In order to view and save your new Digital ID card, please use your phone or any internet connected device and go to the following link: <http://bit.ly/titanid>

You can also use the camera app on your phone to scan the QR code to go directly to the site:

Once on the site, enter your student ID#. Your photos and student ID will appear. Please click on your ID design to enlarge it, and then screenshot it to save it to your phone. Our suggestion is to use the favorites feature to keep the photo easily accessible. Another suggestion would be to set the ID design as the background on your phone.

If you login and do not find your ID design, please send an email to: [info@cherishedmemoriesphotography.com](mailto:info@cherishedmemoriesphotography.com) Please be sure to include your name, grade and student ID number so we can trouble shoot it immediately for you.

You can also use this link and site to view your yearbook photo and place an order if you wish to do so.

Thank you!
