BP 6142.3

Instruction

The Board of Education recognizes that involvement in civic and political institutions is essential to a democratic government and desires to provide a comprehensive civic education program to help students acquire the knowledge, skills, and principles essential for informed, engaged, and responsible citizenship.

The Board shall approve, upon the recommendation of the Superintendent or designee, academic standards and curriculum in civics and government that are aligned with state academic standards and curriculum frameworks.

(cf. 6000 - Concepts and Roles)
(cf. 6011 - Academic Standards)
(cf. 6141 - Curriculum Development and Evaluation)
(cf. 6142.94 - History-Social Science Instruction)
(cf. 9000 - Role of the Board)

The Superintendent or designee shall determine specific courses within the K-12 curriculum in which civic education and government may be explicitly and systematically taught. They shall also encourage the integration of civic education into other subjects as appropriate.

(cf. 6143 - Courses of Study)
(cf. 6146.1 - High School Graduation Requirements)

The district's civic education program shall provide students with an understanding of the rights and responsibilities of citizens in American democracy and the workings of federal, state, and local governments. As appropriate, instruction should include an examination of fundamental American documents, including, but not limited to, the Declaration of Independence, the United States Constitution, the Federalist Papers, and other significant writings and speeches. Instruction should also promote a student's understanding of shared democratic principles and values, such as personal responsibility, justice, equality, respect for others, civic-mindedness, and patriotism, and enable students to make their own commitment to these civic values.

Service learning, extracurricular and cocurricular activities, class and school elections, simulations of government, student-led debates, voter education, and observation of local government processes may be used to reinforce classroom instruction by linking civic knowledge to practical experience and encouraging civic involvement.

(cf. 1400 - Relations Between Other Governmental Agencies and the Schools)
(cf. 6142.4 - Service Learning/Community Service Classes)
(cf. 6145 - Extracurricular and Cocurricular Activities)

(cf. 9150 - Student Board Members)

Whenever civic education includes topics that may be controversial due to political beliefs or other influences, instruction shall be presented in a balanced manner that does not promote any particular viewpoint. Students shall not be discriminated against for expressing their ideas and opinions and shall be encouraged to respect different points of view.

(cf. 5145.2 - Freedom of Speech/Expression)

(cf. 6144 - Controversial Issues)

Constitution/Citizenship Day

Each year on or near September 17, in commemoration of Constitution and Citizenship Day, the district shall hold an educational program for students in grades K-12 pertaining to the United States Constitution which shall include exercises and instruction in the purpose, meaning, and importance of the Constitution, including the Bill of Rights. (Education Code 37221; 36 USC 106 Note)

(cf. 6115 - Ceremonies and Observances)

Student Voter Registration

Note: The following section is for use by districts that maintain high schools. Elections Code 2146 requires the California Secretary of State to annually provide high schools with voter registration forms in numbers specifically requested by the school.

To encourage students to participate in the elections process when they are of voting age, the Superintendent or designee shall provide high school students with voter registration information, including information regarding the state's online voter registration system.

The Superintendent or designee shall identify an employee at each high school whom the California Secretary of State may contact to facilitate the distribution of voter registration forms to eligible students. The Superintendent or designee shall provide the business address, phone number, and email address of each contact person to the Secretary of State. (Elections Code 2148)

The designated employee shall determine the most effective means of distributing voter registration forms provided by the Secretary of State, which may include, but are not limited to, distributing the forms at the start of the school year with orientation materials, placing voter registration forms at central locations, including voter registration forms with graduation materials, and/or providing links and the web site address of the Secretary of State's online voter registration system on the district's web site and in email notices sent to students.

The principal or designee may appoint one or more students enrolled at each high school to serve as voter outreach coordinators at that school. The voter outreach coordinator(s) may coordinate voter registration activities at the school to encourage eligible persons to register to vote. With the approval of the principal or designee, the voter outreach coordinator(s) may also coordinate election-related activities on campus, including voter registration drives,

mock elections, debates, and other election-related student outreach activities. (Education Code 49041)

(cf. 0410 - Nondiscrimination in District Programs and Activities)
(cf. 5145.13 - Response to Immigration Enforcement)

During the last two full weeks in April and September, in areas on each high school campus that are reasonably accessible to all students as designated by the principal or designee, the county elections official shall be allowed to register students and school personnel to vote. (Education Code 49040)
