John Coviello
Principal

May 22, 2019

Dear Parents/Guardians,

MRHS implemented a full one to one (1:1) Chromebook initiative for the 2018-2019 school year. Thanks to your help and support, this initiative could not have gone smoother! We appreciate your investment in the education of your child and for believing in the project. Every child now has access to a state of the art Chromebook twenty-four hours per day, seven days per week, at school and at home. That is an achievement not to be taken lightly. We will be collecting all Chromebooks and chargers at the conclusion of final exams at the end of the school year.

Chromebook and charger collection will begin on Friday, June 14th and will be completed by Wednesday, June 19th. All students will turn in their Chromebook following their last final exam. **If a graduating senior has his/her last final exam before June 14th they must bring their Chromebook and Charger to the Chrome Depot when they finish testing.** All students will exit out of either the Main Entrance or the Gymnasium vestibule during collection days.

While we do not anticipate any issues with returns please be advised of the following sanctions in the event a Chromebook and/or its charger is not returned before June 20, 2019:

- Realtime portal and school accounts will be deactivated.
- The Chromebook itself will also be deactivated remotely.
- Your child's access to his/her report card and schedule for the 2019-2020 school year will be denied.
- Failure to return the charger will also result in a \$20 fine.
- Graduating seniors who do not return their Chromebook and charger will be fined \$270 in total (covers the replacement cost of the computer and the charger) have their RealTime and student accounts deactivated, and will have their diploma and transcripts held from release to any requesting organization/institution.**

If you have any questions, or need to make special arrangements to return your child's Chromebook/charger, please feel free to reach out to me directly.

Thank you for your time.

Sincerely,

John Coviello
