# SUMMER STEAM

## Enrichment Camps for Jr. High Students

### ROBOTICS/CODING 1

(June 10-20, 9am-Noon) \$300/student

Wanna build a robot? You can! This class teaches students to build and program the mBot by Makeblock and drones.

### ROBOTICS/CODING 2

(June 24-July 5, 9am-Noon) \$300/student

Ready for a challenge? In this class, students will be building and coding VEX EDR robots.

### GAME MAKING IN 3D & VIRTUAL REALITY

(June 24-July 5, 9am-Noon) \$300/student

Learn to code using the professional game engine, Unity. Participants will learn principles of game design, workflow and levels.

*Camps are for students entering 7th and 8th grade.*

Register today at  
[www.sbefoundation.org](http://www.sbefoundation.org)

*Scholarships available!*
