HS Test Out Request

This form must be turned in by the last day of the current school year. Students may only request to test out of required, core subject classes (English, Math, Science, & History)

Demonstration of mastery of course material may be determined by a minimum score alone on the final exam (at least a 78%) **or** by a combination of the exam score and other requirements (such as a paper, project, or presentation).

Students may request a course outline/syllabus from the subject teacher to guide students in preparing for the test.

The School Counselor will contact the student 2 weeks prior to the start of the school year to schedule a testing date/time.

If students wish to test out of both the 1st and 2nd semester sections of a course (ex: English 10 A & English 10 B), these tests will be administered on different days.

Student: _____

Grade: _____ Graduation Year: _____

Course Testing Out of: _____

Subject Content Area: _____
