Health Care

We are pleased to be able to serve Parker as both an urgent care as well as a family medicine clinic. As a family medicine clinic, we manage and treat chronic medical conditions. We also make it a top priority to focus on preventative health care. As an urgent care clinic, we diagnose and treat acute illnesses and injuries as well as sports injuries. For urgent care visits, there is no appointment necessary. For family medicine visits, we ask that you make an appointment, being seen the same day in most cases, to serve you better.
