studies. Endorsements earned by a student will be noted on the student's transcript and diploma. The foundation graduation program

also involves the term distinguished level of achievement, which reflects the completion of at least one endorsement and Algebra II as one of the required advanced mathematics credits. A personal graduation plan will be completed for each high school student, as described on page 48. State law and rules prohibit a student from graduating solely under the foundation graduation program without an endorsement unless, after the student’s sophomore year, the student and student’s parent are advised of the specific benefits of graduating with an endorsement and submit written permission to the school counselor for the student to graduate without an endorsement. A student who anticipates graduating under the foundation graduation program without an endorsement and who wishes to attend a four-year university or college after graduation must carefully consider whether this will satisfy the admission requirements of the student’s desired college or university.

Graduating under the foundation graduation program will also provide opportunities to earn “performance acknowledgments” that will be acknowledged on a student’s diploma and transcript. Performance acknowledgments are available for outstanding performance in bilingualism and biliteracy; in a dual credit course; on an AP or IB exam; on the PSAT, ACT-Plan, SAT, or ACT exam, which are national exams; or for earning a nationally or internationally recognized license or certificate. The criteria for earning these performance acknowledgments are prescribed by state rules, and the school counselor can provide more information about these acknowledgments. See the school counselor for additional information.

The foundation graduation program requires completion of the following credits:

\* In order to obtain the distinguished level of achievement under the foundation graduation program, which will be denoted on a student’s transcript and diploma and is a requirement to be considered for automatic admission purposes to a Texas four-year college or university, a student must complete an endorsement and take Algebra II as one of the four mathematics credits.

\*\* A student who is unable to participate in physical activity due to a disability or illness may be able to substitute a course in English language arts, mathematics, science, social studies, or another locally determined credit-bearing course for the required credit of physical education. This determination will be made by the student’s ARD committee, Section 504 committee, or other campus committee, as applicable.

\*\*\* Students are required to earn two credits in the same language other than English to graduate. Any student may substitute computer programming languages for these credits. In limited circumstances, a student may be able to substitute this requirement with other courses, as determined by a district committee authorized by law to make these decisions for the student.

\*\*\*\* A student must specify upon entering grade 9 the endorsement he or she wishes to pursue.

### **Personal Graduation Plans for Students Under The Foundation Graduation Program**

A personal graduation plan will be developed for each high school student who is subject to the requirements of the foundation graduation program. The district encourages all students to pursue a personal graduation plan that includes the completion of at least one endorsement and to graduate with the distinguished level of achievement. Attainment of the distinguished level of achievement entitles a student to be considered for automatic admission to a public four year college or university in Texas, depending on his or her rank in class. The school will review personal graduation plan options with each student entering grade 9 and his or her parent. Before the end of grade 9, a student and his or her parent will be required to sign off on a personal graduation plan that includes a course of study that promotes college and workforce readiness and career placement and advancement, as well as facilitates the transition from secondary to postsecondary education. The student’s personal graduation plan will denote an appropriate course sequence based on the student’s choice of endorsement.

A student may, with parental permission, amend his or her personal graduation plan after the initial confirmation.

### **Available Course Options for all Graduation Programs**

Information regarding specific courses required or offered in each curriculum area will be distributed to students each spring in order to enroll in courses for the upcoming school year.

Please be aware that not all courses are offered at every secondary campus in the district. A student who wants to take a course not offered at his or her regular campus should contact the school counselor about a transfer or other alternatives. If the parents of at least 22 students

request a transfer for those students to take a course in the required curriculum other than fine arts or CTE, the district will offer the course for the following year either by teleconference or at the school from which the transfers were requested.

### **Certificates of Coursework Completion**

A certificate of coursework completion will be issued to a student who has successfully completed state and local credit requirements for graduation but has not yet demonstrated satisfactory performance on the state-mandated tests required for graduation.

### **Students with Disabilities**

Upon the recommendation of the admission, review, and dismissal (ARD) committee, a student with a disability who receives special education services may be permitted to graduate under the provisions of his or her IEP.

A student who receives special education services and has completed four years of high school, but has not met the requirements of his or her IEP, may participate in graduation ceremonies and receive a certificate of attendance. Even if the student participates in graduation ceremonies to receive the certificate of attendance, he or she may remain enrolled to complete the IEP and earn his or her high school diploma; however, the student will only be allowed to participate in one graduation ceremony.

[See policy FMH(LEGAL).]

Please also be aware that if an ARD committee places a student with a disability on a modified curriculum in a subject area, the student will be automatically placed in the Minimum Program, if that program is applicable based on the school year in which the student entered high school, in accordance with state rules.

If a student receiving special education services is scheduled to graduate under the Minimum Program or in accordance with the provisions of his or her IEP, the student's ARD committee will determine whether the general EOC assessment is an accurate measure of the student's achievement and progress and, if so, whether successful performance is required for graduation, or whether an alternative assessment is more appropriate. STAAR Alternate is the alternative assessment currently allowed by the state. [See **Standardized Testing** page 74 for additional information.]

ARD committees for students with disabilities who receive special education services and who are subject to the foundation graduation program will make instructional and assessment decisions for these students in accordance with state law and rules.

### **Graduation Activities**

Students who have met coursework requirements for graduation but have not yet demonstrated satisfactory performance on end-of-course assessments will be allowed to participate in graduation activities. However, please keep in mind that participating in the activities and ceremonies is not synonymous with graduating. Ultimately, the final awarding of a diploma will be contingent upon the student's completion of all applicable requirements for graduation.

## **Graduation Speakers**

Certain graduating students will be given an opportunity to have speaking roles at graduation ceremonies.

A student must meet local eligibility criteria, which may include requirements related to student conduct, to have a speaking role. Students eligible for speaking roles will be notified by the principal and given an opportunity to volunteer.

[For student speakers at other school events, see **Student Speakers** on page 77.]

[See FNA(LOCAL) and the Student Code of Conduct.]

## **Graduation Expenses**

Because students and parents will incur expenses in order to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior picture—both the student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year. [See **Student Fees** on page 47.]

## **Scholarships and Grants**

- Students who have a financial need according to federal criteria and who complete the Recommended Program or Advanced/Distinguished Achievement Program may be eligible under the T.E.X.A.S. Grant Program for tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions.
- Contact the counselor for information about other scholarships and grants available to students.

## **HARASSMENT**

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 28.]

## **HAZING**

Hazing is defined as any intentional, knowing, or reckless act occurring on or off campus directed against a student that endangers the mental or physical health or the safety of a student for the purpose of pledging, being initiated to, affiliating with, holding office in, or maintaining membership in any organization whose members are or include other students.

Hazing will not be tolerated by the district. If an incident of hazing occurs, disciplinary consequences will be handled in accordance with the Student Code of Conduct. It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal or superintendent.

[Also see **Bullying** on page 21 and policies FFI and FNCC.]

## **HEALTH-RELATED MATTERS**

### **Student Illness**

When your child is ill, please contact the school to let us know he or she won't be attending that day. It is important to remember that schools must exclude students with certain illnesses from school for periods of time as identified in state rules. For example, if your child has a fever over 100 degrees, he or she must stay out of school until fever free for 24 hours without fever-reducing medications. In addition, students with diarrheal illnesses must stay home until they are diarrhea free without diarrhea-suppressing medications for at least 24 hours. A full list of conditions for which the school must exclude children can be obtained from the school nurse.

If a student becomes ill during the school day, he or she must receive permission from the teacher before reporting to the school nurse. If the nurse determines that the child should go home, the nurse will contact the parent.

The district is also required to report certain contagious (communicable) diseases or illnesses to the Texas Department of State Health Services (TDSHS) or our local/regional health authority. The school nurse can provide information from TDSHS on these notifiable conditions.

Contact the school nurse if you have questions or if you are concerned about whether or not your child should stay home.

### **Bacterial Meningitis**

State law requires the district to provide information about bacterial meningitis:

- What is meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is common and most people recover fully. Parasitic and fungal meningitis are very rare. Bacterial meningitis is very serious and may involve complicated medical, surgical, pharmaceutical, and life support management.

- What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over 2 years old) and adults with bacterial meningitis commonly have a severe headache, high fever, and neck stiffness. Other symptoms might include nausea, vomiting, discomfort looking into bright lights, confusion, and sleepiness. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

- How serious is bacterial meningitis?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

- How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. They are spread when people exchange respiratory or throat secretions (such as by kissing, coughing, or sneezing).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

- How can bacterial meningitis be prevented?

Maintaining healthy habits, like getting plenty of rest, can help prevent infection. Using good health practices such as covering your mouth and nose when coughing and sneezing and washing your hands frequently with soap and water can also help stop the spread of the bacteria. It's a good idea not to share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

There are vaccines available to offer protection from some of the bacteria that can cause bacterial meningitis.\*The vaccines are safe and effective (85–90 percent). They can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

- What should you do if you think you or a friend might have bacterial meningitis?

You should seek prompt medical attention.

- Where can you get more information?

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Department of State Health Services office to ask about a meningococcal vaccine. Additional information may also be found at the Web sites for the Centers for Disease Control and Prevention, <http://www.cdc.gov>, and the Department of State Health Services, <http://www.dshs.state.tx.us>.

\* Please note that the TDSHS requires at least one meningococcal vaccination between grades 7 and 10, and state guidelines recommend this vaccination be administered between age 11 and 12, with a booster dose at 16 years of age. Also note that entering college students must show, with limited exception, evidence of receiving a bacterial meningitis vaccination within the five-year period prior to enrolling in and taking courses at an institution of higher education. Please see the school nurse for more information, as this may affect a student who wishes to enroll in a dual credit course taken off campus.

Also refer to **Immunizations** on page 58 for more information.

## **Food Allergies**

The district requests to be notified when a student has been diagnosed with a food allergy, especially those allergies that could result in dangerous or possibly life-threatening reactions either by inhalation, ingestion, or skin contact with the particular food. It is important to disclose the food to which the student is allergic, as well as the nature of the allergic reaction. Please contact the school nurse or campus principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

The district has developed and annually reviews a food allergy management plan, which addresses employee training, dealing with common food allergens, and specific strategies for dealing with students diagnosed with severe food allergies. When the district receives information that a student has a food allergy that puts the student at risk for anaphylaxis, individual care plans will be developed to assist the student in safely accessing the school environment. The district's food allergy management plan can be accessed by calling the school nurse.

Also see policy FFAF and **Celebrations** on page 22.

## **Head Lice**

Head lice, although not an illness or a disease, is very common among children and is spread very easily through head-to-head contact during play, sports, or nap time and when children share things like brushes, combs, hats, and headphones. Because lice spread so easily, the district will need to exclude any student found to have live lice until after one treatment of an FDA-approved shampoo or cream rinse, which can be purchased from a drug store or grocery store.

If careful observation indicates that a student has head lice, the school nurse will contact the student's parent and inform the parent that the child will need to be picked up from school and will need to stay home until after an initial treatment is applied. After the student has undergone one treatment, the parent should check in with the school nurse to discuss the treatment used. The nurse can also offer additional recommendations, including subsequent treatments and how best to get rid of lice and prevent their return.

More information on head lice can be obtained from the TDSHS Web site at <http://www.dshs.state.tx.us/schoolhealth/lice.shtm>.

## **Physical Activity for Students in Elementary and Middle School**

In accordance with policies at EHAB, EHAC, EHBG, [and FFA], the district will ensure that students in full-day prekindergarten through grade 5 engage in moderate or vigorous physical activity for at least 30 minutes per day or 135 minutes per week.

Students in middle or junior high school will engage in [30 minutes of moderate or vigorous physical activity per day for at least four semesters OR at least 225 minutes of moderate or vigorous physical activity within each two-week period for at least four semesters].

For additional information on the district's requirements and programs regarding elementary, middle, and junior high school student physical activity requirements, please see the principal.

## **School Health Advisory Council (SHAC)**

During the preceding school year, the district's School Health Advisory Council held one meeting. Additional information regarding the district's School Health Advisory Council is available from the superintendent. [See also policies at BDF and EHAA.]

The duties of the SHAC range from recommending curriculum to developing strategies for integrating curriculum into a coordinated school health program encompassing school health services, counseling services, a safe and healthy school environment, recess recommendations, and employee wellness. See policies at BDF and EHAA.

[See **Removing a Student from Human Sexuality Instruction** on page 7 for additional information.]

## **Other Health-Related Matters**

### ***Physical Fitness Assessment***

Annually, the district will conduct a physical fitness assessment of students in grades 3–12 who are enrolled in a physical education course or a course for which physical education credit is awarded. At the end of the school year, a parent may submit a written request to Lyle Lackey to obtain the results of his or her child's physical fitness assessment conducted during the school year.

### ***Vending Machines***

The district has adopted policies and implemented procedures to comply with state and federal food service guidelines for restricting student access to vending machines. For more information regarding these policies and guidelines see the superintendent. [See policies at CO and FFA.]

### ***Tobacco Prohibited***

Students are prohibited from possessing or using any type of tobacco product, including electronic cigarettes, while on school property at any time or while attending an off campus school-related activity.

The district and its staff strictly enforce prohibitions against the use of all tobacco products, including electronic cigarettes, or any other electronic vaporizing device, by students and others on school property and at school-sponsored and school-related activities. [See the Student Code of Conduct and policies at FNCD and GKA.]

### ***Asbestos Management Plan***

The district works diligently to maintain compliance with federal and state law governing asbestos in school buildings. A copy of the district's Asbestos Management Plan is available in the superintendent's office. If you have any questions or would like to examine the district's plan in more detail, please contact the superintendent, the district's designated asbestos coordinator, at 806-237-2991.

## ***Pest Management Plan***

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, pesticide use is sometimes necessary to maintain adequate pest control and ensure a safe, pest-free school environment.

All pesticides used are registered for their intended use by the United States Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of treatment, and signs will remain until it is safe to enter the area. Parents who have further questions or who want to be notified prior to pesticide application inside their child's school assignment area may contact the superintendent, the district's IPM coordinator, at 806-237-2991.

## **HOMELESS STUDENTS**

For more information on services for homeless students, contact the district's Liaison for Homeless Children and Youths, Darla Harrison, at 806-237-2991.

## **HOMEWORK**

Homework is an extension of class work and an excellent opportunity for students to demonstrate comprehension of material. Homework will not be given as punishment, but will serve as reinforcement of classroom activities. It is recommended that students not mastering the objectives for a particular class be given an opportunity to practice and prepare for instruction the following school day. For those students mastering the objectives, homework may be given in the form of enrichment activities. Homework not intended for these purposes will be avoided.

## **ILLNESS**

[See **Student Illness** under **Health-Related Matters** on page 54.]

## **IMMUNIZATION**

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (TDSHS), Immunization Branch, can be honored by the district. This form may be obtained by writing the TDSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347; or online at <https://webds.dshs.state.tx.us/immco/default.aspx>. The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are: diphtheria, tetanus, and pertussis; measles, mumps, and rubella; polio; hepatitis A; hepatitis B; varicella (chicken pox); and meningococcal. The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by the TDSHS. Proof of immunization may be established by personal

records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. licensed physician stating that, in the doctor's opinion, the immunization required poses a significant risk to the health and well-being of the student or a member of the student's family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition.

As noted at **Bacterial Meningitis**, entering college students must also, with limited exception, furnish evidence of having received a bacterial meningitis vaccination within the five years prior to enrolling in and attending classes at an institution of higher education. A student wanting to enroll in a dual credit course taken off campus may be subject to this requirement.

[For further information, see policy FFAB(LEGAL) and the TDSHS Web site: <http://www.dshs.state.tx.us/immunize/school/default.shtm>.]

## **LAW ENFORCEMENT AGENCIES**

### **Questioning of Students**

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
- The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

### **Students Taken Into Custody**

State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
- By an authorized representative of Child Protective Services, Texas Department of Family and Protective Services, a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student's physical health or safety.
- To comply with a properly issued directive to take a student into custody.

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer's identity and, to the best of his or her ability, will verify the official's authority to take custody of the student.

The principal will immediately notify the superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student's release to a law enforcement officer, any notification will most likely be after the fact.

### **Notification of Law Violations**

The district is required by state law to notify:

- All instructional and support personnel who have responsibility for supervising a student who has been taken into custody, arrested, or referred to the juvenile court for any felony offense or for certain misdemeanors.
- All instructional and support personnel who have regular contact with a student who is thought to have committed certain offenses or who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.
- All appropriate district personnel in regards to a student who is required to register as a sex offender.

[For further information, see policies FL(LEGAL) and GRAA(LEGAL).]

### **LEAVING CAMPUS**

Please remember that student attendance is crucial to learning. We ask that appointments be scheduled outside of school hours as much as reasonably possible. Also note that picking up a child early on a regular basis results in missed opportunities for learning. Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the school day.

State rules require that parental consent be obtained before any student is allowed to leave campus for any part of the school day. The district has put the following procedures in place in order to document parental consent:

- For students in elementary and middle school, a parent or otherwise authorized adult must come to the office and sign the student out. Please be prepared to show identification. Once an identity is verified, a campus representative will then call for the student or collect the student and bring him or her to the office. For safety purposes and stability of the learning environment, we cannot allow you to go to the classroom or other area unescorted to pick up the student. If the student returns to campus the same day, the parent or authorized adult must sign the student back in through the main office upon the student's return. Documentation regarding the reason for the absence will also be required.
- For students in high school, the same process will be followed. If the student's parent will authorize the student to leave campus unaccompanied, a note provided by the parent

must be submitted to the main office in advance of the absence, no later than two hours prior to the student's need to leave campus. A phone call received from the parent may be accepted, but the school may ultimately require a note to be submitted for documentation purposes. Once the office has received information that the student's parent consents to the student leaving campus, a pass will be issued to the student to hand to his or her teacher with the necessary information. The student must sign out through the main office and sign in upon his or her return, if the student returns the same day. If a student is 18 years of age or is an emancipated minor, the student may produce a note on his or her own behalf. Documentation regarding the reason for the absence will be required.

- If a student becomes ill during the school day and the school nurse or other district personnel determines that the student should go home, the nurse will contact the student's parent and document the parent's wishes regarding release from school. Unless directed by the parent to release the student unaccompanied, the parent or other authorized adult must follow the sign-out procedures as listed above. If a student is allowed to leave campus by himself or herself, as permitted by the student's parent, or if the student is age 18 or is an emancipated minor, the nurse will document the time of day the student was released. Under no circumstances will a child in elementary or middle school be released unaccompanied by a parent or adult authorized by the parent.

## **During Lunch**

### **OPEN/CLOSED CAMPUS FOR LUNCH**

Grades PK-6 may not leave campus for lunch unless a parent signs their child out in the office. Grades 7-12 may leave campus for lunch unless their privilege has been revoked.

### **At Any Other Time During the School Day**

Students are not authorized to leave campus during regular school hours for any other reason, except with the permission of the principal.

Students who leave campus in violation of these rules will be subject to disciplinary action in accordance with the Student Code of Conduct.

## **LIMITED ENGLISH PROFICIENT STUDENTS**

A student with limited English proficiency (LEP), sometimes referred to as an English language learner (ELL) in certain state statutes and state rules, is entitled to receive specialized services from the district. To determine whether the student qualifies for services, a Language Proficiency Assessment Committee (LPAC) will be formed, which will consist of both district personnel and at least one parent representative. The student's parent must consent to any services recommended by the LPAC for a LEP student. However, pending the receipt of parental consent or denial of services, an eligible student will receive the services to which the student is entitled and eligible.

In order to determine a student's level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services and once a level of proficiency has been established, the LPAC will then designate instructional accommodations or additional

special programs the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine a student's continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR-L, as mentioned at Standardized Testing on page 77, may be administered to a LEP student, or, for a student up to grade 5, a Spanish version of STAAR. In limited circumstances, a student's LPAC may exempt the student from an otherwise required state-mandated assessment or may waive certain graduation requirements related to the English I and II end-of-course (EOC) assessments. The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to LEP students who qualify for services.

If a student is considered LEP and receives special education services because of a qualifying disability, the student's ARD committee will make instructional and assessment decisions in conjunction with the LPAC.

## **LOST AND FOUND**

A "lost and found" is located in the main hallway storage closet. If your child has lost an item, please encourage him or her to check in lost and found. The district discourages students from bringing to school personal items of high monetary value, as the district cannot be responsible for lost or stolen items. The campus will dispose of lost and found items at the end of each semester.

## **MAKEUP WORK**

### **Makeup Work Because of Absence**

For any class missed, the teacher may assign the student makeup work based on the instructional objectives for the subject or course and the needs of the individual student in mastering the essential knowledge and skills or in meeting subject or course requirements.

A student will be responsible for obtaining and completing the makeup work in a satisfactory manner and within the time specified by the teacher. A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.

A student is encouraged to speak with his or her teacher if the student knows of an absence ahead of time, including absences for extracurricular activities, so that the teacher and student may plan any work that can be completed before or shortly after the absence. Please remember the importance of student attendance at school and that, even though absences may be excused or unexcused, all absences account for the 90 percent threshold in regards to the state laws surrounding "attendance for credit." [See also **Attendance for Credit or Final grade** on page 17.]

A student involved in an extracurricular activity must notify his or her teachers ahead of time about any absences.

A student will be permitted to make up tests and to turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with time lines approved by the principal and previously communicated to students.

## **DAEP Makeup Work**

A student removed to a disciplinary alternative education program (DAEP) during the school year will have an opportunity to complete, before the beginning of the next school year, a foundation curriculum course in which the student was enrolled at the time of removal. The district may provide the opportunity to complete the course through an alternative method, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA(LEGAL).]

## **In-school Suspension (ISS) Makeup Work**

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FO(LEGAL).]

## **MEDICINE AT SCHOOL**

The district will not purchase medication to give to a student. District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

- Only authorized employees, in accordance with policy FFAC, may administer:
  - Prescription medication, in the original, properly labeled container, provided by the parent, along with a written request.
  - Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.
  - Nonprescription medication, in the original, properly labeled container, provided by the parent along with a written request.
  - Herbal or dietary supplements provided by the parent only if required by the student's individualized education program (IEP) or Section 504 plan for a student with disabilities.

Students whose schedules provide for regular time spent outdoors, including for recess and physical education classes, should apply sunscreen before coming to school.

For students at the elementary level, the student's teacher or other district personnel will apply sunscreen to a student's exposed skin if the student brings the sunscreen to school and requests assistance with the application of the sunscreen. Nothing prohibits a student at this level from applying his or her own sunscreen if the student is capable of doing so.

For students at the secondary level, a student may possess and apply sunscreen when necessary. If the student will need assistance with this application, please address the need for assistance with the school nurse.

Whether a student is at the elementary or secondary level, if sunscreen needs to be administered to treat any type of medical condition, this should be handled through communication with the school nurse so that the district is made aware of any safety and medical issues.

A student with asthma or severe allergic reaction (anaphylaxis) may be permitted to possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her physician or health-care provider and to the school nurse the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the [school nurse or] principal.

In accordance with a student's individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the [school nurse or] principal for information. [See policy FFAF(LEGAL).]

## **Psychotropic Drugs**

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance.

Teachers and other district employees may discuss a student's academic progress or behavior with the student's parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [For further information, see policy FFAC.]

## **NONDISCRIMINATION STATEMENT**

In its efforts to promote nondiscrimination, Jayton-Girard ISD does not discriminate on the basis of race, religion, color, national origin, gender, or disability in providing education services, activities, and programs, including CTE programs, in accordance with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Educational Amendments of 1972; and Title II of the Americans with Disabilities Act of 1990 (ADA), as amended, which incorporates and expands upon the requirements of Section 504 of the Rehabilitation Act of 1973, as amended.

The following district representatives have been designated to coordinate compliance with these legal requirements:

- Title IX Coordinator, for concerns regarding discrimination on the basis of gender: Trig Overbo, P.O. Box 168, Jayton, Texas 79528. 806-237-2991.
- ADA/Section 504 Coordinator, for concerns regarding discrimination on the basis of disability: Trig Overbo, P.O. Box 168, Jayton, Texas 79528. 806-237-2991.
- All other concerns regarding discrimination: See trig Overbo, 806-237-2991.

[See policies FB(LOCAL) and FFH(LOCAL).]

## **NONTRADITIONAL ACADEMIC PROGRAMS**

[See **Requirements for a Diploma** on page 49.]

## **PHYSICAL EXAMINATIONS / HEALTH SCREENINGS**

A student who wishes to participate in, or continue participation in, the district's athletics program governed by the UIL must submit certification from a health-care provider authorized under UIL rules that the student has been examined and is physically able to participate in the athletic program.

This examination is required in the first year of middle school competition and the first and third years of high school competition. During the alternate years, the student must complete a medical appraisal form, and the results of this appraisal may prompt the district to require a physical examination.

Also see policy FFAA.

## **PLEDGES OF ALLEGIANCE AND A MINUTE OF SILENCE**

Each school day, students will recite the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge. [See **Excusing a Student from Reciting the Pledges to the U.S. and Texas Flags** on page 8.]

State law requires that one minute of silence follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. In addition, state law requires that each campus provide for the observance of one minute of silence at the beginning of the first class period when September 11 falls on a regular school day in remembrance of those who lost their lives on September 11, 2001.

[See policy EC for more information.]

## **PRAYER**

Each student has a right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not encourage, require, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

## **PROMOTION AND RETENTION**

A student will be promoted only on the basis of academic achievement or demonstrated proficiency in the subject matter of the course or grade level, the recommendation of the student's teacher, the score received on any criterion-referenced or state-mandated assessment, and any other necessary academic information as determined by the district. To earn credit in a course, a student must receive a grade of at least 70 based on course-level or grade-level standards.

In grades 1-8, promotion to the next grade level shall be based on an overall average of 70 on a scale of 100 based on course-level, grade-level standards (essential knowledge and skills) for all

subject areas and a grade of 70 or above in three of the following areas: language arts, mathematics, science, and social studies.

In grades 9-12, grade-level advancement for students in grades 9-12 shall be earned by course credits. [See policies EIE(LOCAL) and EIF(LEGAL)]

A student in grades 9–12 will be advanced a grade level based on the number of course credits earned. [Also see **Grade Level Classification** on page 48.]

In addition, at certain grade levels a student—with limited exceptions—will be required to pass the State of Texas Assessments of Academic Readiness (STAAR), if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.

- In order to be promoted to grade 6, students enrolled in grade 5 must perform satisfactorily on the mathematics and reading sections of the grade 5 assessment in English or Spanish.
- In order to be promoted to grade 9, students enrolled in grade 8 must perform satisfactorily on the mathematics and reading sections of the grade 8 assessment in English.

If a student in grade 5 or 8 is enrolled in a course that earns high school credit and for which an end-of-course (EOC) assessment will be administered, the student will not be subject to the promotion requirements described above for the relevant grade 5 or 8 assessment. However, the student's score on an EOC assessment will count for 15 percent of the final grade for the course in which the student is enrolled and will be used in determining whether the student meets the minimum cumulative score required for graduation.

If a student in grades 3–8 is enrolled in a class or course intended for students above his or her current grade level in which the student will be administered a state-mandated assessment, the student will only be required to take an applicable state mandated assessment for the course in which he or she is enrolled.

[See **Standardized Testing** on page 74.]

Parents of a student at any grade level at or above grade 3 who does not perform satisfactorily on his or her state-mandated exams will be notified that their child will participate in special instructional programs designed to improve performance. The student may be required to participate in this instruction before or after normal school hours or outside of the normal school year. Failure of a student to attend these programs may result in violations of required school attendance as well as the student not being promoted to the next grade level.

A student in grade 5 or 8 will have two additional opportunities to take a failed assessment. If a student fails a second time, a grade placement committee, consisting of the principal or designee, the teacher, and the student's parent, will determine the additional special instruction the student will receive. After a third failed attempt, the student will be retained; however, the parent can appeal this decision to the committee. In order for the student to be promoted, based on standards previously established by the district, the decision of the committee must be unanimous and the student must complete additional special instruction before beginning the next grade level.

Whether the student is retained or promoted, an educational plan for the student will be designed

to enable the student to perform at grade level by the end of the next school year. [See policy EIE.]

Students will also have multiple opportunities to retake EOC assessments. [See **Graduation** on page 49 and **Standardized Testing** on page 74 for more information about EOC assessments.]

Certain students—some with disabilities and some with limited English proficiency—may be eligible for exemptions, accommodations, or deferred testing. For more information, see the principal, counselor, or special education director.

A Personal Graduation Plan (PGP) will be prepared for any student in a middle school or beyond who did not perform satisfactorily on a state-mandated assessment or is determined by the district as not likely to earn a high school diploma before the fifth school year following enrollment in grade 9. The PGP will be designed and implemented by a guidance counselor, teacher, or other staff member designated by the principal. The plan will, among other items, identify the student’s educational goals, address the parent’s educational expectations for the student, and outline an intensive instruction program for the student. [For additional information, see the counselor or principal and policy EIF(LEGAL).] For a student receiving special education services, the student’s IEP may serve as the student’s PGP and would therefore be developed by the student’s ARD committee.

For information related to the development of personal graduation plans for high school students, see **Personal Graduation Plans for Students Under the Foundation Graduation Program** on page 51.

## **RELEASE OF STUDENTS FROM SCHOOL**

[See **Leaving Campus** on page 60.]

## **REPORT CARDS / PROGRESS REPORTS AND CONFERENCES**

Report cards with each student’s grades or performance and absences in each class or subject are issued to parents at least once every 6 weeks.

At the end of the first three weeks of a grading period, parents will be given a written progress report if their child’s performance in any course is near or below 70, or is below the expected level of performance. If the student receives a grade lower than 70 in any class or subject at the end of a grading period, the parent will be requested to schedule a conference with the teacher of that class or subject. [See **Working Together** on page 3, for how to schedule a conference.]

Teachers follow grading guidelines that have been approved by the principal pursuant to the board-adopted policy and are designed to reflect each student’s relative mastery of each assignment for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district’s grading policy. [See policy EIA(LOCAL) and **Grading Guidelines** on page 49.]

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

## **RETALIATION**

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 28.]

## **SAFETY**

Student safety on campus and at school-related events is a high priority of the district. Although the district has implemented safety procedures, the cooperation of students is essential to ensuring school safety. A student is expected to:

- Avoid conduct that is likely to put the student or others at risk.
- Follow the behavioral standards in this handbook and the Student Code of Conduct, as well as any additional rules for behavior and safety set by the principal, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the principal any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

### **Accident Insurance**

Soon after the school year begins, parents will have the opportunity to purchase low-cost accident insurance that would help meet medical expenses in the event of injury to their child.

### **Preparedness Drills: Evacuation, Severe Weather, and Other Emergencies**

From time to time, students, teachers, and other district employees will participate in preparedness drills of emergency procedures. When the command is given or alarm is sounded, students need to follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

### **Emergency Medical Treatment and Information**

If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school may have to rely on previously provided written parental consent to obtain emergency medical treatment, and information about allergies to medications, foods, insect bites, etc. Therefore, parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the school nurse to update any information that the nurse or the teacher needs to know.

## **Emergency School-Closing Information**

Each year, parents are asked to complete an emergency release form to provide contact information in the event that school is dismissed early because of severe weather or another emergency, or if the campus must restrict access due to a security threat.

If the campus must close or restrict access to the building because of an emergency, the district will alert the community in the following ways: School call out system, the website, and Remind 101.

## **SAT, ACT, AND OTHER STANDARDIZED TESTS**

See **Standardized Testing** on page 75

## **SCHEDULE CHANGES**

See **Class Schedules** on page 23.

## **SCHOOL FACILITIES**

### **Use by Students Before and After School**

Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

The following areas are open to students before school, beginning at 7:40 a.m.

- R.N. Pierce Learning Center
- Cafeteria
- Teacher Classroom

Unless the teacher or sponsor overseeing an activity gives permission, a student will not be permitted to go to another area of the building or campus.

After dismissal of school in the afternoon, unless a student is involved in an activity under the supervision of a teacher or other authorized employee or adult, or unless students are granted permission to remain on campus in accordance with policy FNAB, students must leave campus immediately.

### **Conduct Before and After School**

Teachers and administrators have full authority over student conduct at before- or after-school activities on district premises and at school-sponsored events off district premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.

## **Use of Hallways During Class Time**

Loitering or standing in the halls during class is not permitted. During class time, a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the Student Code of Conduct.

## **Cafeteria Services**

The district participates in the School Breakfast Program and National School Lunch Program and offers students nutritionally balanced meals daily. Free and reduced-price meals are available based on financial need. Information about a student's participation is confidential. See Lyle Lackey to apply.

The district follows the federal and state guidelines regarding foods of minimal nutritional value being served or sold on school premises during the school day. [For more information, see policy CO(LEGAL).]

## **Library**

The library is a learning laboratory with books, computers, magazines, and other materials available for classroom assignments, projects, and reading or listening pleasure. The library is open for independent student use during the following times with a teacher permit:

- 7:40a.m.—4:00p.m.

## **Meetings of Noncurriculum-Related Groups**

Student-organized, student-led noncurriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL).

A list of these groups is available in the principal's office.

## **SEARCHES**

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, district officials may from time to time conduct searches. Such searches are conducted without a warrant and as permitted by law.

## **Students' Desks and Lockers**

Students' desks and lockers are school property and remain under the control and jurisdiction of the school even when assigned to an individual student.

Students are fully responsible for the security and contents of their assigned desks and lockers. Students must be certain that their lockers are locked, and that the combinations are not available to others.

Searches of desks or lockers may be conducted at any time there is reasonable cause to believe that they contain articles or materials prohibited by policy, whether or not a student is present.

The parent will be notified if any prohibited items are found in the student's desk or locker.

## **Telecommunications and Other Electronic Devices**

Use of district-owned equipment and its network systems is not private and will be monitored by the district. [See policy CQ for more information.]

Any searches of personal telecommunications or other personal electronic devices will be conducted in accordance with law, and the device may be confiscated in order to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed.

[See policy FNF(LEGAL) for more information.]

## **Vehicles on Campus**

A student has full responsibility for the security and content of his or her vehicle parked on district property and must make certain that it is locked and that the keys are not given to others. [See also the Student Code of Conduct.]

Vehicles parked on district property are under the jurisdiction of the district. School officials may search any vehicle any time there is reasonable cause to do so, with or without the permission of the student. If a vehicle subject to search is locked, the student will be asked to unlock the vehicle. If the student refuses, the student's parent will be contacted. If a search is also refused by the student's parent, the district will turn the matter over to law enforcement. The district may, in certain circumstances, contact law enforcement even if permission to search is granted.

## **Trained Dogs**

The district will use trained dogs to alert school officials to the presence of prohibited or illegal items, including drugs and alcohol. At any time, trained dogs may be used around lockers and the areas around vehicles parked on school property. Searches of classrooms, common areas, or student belongings may also be conducted by trained dogs when students are not present. An item in a classroom, a locker, or a vehicle to which a trained dog alerts may be searched by school officials.

## **Metal Detectors**

[For further information, see policy FNF(LOCAL).]

## **Drug-Testing**

### **DRUG TESTING AND EXTRACURRICULAR ACTIVITIES**

#### **Definition**

"School-sponsored extracurricular activity" means, without limitation, all interscholastic athletics, cheerleading, drill team, academic clubs, special Interest clubs, musical performances, dramatic productions, student government, school-sponsored trips, prom, and any other activity or group that participates in contests, competitions, or community service projects on behalf of or as a representative of the District.

Required Testing Extracurricular Activities	To be eligible to participate in any school-sponsored extracurricular activity, a secondary student (grades 7-12) must agree to participate in a drug-testing program that includes a mandatory test of all participants at the beginning of each semester and random testing during the school year.
Driving To School	To be eligible to drive a vehicle to school and park on school-approved parking lots, a student and the student's parent must agree to participate in the drug-testing program.
Use of Results	The results of any drug test administered under this policy shall be used only to determine eligibility for participation in school-sponsored extracurricular activities or to drive to school and park on school-approved parking lots.
Confidentiality	Results shall be kept confidential and disclosed only to the student, his/her parent or guardian, and school officials designated by the Superintendent. Results shall not be placed in student records. Students shall not be penalized in any other way. No actions shall be taken by the school against the student other than suspension from participation in extracurricular activities or driving and parking privileges.
Prohibited Conduct	Student participants in school-sponsored extracurricular activities shall not at any time during the school year use, possess, sell, distribute, or be under the influence of any illegal drug, anabolic steroid, or alcohol.
Consent Form	Student participants shall be required to sign a consent form agreeing to participate in the drug-testing program. The consent form must also be signed by the student's parent or guardian before the beginning of the school year, semester, or specific activity, e.g., casting and production of a dramatic presentation. Consent forms are valid for the current school year only and shall be renewed annually in order for the student to continue participating in school-sponsored extracurricular activities or drive to school and park on school-approved parking lots.
Testing Procedure	<p data-bbox="493 1283 1430 1434">If the student participant or his/her parent or guardian declines to sign the consent form, the student shall not be permitted to participate in school-sponsored extracurricular activities or drive to school and park on school-approved parking lots.</p> <p data-bbox="493 1451 1458 1633">A licensed medical facility or third party administrator selected by the Superintendent and approved by the Board shall conduct all testing for the presence of drugs in student urine samples. The Superintendent shall be the program manager who will administer the program with the selected drug-testing provider.</p> <p data-bbox="493 1671 1511 1852">Substances specifically tested for will include substances that are illegal to buy, possess, use, sell, or distribute under state or federal law, including prescription drugs and alcohol. These substances include marijuana, cocaine, methaqualone, benzodiazepines, phencyclidine (PCP), methadone, barbiturates, propoxyphene, amphetamines, opiates, and metabolites of any of these substances; and</p>

performance-enhancing substances.

Samples shall be taken under conditions that are no more intrusive to students than the conditions experienced in a public restroom. The Superintendent, in cooperation with the selected drug-testing provider, shall develop administrative regulations for collection and testing.

Any student who refuses to be tested during a semester or who tampers with, or assists others in tampering with any sample shall be removed from extracurricular activities.

#### Initial Tests

All students desiring to participate in school-sponsored extracurricular activities or drive to school and park in school-approved parking lots shall be tested at the beginning of the school year, semester, or specific activity. Testing shall occur at a time, place, and date scheduled by the principal in cooperation with the testing agency, and without prior announcement.

#### Random Tests

Random tests shall be conducted from time to time during the school year or semester. Students shall be assigned numbers running consecutively. A record of the numbers and the students to whom they are assigned shall be maintained under confidential conditions in the principal's office.

The testing company, using random selection methods, shall generate a list of numbers for each testing date. Students shall not be notified in advance of any drug test. When selected for testing, students shall be escorted to the school's testing site by a school employee and shall remain under employee supervision until a sample is provided, not to exceed 2.5 hours. Failure to produce a specimen shall be treated as a positive test result. If a student is in school and fails to report for testing at the appointed time, he or she shall be removed from the extracurricular activity.

#### Positive Test Results

All positive results must be confirmed by a second, more definitive test before being reported as positive. When there is a confirmed positive test result, the following steps shall be taken:

1. The school official to whom results are reported shall notify the principal.
2. The principal shall notify the student's parent or guardian, the student, and the sponsor or coach of the affected activity. The principal shall inform parents of the opportunity to respond to a positive test. The principal shall schedule a meeting with the parent or guardian and the student to develop a plan of assistance for the student.
3. At the meeting, the principal shall give the student and parent a copy of the test results. The parents shall have an opportunity to provide the Medical Review Officer with information about any medications that could affect the test result. Parents may also request a retest of the

original specimen to confirm the results, but the retest shall be at the parent's expense. A request to retest must be made in writing within 48 hours of the meeting with the principal, and payment for the retest must be included with the request.

4. The coach or sponsor of the activity shall be notified after the meeting with parents and results are confirmed.

Sanctions

[See FNF Local].

Appeal

An appeal of the sanction may be instituted by the parent by giving written notice to the Superintendent within five business days. The student shall be ineligible for participation pending the appeal. Using the procedures in FNG(LOCAL) for a Level Three presentation, the Board shall determine whether the sanction was justified.

Effect of Discipline Policy

Nothing in this policy limits or prohibits the application of Board policy providing for disciplinary action for students using, being under the influence of, in possession of, or distributing illegal drugs or alcohol on school property or at school events in accordance with the *Student Code of Conduct*.

[For further information, see policy FNF(LOCAL). Also see **Steroids** on page 76.]

## **SEXUAL HARASSMENT**

[See **Dating Violence, Discrimination, Harassment, and Retaliation** on page 28.]

## **SPECIAL PROGRAMS**

The district provides special programs for gifted and talented students, homeless students, bilingual students, migrant students, students with limited English proficiency, dyslexic students, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations. A student or parent with questions about these programs should contact Darla Harrison at 806-237-2991.

## **STANDARDIZED TESTING**

### **SAT/ACT (Scholastic Aptitude Test and American College Test)**

Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. Students are encouraged to talk with the school counselor early during their junior year to determine the appropriate exam to take; these exams are usually taken at the end of the junior year. The Preliminary SAT (PSAT) and ACT-Plan are the corresponding preparatory and readiness assessments for the SAT and ACT, and more information can be obtained on these assessments from the school counselor.

Note that participation in these assessments may qualify a student to receive a performance acknowledgment on his or her diploma and transcript under the foundation graduation program and may qualify as a substitute for an end-of-course testing requirement in certain circumstances.

## **STAAR (State of Texas Assessments of Academic Readiness)**

### ***Grades 3–8***

In addition to routine tests and other measures of achievement, students at certain grade levels will take state-mandated assessments, such as the STAAR, in the following subjects:

- Mathematics, annually in grades 3–8
- Reading, annually in grades 3–8
- Writing, including spelling and grammar, in grades 4 and 7
- Science in grades 5 and 8
- Social Studies in grade 8

Successful performance on the reading and math assessments in grades 5 and 8 is required by law, unless the student is enrolled in a reading or math course intended for students above the student's current grade level, in order for the student to be promoted to the next grade level. See **Promotion and Retention** on page 65 for additional information.

STAAR Alternate, for students receiving special education services who meet certain state-established criteria, will be available for eligible students, as determined by the student's ARD committee.

STAAR Alternate 2, for students receiving special education services who meet certain state established criteria, will be available for eligible students, as determined by the student's ARD committee.

STAAR-L is a linguistically accommodated assessment that is available for certain limited English proficient (LEP) students, as determined by the student's Language Proficiency Assessment Committee (LPAC). A Spanish version of STAAR is also available to students through grade 5 who need this accommodation.

### **End-of-Course (EOC) Assessments for Students in Grades 9–12**

STAAR end-of-course (EOC) assessments are administered for the following courses:

- Algebra I
- English I and English II,
- Biology
- United States History

Satisfactory performance on the applicable assessments will be required for graduation, unless otherwise waived or substituted as allowed by state law and rules.

There are three testing windows during the year in which a student may take an EOC assessment, which will occur during the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have additional opportunities to retake the assessment.

STAAR Alternate, for students receiving special education services who meet certain criteria established by the state, will be available for eligible students, as determined by the student's ARD committee.

STAAR Alternate 2, for students receiving special education services who meet certain criteria established by the state, will be available for eligible students, as determined by the student's ARD committee.

A student's ARD committee will determine whether successful performance on the EOC assessments will be required for graduation within the parameters identified in state rules and the student's personal graduation plan.

STAAR-L, which is a linguistically accommodated assessment, will be available for students who have been determined to be limited English proficient (LEP) and who require this type of testing accommodation.

Also see **Graduation** on page 49 for additional information.

## **TSI (Texas Success Initiative) Assessment**

Prior to enrollment in a Texas public college or university, most students must take a standardized test called the Texas Success Initiative (TSI) assessment. The purpose of the TSI assessment is to assess the reading, mathematics, and writing skills that entering freshmen-level students should have if they are to perform effectively in undergraduate certificate or degree programs in Texas public colleges and universities. This assessment may be required before a student enrolls in a dual-credit course offered through the district as well. Achieving certain benchmark scores on this assessment for college readiness may also waive certain end-of-course assessment requirements in limited circumstances.

## **STERIODS**

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe use.

Body building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

Students participating in UIL athletic competition may be subject to random steroid testing. More information on the UIL testing program may be found on the UIL Web site at <http://www.uil texas.org/health/steroid-information>.

## **STUDENTS IN FOSTER CARE**

In an effort to provide educational stability, the district strives to assist any student who is currently placed or newly placed in foster care (temporary or permanent custody of the state) with the enrollment and registration process, as well as other educational services throughout the student's enrollment in the district.

A student who is placed in foster care and who is moved outside of the district's attendance boundaries is entitled to continue in enrollment at the school he or she was attending prior to the placement until the student reaches the highest grade level at the particular school. In addition, if a student in grade 11 or 12 is transferred to another district and does not meet the graduation requirements of the transferring district, the student can request to receive a diploma from the previous district if he or she meets the criteria to graduate from the previous district.

Please contact Lyle Lackey, who has been designated as the district's foster care liaison, at 806-237-2991 with any questions.

## **STUDENT SPEAKERS**

The district provides students the opportunity to introduce the following school events: Graduation. If a student meets the eligibility criteria and wishes to introduce one of the school events listed above, the student should submit his or her name in accordance with policy FNA(LOCAL).

[See policy FNA(LOCAL) regarding other speaking opportunities and **Graduation** on page 49 for information related to student speech at graduation ceremonies.]

## **SUBSTANCE ABUSE PREVENTION AND INTERVENTION**

If you are worried that your child may be using or is in danger of experimenting, using, or abusing illegal drugs or other prohibited substances, please contact the school counselor. The school counselor can provide you with a list of community resources that may be of assistance to you. The TDSHS maintains information regarding children's mental health and substance abuse intervention services on its website: <http://www.dshs.state.tx.us/mhsa-child-adolescent-services/>.

## **SUICIDE AWARENESS**

The district is committed to partnering with parents to support the healthy mental, emotional, and behavioral development of its students. If you are concerned about your child, please access <http://www.texassuicideprevention.org> or contact the school counselor for more information related to suicide prevention services available in your area.

## **SUMMER SCHOOL**

Any student who does not pass the STAAR/EOC exam could be required to attend summer school remediation. The principal will determine if there is a need for summer school.

## **TARDINESS**

A student who is tardy to class will be disciplined as follows:

- First tardy a warning is given. Student must sign notebook in office
- Second tardy a lunch detention is given. Student must sign notebook in office.
- Third tardy after school detention is given for 1 hour. Student must sign notebook in office.
- Four or more tardies in a six weeks a student will go to Saturday School. If the student skips Saturday school the student will be given a minimum of 5 days of ISS.
- This is based on each six weeks grading period.

## **TEXTBOOKS, ELECTRONIC TEXTBOOKS, TECHNOLOGICAL EQUIPMENT, AND OTHER INSTRUCTIONAL MATERIALS**

Textbooks and other district-approved instructional materials are provided to students free of charge for each subject or class. Any books must be covered by the student, as directed by the teacher, and treated with care. Electronic textbooks and technological equipment may also be provided to students, depending on the course and course objectives. A student who is issued a damaged item should report the damage to the teacher. Any student failing to return an item in acceptable condition loses the right to free textbooks and technological equipment until the item is returned or the damage paid for by the parent; however, the student will be provided the necessary instructional resources and equipment for use at school during the school day.

## **TRANSFERS**

The principal is authorized to transfer a student from one classroom to another.

[See **School Safety Transfers**, on page 9, **Bullying**, on page 21, and **Providing Assistance to Students Who Have Learning Difficulties or Who Need or May Need Special Education Services**, on page 10, for other transfer options.]

## **TRANSPORTATION**

### **School-Sponsored Trips**

Students who participate in school-sponsored trips are required to use transportation provided by the school to and from the event. As approved by the principal, a coach or sponsor of an extracurricular activity may establish procedures related to making an exception to this requirement when a parent requests that the student be released to the parent or to another adult designated by the parent.

### **Buses and Other School Vehicles**

The district makes school bus transportation available to all students living two or more miles from school. This service is provided at no cost to students.

Bus routes and stops will be designated annually, and any subsequent changes will be posted at the school and on the district's website. For the safety of the operator of the vehicle and all passengers, students must board buses or other vehicles only at authorized stops, and drivers must unload passengers only at authorized stops.

A parent may also designate a child-care facility or grandparent's residence as the regular pickup and drop-off location for his or her child. The designated facility or residence must be on an approved stop on an approved route. For information on bus routes and stops or to designate an alternate pickup or drop-off location, you may contact the schools office at 806-237-2991.

See the Student Code of Conduct for provisions regarding transportation to the DAEP.

Students are expected to assist district staff in ensuring that buses and other district vehicles remain in good condition and that transportation is provided safely. When riding in district vehicles, including buses, students are held to behavioral standards established in this handbook and the Student Code of Conduct. Students must:

- Follow the driver's directions at all times.
- Enter and leave the vehicle in an orderly manner at the designated stop.
- Keep feet, books, instrument cases, and other objects out of the aisle.
- Not deface the vehicle or its equipment.
- Not put head, hands, arms, or legs out of the window, hold any object out of the window, or throw objects within or out of the vehicle.
- Not possess or use any form of tobacco on any district vehicle.
- Observe all usual classroom rules.
- Be seated while the vehicle is moving.
- Fasten their seat belts, if available.
- Wait for the driver's signal upon leaving the vehicle and before crossing in front of the vehicle.
- Follow any other rules established by the operator of the vehicle.

Misconduct will be punished in accordance with the Student Code of Conduct; the privilege to ride in a district vehicle, including a school bus, may be suspended or revoked.

## **VANDALISM**

The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—both this year and for years to come—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.

## **VIDEO CAMERAS**

For safety purposes, video and audio recording equipment is used to monitor student behavior, including on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the video and audio recordings routinely and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

## **VISITORS TO THE SCHOOL**

### **General Visitors**

Parents and others are welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the main office and must comply with all applicable district policies and procedures. When arriving on campus, all parents and other visitors should be prepared to show identification.

Visits to individual classrooms during instructional time are permitted only with approval of the principal and teacher and only so long as their duration or frequency does not interfere with the delivery of instruction or disrupt the normal school environment. Even if the visit is approved prior to the visitor's arrival, the individual must check in at the main office first.

All visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted.

### **Visitors Participating in Special Programs for Students**

On High School Career Day, if offered, the district invites representatives from colleges and universities and other higher education institutions, prospective employers, and military recruiters to present information to interested students.

## **VOLUNTEERS**

We appreciate so much the efforts of parent and grandparent volunteers that are willing to serve our district and students. If you are interested in volunteering, please contact Lyle Lackey at 806-237-2991 for more information and to complete an application.

## **VOTER REGISTRATION**

A student who is eligible to vote in any local, state, or federal election may obtain a voter registration application at the main campus office.

## **WITHDRAWING FROM SCHOOL**

A student under 18 may be withdrawn from school only by a parent. The school requests notice from the parent at least three days in advance so that records and documents may be prepared. The parent may obtain a withdrawal form from the principal's office.

On the student's last day, the withdrawal form must be presented to each teacher for current grade averages and book and equipment clearance; to the librarian to ensure a clear library record; to the clinic for health records; to the counselor for the last report card and course

clearance; and finally, to the principal. A copy of the withdrawal form will be given to the student, and a copy will be placed in the student's permanent record.

A student who is 18 or older, who is married, or who has been declared by a court to be an emancipated minor may withdraw without parental signature.

## Glossary

**Accelerated instruction** is an intensive supplemental program designed to address the needs of an individual student in acquiring the knowledge and skills required at his or her grade level and/or as a result of a student not meeting the passing standard on a state-mandated assessment.

**ACT-Aspire** refers to an assessment that took the place of ACT-Plan and is designed as a preparatory and readiness assessment for the ACT. This is usually taken by students in grade 10.

**ACT** refers to one of the two most frequently used college or university admissions exams: the American College Test. The test may be a requirement for admission to certain colleges or universities.

**ARD** is the admission, review, and dismissal committee convened for each student who is identified as needing a full and individual evaluation for special education services. The eligible student and his or her parents are members of the committee.

**Attendance review committee** is responsible for reviewing a student's absences when the student's attendance drops below 90 percent, or in some cases 75 percent, of the days the class is offered. Under guidelines adopted by the board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit lost because of absences.

**DAEP** stands for disciplinary alternative education program, a placement for students who have violated certain provisions of the Student Code of Conduct.

**EOC assessments** are end-of-course tests, which are state-mandated, and are part of the STAAR program. Successful performance on EOC assessments will be required for graduation beginning with students in grade 9 during the 2011–2012 school year. These exams will be given in English I, English II, English III, Algebra I, Geometry, Algebra II, Biology, Chemistry, Physics, World Geography, World History, and United States History.

**FERPA** refers to the federal Family Educational Rights and Privacy Act that grants specific privacy protections to student records. The law contains certain exceptions, such as for directory information, unless a student's parent or a student 18 or older directs the school not to release directory information.

**IEP** is the written record of the individualized education program prepared by the ARD committee for a student with disabilities who is eligible for special education services. The IEP contains several parts, such as a statement of the student's present educational performance; a statement of measurable annual goals, with short-term objectives; the special education and related services and supplemental aids and services to be provided, and program modifications or support by school personnel; a statement regarding how the student's progress will be measured and how the parents will be kept informed; accommodations for state or districtwide tests; whether successful completion of state-mandated assessments is required for graduation, etc.

**ISS** refers to in-school suspension, a disciplinary technique for misconduct found in the Student Code of Conduct. Although different from out-of-school suspension and placement in a DAEP, ISS removes the student from the regular classroom.

**NCLB Act** is the federal No Child Left Behind Act of 2001.

**PGP** stands for Personal Graduation Plan, which is recommended for all students entering grade 9 and is required by state law for any student in middle school or higher who fails a section on a state-mandated test or is identified by the district as not likely to earn a high school diploma before the fifth school year after he or she begins grade 9.

**PSAT** is the preparatory and readiness assessment for the SAT.

**SAT** refers to one of the two most frequently used college or university admissions exams: the Scholastic Aptitude Test. The test may be a requirement for admissions to certain colleges or universities.

**SHAC** stands for School Health Advisory Council, a group of at least five members, a majority of whom must be parents, appointed by the school board to assist the district in ensuring that local community values and health issues are reflected in the district's health education instruction.

**Section 504** is the federal law that prohibits discrimination against a student with a disability, requiring schools to provide opportunities for equal services, programs, and participation in activities. Unless the student is determined to be eligible for special education services under the Individuals with Disabilities Education Act (IDEA), general education with appropriate instructional accommodations will be provided.

**STAAR** is the State of Texas Assessments of Academic Readiness, the state's system of standardized academic achievement assessments, effective beginning with certain students for the 2011–2012 school year.

**STAAR Alternate** is an alternative state-mandated assessment designed for students with severe cognitive disabilities receiving special education services who meet the participation requirements, as determined by the student's ARD committee.

**STAAR Linguistically Accommodated (STAAR L)** is an alternative state-mandated assessment with linguistic accommodations designed for certain recent immigrant English language learners.

**State-mandated assessments** are required of students at certain grade levels and in specified subjects. Successful performance sometimes is a condition of promotion, and passing the STAAR EOC assessments is a condition of graduation. Students have multiple opportunities to take the tests if necessary for promotion or graduation.

**Student Code of Conduct** is developed with the advice of the district-level committee and adopted by the board and identifies the circumstances, consistent with law, when a student may be removed from the classroom or campus. It also sets out the conditions that authorize or require the principal or another administrator to place the student in a DAEP. It outlines conditions for out-of-school suspension and for expulsion. The Student Code of Conduct also addresses notice to the parent regarding a student's violation of one of its provisions.

**TELPAS** stands for the Texas English Language Proficiency Assessment System, which assesses the progress that English language learners make in learning the English language, and is administered for those who meet the participation requirements in kindergarten–grade 12.

**TSI assessment** is the Texas Success Initiative assessment designed to measure the reading, mathematics, and writing skills that entering college-level freshmen students should have if they are to be successful in undergraduate programs in Texas public colleges and universities.

**TxVSN** is the Texas Virtual School Network, which provides online courses for Texas students to supplement the instructional programs of public school districts. Courses are taught by qualified instructors, and courses are equivalent in rigor and scope to a course taught in a traditional classroom setting.

**UIL** refers to the University Interscholastic League, the statewide voluntary nonprofit organization that oversees educational extracurricular academic, athletic, and music contests.

## APPENDIX I: Freedom From Bullying Policy

Note that school board policies may be revised at any time. For legal context and the most current copy of the local policy, visit <http://pol.tasb.org/Policy/Search/765?filter=bullying>. Below is the text of Jayton-Girard’s policy FFI(LOCAL) as of the date that this Handbook was finalized for this school year.

STUDENT WELFARE: FREEDOM FROM BULLYING

FFI(LOCAL)

Adopted on 2/19/12

---

<b>Note:</b>	This policy addresses bullying of District students. For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.
--------------	---

---

BULLYING PROHIBITED	The District prohibits bullying as defined by this policy. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.
DEFINITION	<p>Bullying occurs when a student or group of students engages in written or verbal expression, expression through electronic means, or physical conduct that occurs on school property, at a school-sponsored or school-related activity, or in a vehicle operated by the District and that:</p> <ol style="list-style-type: none"> <li>1. Has the effect or will have the effect of physically harming a student, damaging a student’s property, or placing a student in reasonable fear of harm to the student’s person or of damage to the student’s property; or</li> <li>2. Is sufficiently severe, persistent, and pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student.</li> </ol> <p>This conduct is considered bullying if it:</p> <ol style="list-style-type: none"> <li>1. Exploits an imbalance of power between the student perpetrator and the student victim through written or verbal expression or physical conduct; and</li> <li>2. Interferes with a student’s education or substantially disrupts the operation of a school.</li> </ol>
EXAMPLES	Bullying of a student may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.

RETALIATION	The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.
EXAMPLES	Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.
FALSE CLAIM	A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.
TIMELY REPORTING	Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District's ability to investigate and address the prohibited conduct.
REPORTING PROCEDURES	To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, counselor, principal, or other District employee.
STUDENT REPORT	
EMPLOYEE REPORT	Any District employee who suspects or receives notice that a student or group of students has or may have experienced bullying shall immediately notify the principal or designee.
REPORT FORMAT	A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.
PROHIBITED CONDUCT	The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.
INVESTIGATION OF REPORT	The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate.
CONCLUDING THE INVESTIGATION	Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investigation.
	The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether

	bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superintendent or designee.
NOTICE TO PARENTS	If an incident of bullying is confirmed, the principal or designee shall promptly notify the parents of the victim and of the student who engaged in bullying.
DISTRICT ACTION BULLYING	If the results of an investigation indicate that bullying occurred, the District shall promptly respond by taking appropriate disciplinary action in accordance with the District's Student Code of Conduct and may take corrective action reasonably calculated to address the conduct.
DISCIPLINE	A student who is a victim of bullying and who used reasonable self-defense in response to the bullying shall not be subject to disciplinary action.  The discipline of a student with a disability is subject to applicable state and federal law in addition to the Student Code of Conduct.
CORRECTIVE ACTION	Examples of corrective action may include a training program for the individuals involved in the complaint, a comprehensive education program for the school community, follow-up inquiries to determine if any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where bullying has occurred, and reaffirming the District's policy against bullying.
TRANSFERS	The principal or designee shall refer to FDB for transfer provisions.
COUNSELING	The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.
IMPROPER CONDUCT	If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may take action in accordance with the Student Code of Conduct or any other appropriate corrective action.
CONFIDENTIALITY	To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.
APPEAL	A student who is dissatisfied with the outcome of the investigation may appeal through FNG(LOCAL), beginning at the appropriate level.
RECORDS RETENTION	Retention of records shall be in accordance with CPC(LOCAL).
ACCESS TO POLICY AND PROCEDURES	This policy and any accompanying procedures shall be distributed annually in the employee and student handbooks. Copies of the

policy and procedures shall be posted on the District's Web site, to the extent practicable, and shall be readily available at each campus and the District's administrative offices.
