

## **MY CHILD DOESN'T TALK**

### **FREE PARENT TRAINING WEBINAR**

#### **TRAINING IS PROVIDED BY REGION 20**

This training will introduce participants to the various options to help support their child that has complex communication needs or limited language. We will review the common misconceptions that surround using augmentative and alternative communication (AAC) as well as look at strategies and resources that can be used at home that can aid in building communication with their child.
