

GREENE COUNTY SCHOOLS
TEACHER EFFECT DATA PROCEDURE

1. Teachers shall be provided access to their own individual teacher effect data through the TVAAS and TNCompass restricted state websites and shall be notified via email when TVAAS information is available.
2. Teacher login credentials shall be managed by each school administration.
3. School administrators and other district administrators shall have access to teacher effect data for teachers under their supervision and can assist individual teachers with access as needed.
4. TVAAS and TNCompass login credentials and administrative rights for administrators shall be managed by the district data supervisor and the district TEAM coordinator.
5. Teacher effect data for any teacher shall, upon request, be made available to school board members by the district data supervisor or the district TEAM coordinator.
