REIMBURSEMENT FOR TRANSPORTATION

Students who live in towns that reimburse and are within a 20 mile radius receive the reimbursement regardless of the type of transportation they utilize: private cars, private bus company, public bus, etc. In order to receive this reimbursement from your town, parents must fill out a **B6T Transportation Form**. ICBS then forwards the B6T forms to each town. In January and June reimbursements are paid to the parents from their respective towns. Parents of current students complete the B6T forms with the re-registration forms. Parents of incoming freshmen or students transferring into ICBS complete the B6T forms at registration.
