Section I – Employee Workplace

Accidents and Emergencies

All employees share in the responsibility of maintaining a safe working environment. Each employee should report safety concerns to their supervisor so corrective action may be taken. In the event of a workplace accident, employees must report the injury to their supervisor immediately and complete all necessary paperwork as required.

Alcohol and Controlled Substance Testing

The health and well-being of the students and employees depend on the unimpaired judgment, physical dexterity, reflex action, and unimpaired senses of sight and hearing of employees engaged in safety sensitive functions. The goal of this Board and school system is, therefore to provide our employees and students with an environment which promotes health and safety. This Board will not tolerate unauthorized use, abuse, possession or sale of alcohol or controlled substances by its employees. Additionally, we will provide information on other assistance available to our employees to help them understand their responsibilities in achieving an alcohol and controlled substances free environment. Non-compliance with this policy or violation of the regulations may result in severe disciplinary action including suspension or dismissal. **Reference Policy: GAMA – Drug Free Workplace**

Americans with Disabilities Act (ADA)

The Bartow County Board of Education will not discriminate against any qualified employee because of a disability. Employees must be able to perform the essential duties of the job. Reasonable accommodations for qualified individuals with a disability will be provided, as defined by ADA guidelines.

Attendance

For an organization to achieve its desired goals, good attendance and punctuality are necessary. Therefore, regular and prompt attendance is expected and required of all employees. Employees who will be late or absent should notify their supervisor as soon as possible so a replacement, if applicable, may be obtained for their time out. Employees are responsible for reporting their absence to the principal/assistant principal or his/her designee **BEFORE 7:00 AM** and certified staff must utilize the approved substitute teacher list to cover their duties during said absence.

Employees may not leave their work locations prior to the end of the work day without the specific permission of their supervisor. This includes all field trips. Unapproved employee absences which are for three consecutive days or more may result in termination for job abandonment. Sign in/sign out procedures must be followed at each job site. Attendance records are subject to review always. A doctor's note may be requested by the supervisor at any time and for any reason for sick leave absences. **Reference Policy: GARH – Employee Leave and Absences**

Communicable Diseases

The health and safety of employees in the Bartow County School System are tantamount to providing a quality education program. The Board of Education recognizes its responsibility to protect the health of its employees as well as to uphold their individual rights. While regular work attendance is emphasized, the Board of Education encourages employees who have contagious diseases to remain out of work until such time the disease is no longer readily communicable. The decision to require the removal of an employee and the decision of the Board of Education requires a written medical statement under several provisions to award applicable leave as well as continued employment if a disease is defined in this category and poses a health risk to the employee and those he/she may come into contact with. **Reference Policy: GANA – Infectious Diseases**

Complaints and Grievances

The Board of Education sets forth policy for personnel to have a right to present and resolve complaints relating to certain matters affecting the employment relationship at the lowest organizational level possible. The Board of Education encourages all employees to resolve their complaints informally in a spirit of collegiality where possible. Policy and procedure are available where such efforts fail or, where for any other reason, the certificated employee desires to pursue this procedure. **Reference Policy: GAE – Complaints and Grievances**

Drug Free Workplace/Drug Testing Policy

Pre-employment Drug Testing

It is the policy of the Bartow County School System, consistent with its obligations under state and federal law to establish and maintain drug-free schools and workplaces, to require applicants for covered positions to consent to a pre-employment, post-offer, drug test. See page 17 for the *Consent for Pre-Employment Drug and Substance Screening Form*

Securing a drug-free environment is vital to the district's duty to comply with legal mandates and its obligation to promote the health, welfare, safety, and education of students and employees. Because district employees render services to students, serve as role models for students, act as enforcers of student drug policies, and constitute potential sources of illegal drugs for students, the district has a compelling interest in eliminating illegal drug use from its workplaces and in ensuring that its employees are drug-free.

Substance abuse can be reasonably expected to produce impaired job performance, lost productivity, absenteeism, accidents, wasted materials, lowered morale, rising health costs and diminished interpersonal relationships skills.

This policy applies to all applicants who have received offers of employment for regular full-time or part-time positions, unless expressly excluded. This policy also applies to Board of Education members.

No offer of employment for a covered position shall be made to any applicant who has not agreed to submit to a drug test as part of the employment screening process. Any applicant who receives a conditional offer of employment and refuses to take a drug test shall be disqualified from further consideration for the position.

All applicants for covered positions shall receive written notice of this drug testing policy prior to receiving a conditional offer of employment. All drug test results from an applicant shall be maintained as a confidential record and shall be released only with the express, written consent of the applicant, unless otherwise required by law.

I. COVERAGE

- a. **Applicants:** The term 'applicant' includes persons making application for employment by the system, as well as employees making voluntary application for posted vacancies, but *does not* include employees who are recalled from lay-off or transferred laterally or involuntarily by the district.
- b. **Covered positions:** Unless expressly excluded, all professional and non-professional, regular full-time and regular part-time positions, including summer school teachers and paid non-teacher coach/advisor positions, are covered positions.
- c. **Excluded positions:** Student, temporary employee, outside consultant/contractor; competitive event referee, official, judge, and volunteer positions are excluded positions.
- d. **Timing:** A drug test shall be administered within 48 hours only after an offer of employment, (offer of employment is defined as recommendation approved by the Board), conditioned on the results of the test, has been made to an applicant for a covered position.

II. NOTICE

- a. **Policy notifications:** All applicants for covered positions shall be notified that such positions are subject to the system's drug testing policy, that agreement to submit to a drug test is a condition of consideration for such a position, and that receipt of satisfactory drug test results is a condition of employment for such position.
- b. **Advertising and job descriptions:** Advertisements, job descriptions, and postings for all covered positions shall include notice as outlined in item II. A.
- c. **Application form:** The district's employment application form for all covered positions shall include notice as outlined in II. A. and shall require the applicant to agree to submit to a drug test.
- d. **Consent from:** Applicants for all covered positions not filled pursuant to the district employment application form shall be required to execute a consent form acknowledging the positions are subject to the district's drug testing policy and agreeing to submit to a drug test.
- e. **Alternative notice:** Failure of the district to provide notice of its drug testing policy by the methods outlined herein shall not preclude drug testing of applicants, if applicants for covered positions are provided prior written notice by alternative means.
- f. **Emergency hires:** Applicants filling covered positions pursuant to the system's emergency hiring procedures shall be required, before being permitted to begin work, to execute a consent form acknowledging that the positions are subject to the district's drug testing policy and agreeing to submit to a drug test. Emergency hires may be asked to begin work before drug test results are available but offers of employment for such positions shall remain conditioned on receipt of satisfactory test results.
- g. **Conditional offers:** All offers of employment to applicants for covered positions shall be conditioned on agreement to submit to a drug test and receipt of satisfactory test results. Any applicant for a covered position who does not agree to submit to a drug test shall be disqualified from further consideration for the position.

III. DRUG TESTING PROCEDURES

- a. **Schedule for test:** The system's HR Department shall schedule drug tests and shall direct applicants who have received a conditional offer of employment for a covered position to report to the designated clinic, or, with the consent of the department, to an alternate facility for production of a urine, breath or saliva. Applicants shall provide the specimen requested by the clinic within 72 hours after such direction.
- b. **Cooperation required:** Applicants who receive a conditional offer of employment for a covered position and refuse to cooperate in drug testing shall be disqualified from further consideration for the position. Failure to appear when scheduled for production of a urine, breath or saliva or substituting or tampering with a urine, breath or saliva, shall be deemed a refusal to cooperate in drug testing.
- c. **Medication:** Applicants directed to provide a urine, breath, saliva or blood specimen may voluntarily supply information concerning their use of medication or other substances that might affect the drug test results. Applicants are not required to provide such information before the results of the testing, though such voluntarily-

offered information will be reviewed. Such applicant information and/or documentation by a physician of an applicant's lawful possession or use of any drug may be submitted to and will be reviewed exclusively by the system's human resources department. Inappropriate use of prescription drugs is considered a violation of this policy. An applicant who is taking prescription medication in accordance with a valid prescription is not in violation of this policy.

- d. **Urinalysis:** Urine, breath or saliva will be analyzed by the designated clinic for the following drugs: amphetamine, methamphetamine, morphine, codeine, cocaine, marijuana, phencyclidine, and such other controlled substance as regulated by local, state, or federal law and as determined by the Board of Education.
- e. **Test facilities:** The system's collection and laboratory facilities shall adhere to the Mandatory Guidelines for Federal Workplace Drug Testing Programs with respect to professionally trained collection personnel, quality assurance for testing, chain of custody standards, and confidentiality requirements.

IV. TEST RESULTS and REPORTING

- a. **Reporting test results:** The laboratory shall report test results to the system's Human Resources Department. Only specimens that test positive on an initial and confirmatory test shall be reported as positive for a specific drug.
- b. **Medical advisor verification:** The Superintendent or his/her designee shall review all positive test results and shall consider any medical information/documentation provided by an applicant to justify positive test results, but applicants are not entitled to a hearing with the human resources department. If positive test results are obtained, the applicant will have the opportunity to justify any positive result. Evidence to justify positive test results may include, but is not limited to, a valid prescription or a physician's certification of the existence of a valid prescription. Hemp product consumption is not an acceptable medical explanation for a positive test for marijuana. If there is no justification for positive results, such results shall be reported to the superintendent or his designee as certified positive results.
- c. **Satisfactory test results:** All negative test results and those positive tests results determined to be justified by the system's Human Resources Department shall be reported to the Bartow County School System as satisfactory test results.
- d. **Consequences:** An applicant for a covered position who fails to receive satisfactory test results shall be disqualified from further consideration for the position and shall not be permitted to apply for another covered position for a period of one year. If the applicant has begun work pursuant to a conditional offer of employment under the system's emergency hiring procedures, such failure shall constitute sufficient justification, up to and including "just cause," for rescission of the conditional offer of employment, and the applicant's work shall be terminated immediately.

Applicants for covered positions who fail to receive satisfactory test results shall be subject to the following consequences:

1. Initial application for employment by the Bartow County School System. The applicant shall be disqualified from further consideration for the position and shall not be permitted to apply for another covered position for a period of one year. If the applicant has begun work pursuant to a conditional offer of employment under the district's emergency hiring procedures, such failure shall constitute sufficient justification, up to and including "just cause," for rescission of the conditional offer, and the applicant's work shall be terminated immediately.
