

Two Bits to Touchdowns

UNDER THE LIGHTS

Cahill Field Renovation for Magnolia Heights School

Since its establishment, Magnolia Heights School has been committed to developing its students academically, mentally, physically, and spiritually. Consistent growth and a solid reputation have brought MHS to where it is today.

As we look to the future, we seek to improve our athletic facilities to provide for the needs of our student athletes, as well as for the parents and fans of both Magnolia Heights and visiting teams. The improvements outlined are new football field lighting, an updated football scoreboard, and relocated speaker system. The MHS Board of Directors has approved this campaign to raise the funds necessary to make the needed improvements. To accomplish our goals, we must raise \$200,000.

Football Field Lighting Improvements	\$178,500.00
--------------------------------------	--------------

Includes new state of the art Musco lights and poles
Installing new underground wiring and new main service wires

Sound and Scoreboard	\$1,500
----------------------	---------

Updated and relocated for acoustical balance

Scoreboard	\$20,000
------------	----------

This updated scoreboard will provide spaces for four title sponsors and six additional sponsors. The scoreboard would be paid for by sponsorships from area businesses with a three to five year commitment.

FULLY FUNDED!

We hope that you share our dedication to MHS athletics, and we ask you to prayerfully consider a gift to Magnolia Heights School.
