

Welcome to Parlier High School. Everyone is excited to begin the 2019-20 school-year! As a former graduate of Parlier High School, I am honored to begin my second year as principal. Our incredible staff is looking forward to supporting and educating all of our students. We will continue to focus on building academic achievement, so we can best prepare our students for the future.

Our goal is to be highly competitive in academics and athletics. I'm very confident that our staff and students will make it happen. Our students are exposed to many wonderful caring teachers and outstanding academic programs, such as our many career technical educational courses and the NJROTC program. We are looking forward to an incredible year that will be built on pride, hard work, resiliency, honor and respect. We will create many wonderful memories for our students, staff and community.

I would like to thank our special counselors, teachers and staff for all of their hard work, dedication and caring attitude to all of our students. You are the best! I would also like to thank all of our parents and guardians for continually inspiring their children to be the best that they can be. I recognize that it takes a team effort to maximize the success of all of our students.

I would like to leave you with a brief quote from an artistic piece by Eleazar Martinez entitled, "Three Generations, which states, "The best legacy for the next generation is the love for education and hard work." Students...keep working hard in school and all of your dreams will come true! *Once a Panther....Always a Panther! #Panther4Life*

Dr. George M. Alvarado  
Principal
