Re: 2018-2019 District Assessment Memo

The New Jersey Department of Education, in 2017, required all LEAs (Local Education Agencies) to report out to parents the district's assessment calendar. Attached please find the 2018-2019 Carteret Public School District's Assessment Calendar. The district is committed to meeting the educational needs of all of our students, and local and state assessment data is essential to identifying the strengths and weaknesses of each student, which enables the district to differentiate instruction.

The schedule is subject to change throughout the year, and you are encouraged to check the school website, www.carteretschools.org, for the most current assessment schedule.

If you have any questions or concerns, please contact your child's principal.
