

AP European History

Summer Project 2019-2020

Mr. Tobias

jtobias@bordentown.k12.nj.us

google classroom code: 6ogzi8j

You are receiving this packet because you signed up for AP European History during the 2019-2020 school year. You will know if you have been selected for this class when you receive your schedule over the summer.

Your first task for this class will be to review and become familiar with a list of terms and people supplied in this packet. You will be tested on these terms and people on the **FIRST FULL DAY OF SCHOOL** next year. The test will consist of matching and true/false questions. It will be worth a significant percentage of your first marking period grade.

These lists are of terms and people frequently found on the national AP exam for the Renaissance, Knowing these terms and people will give you a major advantage for the exam next May.

Good luck and enjoy your summer. If you have any questions, feel free to email me at the address listed at the top of the paper.

See you in September

Mr. Tobias
