January 2019 School Board Recognition Month
Planting Seeds of Success

At Robstown ISD, we are celebrating School Board Recognition Month throughout the month of January. In Texas, more than 5.3 million students rely on public schools to help them prepare for the future. They count on the adults in this state to ensure that schools are available, qualified teachers are in place, buildings are safe, and resources are provided. It's a big job to plant the seeds of success in that many students.

It's a big job and a critically important one. Fortunately, in our community we have great examples of adults who have already stepped up to make sure that local schools are ready for the inquiring minds of today's students.

School Board Trustees are volunteers who donate hours of their time each month to keep the commitment to today's students. Trustees are public servants who generously work to benefit the youngest members of our community.

Take a moment to recognize your local trustees. Take a moment to honor the work they are doing to plant seeds of success in the students in your community. Take a moment to say thank you for the work school board members are doing on your behalf.
