

VHS MSA 8th Grade

JUMP Course

2018-2019

WHAT IS MSA?

The **Medical Science Academy** is a four-year program at Valencia High School that provides career-based classes and hands-on practice to students interested in the medical field. The program is divided into a Sports Medicine and Emergency Medicine career pathway. Our goal is to prepare the Academy students for college and their future careers. Students involved are taught leadership and communication skills as well as work-based skills that they practice throughout the year.

For more information, you can look at our website [HERE](#)

WHAT IS THE JUMP COURSE?

JUMP, Junior Upcoming Medical Professionals, is a program where students explore and learn about different careers in the medical field. Throughout the program, students will also gain knowledge about the Medical Science Academy at Valencia High School and learn about different medical pathways such as Emergency Medicine and Sports Medicine. Guest speakers will come in to talk about their career, giving students an idea of what it is like to work in the medical field. By going through this program, students will gain knowledge about the variety of different medical careers that they could pursue. In addition, students will be able to learn about various practical skills such as ankle wrapping as well as different ways to treat a patient. By the end of the program, they will know how to perform skills such as splinting, dealing with puncture wounds, and hands only CPR.

SCHEDULE

The class will take place once a week from 2:15-3:30 PM after school on Tuesdays.

The schedule will be determined once we gather all applications.

HOW TO JOIN

Application due date: **October 19th.**
