National Slavery and Human Trafficking Prevention Month

What is Human Trafficking?

Human trafficking is modern-day slavery and involves the use of force, fraud, or coercion to obtain some type of labor or commercial sex act. Every year, millions of men, women, and children are trafficked in countries around the world, including the United States. It is estimated that human trafficking generates many billions of dollars of profit per year. Human trafficking is a hidden crime as victims rarely come forward to seek help because of language barriers, fear of the traffickers, and/or fear of law enforcement.

Immigration Assistance for Non-U.S. Citizen Victims

Many non-U.S. citizen victims do not have legal status in the United States, which is a reason victims may not come forward. Traffickers also use victims' lack of legal status to exploit and control them. DHS provides three types of immigration relief in order to encourage victims to come forward and work with law enforcement: Continued Presence (CP), T Visas, and U Visas.
