More than 400 campuses earn all possible distinctions in 2018 accountability ratings

AUSTIN – Commissioner of Education Mike Morath announced today that more than 400 campuses that achieved a *Met Standard* rating in the 2018 state accountability system also earned all distinction designations applicable to their individual school.

Up to seven distinction designations can be earned for: Academic Achievement in English Language Arts/Reading; Academic Achievement in Mathematics; Academic Achievement in Science; Academic Achievement in Social Studies; Top 25 Percent: Comparative Academic Growth; Top 25 Percent: Comparative Closing the Gaps; and Postsecondary Readiness.

“Earning one or several campus-level distinctions is notable and should be applauded by a community as an outstanding achievement,” said Commissioner Morath. “For a school to earn every potential distinction applicable to their campus is difficult, but a reflection of some truly amazing work by our educators.”

On Aug. 15, the Texas Education Agency (TEA) released the 2018 accountability ratings for school districts, charters and campuses statewide. Commissioner Morath encouraged parents to visit TXschools.org to view online report cards designed to be useful tools in seeing how a school or school district is doing in different areas. The report cards spotlight specific strengths, in addition to any challenges, that can assure the needs of all students are being met. Parents can search by district or school name and compare that district’s or school’s performance to others in their area.

Campuses (listed alphabetically by school district or charter) that earned all possible distinctions applicable to that school in 2018 are as follows:
