## **CAMPUS COMMUNICATION POLICY**

### **OBJECTIVE**

To improve communication among students, parents, and staff.

### **PHILOSOPHY**

Clear and effective communication are best achieved when the individuals involved speak to one another in a safe, open, and supportive environment. In educational settings, this means the student and the teacher have the greatest opportunity to build meaningful relationships. Involvement of others can sometimes lead to miscommunication or misunderstanding, as well as undermining growth and learning. For that reason, we will follow this communication protocol questions, concerns, and conflict resolution.

- 1<sup>st</sup>**  **STUDENT with TEACHER**
- 2<sup>nd</sup>**  **PARENT (and STUDENT) with TEACHER**
- 3<sup>rd</sup>**  **PARENT (and STUDENT) with ASSISTANT PRINCIPAL**
- 4<sup>th</sup>**  **PARENT (and STUDENT) with PRINCIPAL**

\*The district and school's expectation is that all concerns can be satisfactorily resolved at the campus level by following this protocol.

\*\*Issues other than student behavior, grades, homework, and general classroom concerns may require immediate administrative attention.
