INTRODUCTION

This handbook has been prepared by the administration in the hope that it will serve as a guide to help students become familiar with school regulations, procedures, standards, and ideas. You are requested to read it carefully so that you will be fully informed of your privileges and responsibilities as a student at any Monroe County high school. Each of you is urged to do your part in upholding and promoting the standards and ideas of our school.

Reasonable charges for educational field trips will be allowed. Principals shall cover costs for fee waiver students out of BEP in-lieu-of fees funds as requested by the students who meet guidelines for free and reduced waivers.

General:

Students shall be present at least fifty percent (50%) of the scheduled school day in order to be counted present. Students receiving special education services may attend part-time days, alternating days, or for a specific amount of time as indicated in their Individualized Education Plan.

If a student is required to participate in a remedial instruction program outside of the regular school day where there is no cost to the parent(s) and the school system provides transportation, unexcused absences from these programs shall be reported in the same manner.

Students who are absent five (5) days without adequate excuse shall be reported to the director of schools/designee who will, in turn, provide written notice to the parents(s)/guardian(s) of the student's absence. The director of schools/designee shall also comply with state law regarding the reporting of truant students to the proper authorities. If a student accumulates a total of five (5) unexcused absences, then he/she is subject to referral to juvenile court.

The director of schools/designee shall develop appropriate procedures to implement this policy.

Progressive Truancy Intervention Plan:

Students with three (3) unexcused absences shall be subject to the progressive truancy intervention framework outlined below:

Tier I:

The principal will be notified by the attendance clerk of any student with three (3) unexcused absences.

Tier I Requires:

1. A conference with the student and the student's parent/guardian;
2. An attendance contract, based on the conference, signed by the student, parent/guardian,

and an attendance officer. The contract shall include:

- a. A specific description of the school's attendance expectations for the student;
 - b. The period for which the contract is effective. The term of the contract must not exceed ninety (90) school days or continue beyond the last day of the semester, whichever comes first: and
 - c. Penalties for additional absences and alleged school offenses, including additional disciplinary action and potential referral to juvenile court; and
3. Regularly scheduled follow-up meetings to discuss the student's progress.

If the student accumulates additional unexcused absences in violation of the attendance contract, he/she shall be subject to the additional intervention tiers.

If a student reaches five (5) unexcused absences during this time period, he/she will be reported to the attendance director. A warning letter will be sent as part of the truancy process.

Tier II

If a student misses further unexcused absences during the contract period, the student will be referred to the attendance director for an individualized assessment meeting. This may result in a referral to counseling, community –based services, or other services to address the student's attendance problems.

Tier III

If a student misses further unexcused absences after Tier II, the student will be referred to Truancy Board, which will comprise of the attendance director, the principal or principal's professional designee, juvenile justice representatives and representatives from community agencies. This will also include the assignment by the court of school-based community service.

If a student misses after the appointment and during the term of the contract, the student will be referred to juvenile court.

Failure by the student to appear at any tier will result in the student being sent to the next tier.

MILITARY SERVICE OF PARENT/GUARDIAN

School principals shall provide students with a one (1) day excused absence prior to the deployment of and one (1) day excused absence upon the return of a parent or custodian serving active military service.

Principals shall also allow up to ten (10) excused cumulative absences per year for students to visit a parent/guardian during a deployment cycle. The student shall provide documentation to

the school as proof of his/her parent's/guardian's deployment. Students shall be permitted to make up schoolwork missed during these absences.

MAKE-UP WORK

Any student with an unexcused absence will not be able to make-up class work. Any student with an excused absence may have up to three (3) days to make up the work depending on the circumstances. Teacher discretion may be exercised.

STATE-MANDATED ASSESSMENT

Students who are absent the day of the scheduled EOC exams must present a signed doctor's excuse or must have been given an excused release by the principal prior to testing to receive an excused absence. Students who have excused absences will be allowed to take a make-up exam. Excused students will receive an incomplete in the course until they have taken the EOC exam.

CREDIT/PROMOTION DENIAL

Credit/promotion denial determinations may include student attendance, however, student attendance may not be the sole criterion. If attendance is a factor, prior to credit/promotion denial, the following shall occur:

1. The student and the parent/guardian shall be advised if student is in danger of credit/promotion denial due to excessive absenteeism.
2. Procedures in due process are available to the student when credit or promotion is denied.

DRIVER'S LICENSE REVOCATION

More than ten (10) consecutive or fifteen (15) reported absences unexcused by a student during any semester renders a student ineligible to retain a driver's permit or license, or to obtain such if of age.

In order to qualify for reclaiming a driver's permit or license, the student must make a passing grade in at least three (3) full unit subjects or their equivalency at the conclusion of a subsequent grading period.

ATTENDANCE HEARING

Students with excessive (more than 5) unexcused absences or those in danger of credit/promotion denial shall have the opportunity to appeal to an attendance hearing committee appointed by the principal. If the student chooses to appeal, the student or his/her parent(s)/guardians(s) shall be provided written or actual notice of the appeal hearing and shall be given the opportunity to address the committee. The committee will conduct a hearing to determine if any extenuating circumstances exist or to determine if the student has met attendance requirements that will allow him/her to pass the course or be promoted. Upon notification of the attendance committee decision, the principal shall send written notification to

the director of schools/designee and the parent(s)/guardian(s) of the student of any action taken regarding the excessive unexcused absences. The notification shall advise parent(s)/guardian(s) of their right to appeal such action within two (2) school days to the director of schools/designee.

The appeal shall be heard no later than ten (10) school days after the request for appeal is received.

Within five (5) school days of the director of schools/designee rendering a decision, the student's parent(s)/guardian(s) may request a hearing by the board, and the board shall review the record. Following the review, the board may affirm or overturn the decision of the director of schools/designee. The action of the board shall be final.

The director of schools/designee shall ensure that this policy is posted in each school building and disseminated to all students, parents, teachers, and administrative staff.

(SBP 6.200)

BEREAVEMENT ABSENCES

In case of a death in a student's immediate family, the principal or principal designee may excuse up to three (3) days as long as the student provides proof of familial relationship. These absences will not negatively affect the student's number of parent or doctor notes. Bereavement absences will not count against exemption. Immediate family shall be defined as spouse, parent, child, brother, sister, mother-in-law, father-in-law, or grandparent of the student.

PERFECT ATTENDANCE CERTIFICATE

Students absent no more than three (3) hours during the school year will be eligible for a perfect attendance certificate at the end of the school year.

TENNESSEE COMPULSORY SCHOOL ATTENDANCE LAW

Once a student has been absent five unexcused days during a school year, the parent and student are in violation of the *Tennessee Compulsory School Attendance Law*. The parent and student are subject to legal action under this law.

1. No student will leave school prior to regular dismissal hours, except with the approval of the principal and parent. Administrative Policy

FORGED NOTES

Any note that has not been signed by the parent or legal guardian is an illegal document. Students need to be aware of the fact that forging a note for yourself or anyone else is a serious offense and with serious offenses come serious consequences. If a note is forged and a long distance call was made to verify the accuracy of the note, the student will be charged the long distance phone call cost.

DETENTION

Students may be detained before or after the school day as a means of disciplinary action. Parents will be required to provide transportation.

Administrative Policy

FREE COUNTY TEXTBOOKS

The Monroe County School System provides students the use of free textbooks. It is the responsibility of each student to take care of textbooks that are used and issued. It is also the responsibility of parents to reimburse the Monroe County Board of Education for the value of any books that are badly damaged, destroyed, or misplaced by their child or children during the scholastic year.

ACCEPTABLE USE OF THE INTERNET

The internet offers many fascinating opportunities for gaining new information. Along with these opportunities, however, there is the potential for misuse, abuse, and access to inappropriate or potentially dangerous material.

The Monroe County School System will make every effort to deny access to this material and students will be trained on the proper use of the Internet; however, it is impossible to restrict access to all controversial material. Therefore, it is the user's responsibility to abide by accepted rules of network etiquette. These include but are not limited to the following:

1. Be polite. Do not use abusive or obscene language when communicating with others.
2. Do not reveal personal information about yourself or others. This includes personal addresses, phone numbers, or credit card information. The internet is not secure and other users can access this information.
3. Do not use the Internet to access inappropriate materials. This includes but is not limited to pornography, racism, sexism, unethical or illegal solicitation or materials, which could present a danger to yourself or others.
4. Do not download copyrighted material or software.
5. The potential exists for downloading files which are infected with a virus. Prior to downloading files, seek permission from your teacher. After downloading a file, it should be scanned for viruses before use.

PERSONAL COMMUNICATION AND/OR ELECTRONIC DEVICES

Students may possess personal electronic devices such as cell phones, iPods, CD players, or MP3 players while on school property. However, during the school day these devices cannot be used unless specifically approved by the principal or designee. Care of these devices is the responsibility of the student. The school will not be responsible for loss, theft, or damage to these devices.

Students assigned to Alternative School, in-school suspension, or detention may not possess or use any personal communication or electronic device while assigned to these disciplinary settings. Persons in charge of disciplinary settings have the authority to take up these devices during the day. Confiscated items must be picked up by the parent during the school day. Due to the disciplinary settings further disciplinary action may be warranted.

Appropriate use of the above devices is permitted after school. Inappropriate use (examples of but not limited to: photos of exams, or photos in locker rooms, etc.) of cameras on personal communication devices (cell phones) is strictly prohibited on school property or at school functions. A student in violation of this policy is subject to related disciplinary action and possible legal action, if warranted.

All confiscated phones will be checked for content in the mode being used at the time that it was confiscated prior to returning to parents. The checking of the device will be done by the principal or designee only.

PERSONAL COMMUNICATION AND/OR ELECTRONIC DEVICES (continued)

For a **1st violation** of this policy, the principal or designee(s) will confiscate the device resulting in loss of phone privileges the remainder of the day and notify the parent. The device is to be picked up by the parent(s)/guardian(s) during school hours.

For a **2nd violation** of this policy, the principal or designee(s) will confiscate the device resulting in loss of phone privileges the remainder of the day and notify the parent. The device is to be picked up by the parent(s)/guardian(s) during school hours. The student shall receive 3 days of in-school suspension.

For a **3rd violation** of this policy, the principal or designee(s) will confiscate the device resulting in the loss of phone privileges for a period no less than 6 weeks, and parents will be notified. The device is to be picked up by the parent(s)/guardian(s) during the school day.

If the student is found in possession of an electronic device of his/her own or found using a device belonging to another student during this 6 week period, this student will lose the privilege for the remainder of the school year, and serve 3 days out of school suspension.

The student who allowed their device to be used will serve a 1 day in-school suspension, and parent(s)/guardian(s) will be notified. The device must be picked up during school hours.

A **4th violation** can and should be considered flagrant and continued violation of the school policy and further disciplinary consequences may take place.

The principal or his/her designee may grant a student permission to use a personal communication device at his/her discretion. In the case of a school emergency/crisis, then and only then, students would be permitted the use of their cell phone.

**REMINDER: A committee was formed to come up with a policy in regard to the use of personal communication devices and electronic devices. They came up with a number of different options, one of which could have been; "students shall not possess electronic devices while on school property."*

There are many arguments for and against students possessing electronic devices. This policy is fair. It must be remembered by both students and parents that the use of electronic communication devices is a privilege and not a right. This policy must be followed.

INTERIM ALTERNATIVE EDUCATIONAL SETTING

Interim Alternative Educational Setting (IAES) will be assigned as necessary. All students that are assigned IAES must report to the assigned area with all books and materials by 8:00 a.m.

ALTERNATIVE SCHOOL PROGRAMS

The Board shall operate an alternative school program for students in grades K-12 who have been suspended or expelled from regular school programs. Attendance in alternative school programs shall be mandatory and students attending an alternative school (located other than at their home school) shall provide their own transportation.

Teachers in alternative schools shall be certified by the state and shall be selected on the basis of interest and ability to work in alternative situations.

Student-teacher ratios shall be small enough to allow for adequate instruction but shall be determined by the age, behavior and academic achievement of students in the program.

Sufficient textbooks, equipment and supplies shall be provided by the home school.

Alternative school programs shall be operated in accordance with the rules of the State Board of Education and instruction shall proceed as nearly as practicable in accordance with the instructional programs at the student's home school. All course work completed and credits earned in the alternative school shall be transferred to and recorded in the student's home school. Credit earned and progress made shall be granted as if the work were performed in the home school.

Except students who are eligible for special education, such change in a student's program shall be determined by the disciplinary hearing authority in accordance with the suspension policy of the Board and based upon recommendations from a team composed of the principal, the school counselor and the student, with or without the parents being present.

The student shall be subject to all rules of the school and violations of such rules may result in the student's removal from the school for the duration of the original intended suspension or expulsion. Violation of school rules shall not constitute grounds for extension of time spent in the alternative school. The final decision on such removal shall be made by the chief administrator of the alternative school.

Students found to be eligible for special education in related circumstances shall be placed and served in accordance with the law and rules relating to special education.

When the person causing damage or loss has been identified and the costs of repair or replacement have been determined, the director of schools shall take steps to recover these costs. This may include recommending the filing of a civil complaint in court to recover damages. If the responsible person is a minor, recovery will be sought from the minor's parent or guardian.

In addition, the district may withhold the grades, diploma, and/or transcripts of a student responsible for vandalism or theft or otherwise incurring any debt to a school until the student or the student's parent/guardian has paid for the damages. When the minor and parent are unable to pay for the damages, the district shall provide a program of voluntary work for the minor. Upon completion of the work, the student's grades, diploma, and/or transcripts shall be released. Such sanctions shall not be imposed if the student is not at fault.

Administrative Policy

Lockers are available to all students. Students are responsible for their own valuables and/or books left in the locker. Locks may be used if an extra key or combination is left with the homeroom teacher. Students may not place their personal or school property in any locker other than their assigned locker. All books must be in lockers.

Lockers are school property and, as such, are subject to search.

ASSEMBLIES

Assemblies take place during the school year. Pep sessions, academic recognition, plays and guest speakers, in addition to the traditional holiday assemblies, will be presented for students educational and entertainment value. TELEPHONE

Office telephones are for **business and emergency use only!**

EMERGENCY PROCEDURE SIGNALS

Detailed evacuation and emergency procedure instructions are posted in every classroom. Please familiarize yourself with the fire signal, bomb threat and tornado signal as designated at your school.

LOST TEXTBOOKS & LIBRARY MATERIALS

The students will assume the responsibility for textbooks which are assigned to them and for library materials checked out by them. If books are lost, or unreasonably damaged, the student must pay for those books before additional books are assigned and before grade cards are given. No grades or diplomas will be released if there are outstanding financial obligations.

LOST AND FOUND

The lost and found department is located in or near the school office. All items that are found should be turned into the school office.

STUDENT CLUBS AND ORGANIZATIONS

Student organizations are an extension of the academic curriculum and are intended to complement the basic instructional program.

The principal, in cooperation with the faculty and student body representatives, shall approve all clubs and organizations within the school.

One or more staff members will serve as sponsors of each activity and will attend all meetings. Each sponsor will evaluate the activity and make recommendations concerning changes, continuance or deletion from the school's activity program.

An approved copy of the aims, objectives, and constitution for each organization will be kept on file in the principal's office.

The director of schools shall approve all requirements imposed by clubs which have restricted membership.

The nature of any initiation shall be outlined and presented in writing to the club sponsor and the principal of the school for approval prior to the actual initiation. Hazing by students acting alone or with others is strictly prohibited. Any organization which permits an initiation to go beyond the scope of activities planned and previously approved will be suspended until reinstated by the principal. A student found guilty of misbehavior may receive punishment ranging from verbal reprimand to suspension and/or expulsion dependent on the severity of the offense and the offender's prior record.

INTERROGATIONS AND SEARCHES

Interrogations by School Personnel

Students may be questioned by teachers or principals about any matter pertaining to the operation of a school and/or the enforcement of its rules. Questioning must be conducted discreetly and under circumstances which will avoid unnecessary embarrassment to the student being questioned. Any student answering falsely, evasively or refusing to answer a proper question may be subject to disciplinary action, including suspension.

If a student is suspected or accused of misconduct or infraction of the student code of conduct, the principal may interrogate the student, without the presence of parent(s)/guardian(s) or legal custodians and without giving the student constitutional warnings.

Interrogations by Police (at Administrator's Request)

If the principal has requested assistance by the police department to investigate a crime involving his/her school, the police shall have permission to interrogate a student suspect in school during

school hours. The principal shall first attempt to notify the parent(s)/guardian(s) or legal custodians of the student of the intended interrogation unless circumstances require otherwise. The interrogation may proceed without the attendance of the parent(s)/guardian(s) or legal custodians. The principal or his/her designee shall be present during the interrogation.

The use of police women or female staff members is desirable in the interrogation of female students.

Police-Initiated Interrogations

If the police deem circumstances of sufficient urgency to interrogate students at school for unrelated crimes committed outside of school hours, the police department shall first contact the principal regarding the planned interrogation and inform him/her of the probable cause to investigate within the school. The principal shall make reasonable effort to notify the parent(s)/guardian(s) or legal custodians of the interrogation unless circumstances require otherwise. The interrogation may proceed without attendance of the parent(s)/guardian(s) or legal custodians. The principal or his/her designee shall be present during the interrogation.

Searches by School Personnel

1. Evidence of any violation of the law;
2. Evidence of any violation of school rules or regulations or proper standards of student or faculty conduct;
3. Any object or substance which, because of its presence, presents an immediate danger of harm or illness to any person.

All lockers or other storage areas provided for student use on school premises remain the property of the school system and are provided for the use of students subject to inspection, access for maintenance and search. *Notice shall be posted in each school that lockers and other storage areas are school property and are subject to search.*

A student may be subject to physical search or a student's pocket, purse or other container may be required to be emptied because of the results of a locker search, or because of information received from a teacher, staff member or other student if such action is reasonable to the principal. All of the following standards of reasonableness shall be met:

1. A particular student has violated policy;
2. The search could be expected to yield evidence of the violation of school policy or disclosure of a dangerous weapon or drug;

3. The search is in pursuit of legitimate interests of the school in maintaining order, discipline, safety, supervision and education of students;
4. The primary purpose of the search is not to collect evidence for a criminal prosecution; and

School officials may conduct hand-held or walk-through metal detector checks of a student's person or personal effects.

A disciplinary record shall be maintained and shall contain the name of the student, the type of misconduct, the type of corporal punishment administered, the name of the person administering the punishment, the name of the witness present and the date and time of punishment.

UNSAFE SCHOOL CHOICE POLICY

Each of the twelve schools in the Monroe County School System are deemed “safe schools” under the Every Student Succeeds Act. However, under that law and the Tennessee State Board of Education’s Unsafe School Choice Policy, should a child become a victim of a violent crime at any Monroe County school, parents and students have the right to request a transfer to another county school, pending their enrollment.

Monroe County’s school administrators are making every effort to prevent any situation in which a child or employee may not be safe. If you have any questions regarding safety policies or procedures, please contact Assistant Director of Schools Ms. Kristi Windsor.

SECTION 504 AND ADA GRIEVANCE PROCEDURES

The Board is committed to maintaining equitable employment/educational practices, service, programs and activities that are accessible and usable by qualified individuals with disabilities.

Definition

Section 504 of the Rehabilitation Act of 1973 provides that: No otherwise qualified individual with handicaps in the United States...solely by reason of his/her handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.

Title II of the Americans with Disabilities Act, 1990 provides that: No otherwise qualified individual with a disability shall be discriminated against in regard to job application procedures, the hiring, advancement, or discharge of employees, employee compensation, job training and other terms, conditions and privileges of employment.

Coordinator

The Board shall designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under the Americans with Disabilities Act (ADA) and Section 504, including any investigation of any complaint alleging non-compliance with the Acts or alleging any actions that would be prohibited by the Acts.

Notice

The Board shall make available the name, office address and telephone number of the ADA/Section 504 Coordinator. The Monroe County School System ADA/Section 504 coordinator is Ms. Lee Anne Strickland, 205 Oak Grove Road, Madisonville, Tennessee (423) 442-2373.

Methods of initial and continuing notification may include the posting of notices, publication in newspapers and student and employee handbooks and distribution of memoranda or other written communications.

Complaint Procedure

The coordinator will hear ADA/Section 504 Complaints. Complaints shall be submitted orally or in writing to the coordinator who will endeavor to accomplish prompt and equitable resolution

of complaints alleging any action that would be prohibited by the ADA/Section 504. The coordinator will respond to all complaints within twenty (20) days with a written response as well as information on further grievance procedures that may be followed if the complaining party is not satisfied with the coordinator's proposed resolution.

Due Process Hearing Procedures

Section 504 of the Rehabilitation Act of 1973 provides the right to an impartial due process hearing if a parent wishes to contest any action of the school system with regard to a child's identification, evaluation, and placement under Section 504. If a parent/guardian requests a Section 504 hearing, the parent/guardian has the right to personally participate and to be represented at the hearing by an attorney or advocate at the parent's expense. Contested actions or omissions that are appropriate for a Section 504 hearing should involve identification, evaluation, or placement issues involving a child who has or is believed to have a disability.

Written Request for Hearing

A parent/guardian who wishes to challenge an action or omission with regard to the identification, evaluation, or placement of a student who has or is believed to have a disability as defined by Section 504, shall make a written request for a due process hearing to the Section 504 Coordinator. The written request must be made on a form provided through the Central Office.

Impartial Hearing Officer

The director of schools or his/her designee shall appoint an impartial hearing officer to preside over the hearing and issue a decision. Such appointment will be made within fifteen (15) days of the date of receipt of a request for a due process hearing. The hearing officer will be hired as an independent contractor at no expense to the parent. The hearing officer that is appointed shall not be a current employee of the school system and shall not be related to any member of the Board of Education. The hearing officer need not be an attorney but shall be familiar with the requirements of Section 504 and the hearing procedures under Section 504. The choice of an impartial hearing officer is final and may not be presented as an issue at the due process hearing since such an issue would not relate to the identification, evaluation, or placement of a disabled child under Section 504. If a parent/guardian disputes the impartiality of the appointed hearing officer, he/she may raise such issue in a review of the hearing officer's opinion by a court of competent jurisdiction or in a complaint to the Office for Civil Rights.

Atlanta, GA 30303-8927

Telephone: 404-974-9406; TDD: 877-521-2171

Email: OCR.Atlanta@ed.gov

Scheduling of Hearing

The appointed hearing officer shall set a date for the hearing within fifteen (15) days of his/her appointment and provide this information in writing to the parent guardian and the Section 504 Coordinator. The hearing shall take place at a mutually agreeable time and place.

Continuances

Upon a showing of good cause, the hearing officer, at his/her discretion may grant a continuance of the hearing date and set a new hearing date.

Legal Representation at Hearing

If a parent/guardian is represented by a licensed attorney at the due process hearing, he/she must inform the Section 504 coordinator and the appointed hearing officer of that fact, in writing, at least seven (7) calendar days prior to the hearing date, or the hearing can be continued upon the coordinator's request. *The school system shall not have a legal representative at the hearing unless the parent provides notice that he/she will have legal representation.*

Pre-Hearing Conference

The hearing officer may order a Pre-Hearing Conference during which the parent/guardian or his/her representative will state and clarify the issues to be addressed at the hearing. The Pre-Hearing Conference will also serve to resolve preliminary matters, clarify jurisdictional issues, and answer the parties' questions regarding the hearing process. The Pre-Hearing Conference can be held via telephone or in person depending on the hearing officer's decision based on the convenience to both parties.

Dismissals

If, after the Pre-Hearing Conference, the hearing officer finds that the parent, as a matter of law, alleges and/or raises no factual claims or legal issues that come within his/her jurisdiction as a Section 504 hearing officer, he/she may dismiss the hearing and issue an order to that effect explaining the basis for such finding.

Hearing

The hearing shall be conducted in an informal, non-adversarial manner. The hearing shall be closed to the public unless the parent/guardian requests an open hearing. The hearing officer may reasonably limit testimony and introduction of exhibits for reasons or relevance.

Recording

Instead of a formal written transcript produced by a court reporter, the entire due process hearing will be video recorded. The school system shall provide a copy of the recording to the

parent/guardian upon request. In order for an accurate recording to be made, the parties and witnesses shall introduce themselves at the beginning of their presentations. If a parent/guardian appeals the decision of the hearing officer to a court of competent jurisdiction, the school system shall prepare a written transcript of the hearing to be offered to the court as an exhibit.

Witnesses

Witnesses will present their information in narrative form, without the traditional question and answer format of legal proceedings. Cross-examination of witnesses will not be allowed, but a party may request that the hearing officer, at his/her discretion, ask a witness a certain question.

Format of Presentation

Each side will have an equal amount of time to present their positions as determined by the hearing officer. The parent/guardian will present his/her case first by making an opening statement outlining the issues, calling witnesses, and making a closing argument. The school system will present its side next. At the end of the school system's presentation, the parent guardian may offer a short response. Each side may present personally or through their representatives.

Submission of Exhibits

As part of their presentation and at the discretion of the hearing officer, the parties may submit any reports, evaluations, correspondence, notes, or any other documents that may support their positions. Exhibits submitted to the hearing officer by either party must be marked. The hearing officer may, in the exercise of his/her discretion, reasonably limit the number of documents to be submitted for his/her review, as well as the number of witnesses and the length and/or scope of their presentations or statements.

Closing Arguments

The hearing officer may allow or request written closing arguments summarizing and characterizing the information presented at the hearing.

Decision

The hearing officer may make an oral ruling at the conclusion of the hearing or take the case under advisement and issue a written opinion. Such decision shall address all of the issues raised by the parent/guardian as well as any corrective actions, if any, the school system must take. Any issue or claim raised by the parent/guardian that is left unaddressed by the hearing officer in his/her decision will be deemed to have been denied. The decision must be issued within forty-five (45) days after the date the request for a Due Process Hearing is received by the district. The hearing officer may not award attorneys' fee as a part of the relief granted to a parent/guardian or the district.

Review Procedure/Appeal

If the parent/guardian is not satisfied by the decision of the hearing officer, he/she may seek review of the decision in a court of competent jurisdiction.

NOTIFICATION OF RIGHTS UNDER FERPA FOR ELEMENTARY AND SECONDARY INSTITUTIONS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

(1) The right to inspect and review the student's education records within 45 days of the day the District receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students may ask Monroe County School District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses educational records without consent to officials of another school district in which a student seeks to enroll. [Note: FERPA requires a school district to make a reasonable attempt to notify the student of the records request unless it states in its annual notification that it intends to forward records on request.]

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-4605.
