

Mad Science of Pittsburgh

Maxwell Elementary School
in cooperation with
Mad Science of Pittsburgh
Presents:
The "Crazy Chemworks"
After School Program

Program Description:

Shake up a flask of fun in the lab as a junior chemist! This hands-on and interactive program of chemistry for children ages 5-12 is packed solid with cool reactions. Students put on goggles and change liquid to solid and back again. They get to handle laboratory tools, build and break molecules, and pick up some tricks on chemical changes.

About Mad Science®

Mad Science® is the world's leading science enrichment provider, delivering unique science experiences that are as entertaining as they are educational. Mad Science encourages scientific literacy in an age when science is as vital as reading, writing and arithmetic.
