

April 30th @ 7pm in the MPR

Please join us for a **Best of the West** college info session and mini college fair.

ALL GRADES/PARENTS WELCOME TO ATTEND

You will hear from representatives from select PAC-12 institutions, located outside the state of California, about the fantastic opportunities available to our students offered by these universities. Attendees will learn about specific admission processes, scholarships, and overall updates about what makes each institution similar, and different, in certain areas, then end with a mini college fair so students and families can ask questions to be better informed before embarking on the college search. This is an **exceptional opportunity** for ALL GRADES to attend... most especially the Classes of 2020 and 2021!! Hope to see you then!
