## MISSION AND VISION

**Mission: Educating and Inspiring All Learners**

**Vision: Growth • Achievement • Success**

**EVERYDAY**

### Absences and Tardiness (Students)

If a student is developing a pattern for tardies and absences, communicate with the parents early to prevent continued occurrences. If the pattern continues, **please notify the principal** who will also communicate with the parents. Students with 5 or more tardies or unexcused absences are subject to a letter from the office.

### Birthdays and Celebrations

Students are welcome to bring treats for their birthdays. Please try to encourage children to bring snacks low in sugar and fat.

### Books or Fines

Classroom teachers are to communicate with students about overdue library books or damaged or missing textbooks at report card time. Damaged textbooks should be assessed a penalty depending on the extent of the damage. Textbook penalties will be determined by the building principal.

### Building Intervention Team (BIT) Referral Procedures

Guidelines for referring a student to the Building Intervention Team (BIT) will be reviewed at the beginning of each school year. We will collect data from our classroom, district and state assessments. When a child is considered “at risk” we will monitor that child. When progress (either academic or behavior) is not improving at a rate that will bring the child up to the average of the class, the teacher should contact the child’s parents and let them and the building principal know there is a concern. At that time, the child should be referred to BIT so more intensive interventions can be documented and data on the individual child can be tracked. The following are guidelines for the BIT and Special Education Referral Process:

1. Assessment data and classroom data are compiled.
2. Classroom teacher contacts parent with concerns and shares the discussed information with the building principal.
3. Classroom teacher fills out a referral packet for BIT and returns it to principal.
4. Principal or designee calls BIT meeting so the classroom teacher can discuss concerns and interventions that have been tried. Parents should be part of this team, and should be informed of all meetings from this point on.
5. BIT will generate ideas to be tried and assist the classroom teacher in compiling data and searching for research based interventions to implement. Progress monitoring should be done every week until the next meeting.
6. The team will meet again on the child in 6 to 8 weeks to discuss the child’s progress (or lack thereof) and to see if (a) progress is being made at an appropriate rate, (b) another intervention is needed, or (c) testing for special education services is warranted. If the answer is “a” or “b” steps 4-6 are repeated. If the answer is “c” move to step 7.
7. The testing process is explained to the parent(s). Parental procedures and safeguards are offered and parents are asked to sign permission to test forms.

8. A multi-disciplinary assessment team and a case manager are designated.
9. Testing and observation takes place. When completed, the case manager schedules a child study committee meeting to discuss results and make recommendations.
10. A staffing is held, with the parent, and members of the MDT, to discuss testing results.
11. If warranted, an IEP is written and signed. Time may be given to the parent to review the findings and make a decision.
12. Should the child not qualify for special education services, the child should continue in the BIT process. Once the team has established enough evidence that a child needs assistance, an RTI team would be able to override testing to qualify the child.

### **Building Security**

Please make sure all exterior doors are locked at all times. It is important for the safety of the students and staff to have visitors use the door bell at the front entrance.

### **Cell Phones**

#### **File: GBH and GDH**

#### **Employees Acceptable Use of Personally Owned Electronic Communication Devices**

**Overview:** This policy governs an employee's use of electronic devices during the workday and during other assigned duty times including, but not limited to, instructional time, school-sponsored programs or activities, meetings, in-service training, parent/teacher conferences, or any other time where there is a reasonable expectation of quiet and/or attentiveness. The possession and use of personally owned electronic communication devices by District employees may be appropriate in some instances. However, the use of such devices by District employees can also have the effect of distracting and disrupting the employee and others. These devices may also lead to disruptions in supervision and the educational process.

**Definitions:** An 'electronic communication device' includes cellular and PCS telephones, camera telephones, Personal Digital Assistants (PDAs), two-way radios or video broad casting devices, pagers, and any other device that allows a person to record and/or transmit, on either a real time or delayed basis, sound, video or still images, text, or other information.

**Description:** Employees are expected to use electronic communication devices in an ethical and responsible manner, and in compliance with all applicable federal, state and local laws and regulations. Employees are also to refrain from subjecting others at school and at District- or school-sponsored activities from video or audio capture, recording, or transmission of others' words or images without express prior notice and explicit consent for the capture, recording or transmission of such words and images. Employees may carry and use personally owned electronic communication devices on school property subject to rules and regulations promulgated by the Board of Education. Employees who violate this policy may be subject to disciplinary action. Electronic communication devices should not be used during scheduled work hours and Extra Duty Contract hours except under the following conditions:

- when being used for instructional purposes
- during school-related emergencies or school-related situations that require prompt communication to ensure health and safety
- during personal emergencies with pre-approval from the Superintendent, the building principal or designee
- during normal break times, lunch times and preparation times

Employees operating a school bus, or any other District-owned or leased vehicle, are prohibited from operating the vehicle while using an electronic communication device, whether personally owned or District-issued, except

- during an emergency situation
- when the school bus or other vehicle is parked
- (after stopping the vehicle) to call for assistance if there is a mechanical breakdown, other mechanical problem, or if student information is needed

If a District-owned phone rings while you are driving a District vehicle, do not answer it immediately. Pull over safely and stop the vehicle. Then push the SEND button on the cell phone.

**Adopted: May 11, 2010**

### **Children in the Classroom during Recess**

The district asks that we not use recess as a punishment on a regular basis per our Wellness Policy. If a child must stay in because of missed work or because of behavior, please notify the principal. If you do keep a child in from recess, make sure the child is under the supervision of you or another staff member.

**Do not leave children alone in the classroom.**

Children who are to stay in due to illness must have a note from home. If a child has to stay in for more than three consecutive days we ask that a note from a doctor is presented.

### **Classroom Supervision**

You are responsible for the well being of students in your room. They must be supervised at all times. If it is necessary for you to leave your classroom briefly, please ask a fellow staff member to cover for you.

### **Class Attendance**

Please take roll in the morning on Infinite Campus by 9:00 a.m. If you know you will be gone, please leave for the substitute a class list for the recording of attendance. Take roll again after lunch by 1:20 p.m.

### **Computer Lab**

The computer lab is an extension of the classroom. Classroom teachers are required to directly supervise and monitor student use of the computers and related equipment. Teachers are to require all students to follow district rules for computer use (See Terms and Conditions document)

### **Computer Use**

Each staff member is required to read, sign and follow the “Technology Terms and Conditions” in order to have computer access through Sweetwater County School District #2. We will have a follow up training yearly to review these expectations.

### **Confidentiality**

Students and staff have the right to confidentiality. It is vital that information regarding staff and students not be shared. If you need to discuss a child or a staff member it should be done privately. Please don't talk about staff or students in hallways, the teacher's lounge, the grocery store, etc. Keep your conversations professional, even when someone else starts the conversation.

## Crisis Response

### **CRISIS MANAGEMENT POLICY**

A primary responsibility of public schools is to provide a safe and secure environment for students, employees, and the public. A standard of reasonable care under the doctrine of in loco parentis compels our district to establish clearly defined policies and procedures for responding to crisis. The Trustees of the Sweetwater County School District No.2 Board believe it is necessary to have a comprehensive plan to deal with crisis.

A school crisis is defined as an event that threatens the safety and security of staff or students, is likely to escalate in intensity, interfere with normal functioning of the school, involve the media, interfere with learning, and/or jeopardize the school's image. It is the policy of the Sweetwater County School District No. 2 Schools to respond quickly and effectively to crisis in our schools by:

1. Developing, implementing, and periodically updating a district crisis management plan. This plan will establish a District Crisis Management Plan, provision for safe building environments and procedures communication with the media.
2. Development of building crisis management plans to include training for all personnel
3. Crisis management procedures will be reviewed annually by all personnel.

Each crisis plan will include the following:

PREVENTION	procedures and educational programs designed to avoid, when possible, crisis events at school
INTERVENTION	procedures to prepare students and district personnel to manage and respond appropriately to crisis events
POSTVENTION	Post-crisis procedures to help students and staff get through the pain and trauma of the crisis, learn from the crisis, and return to a normal, productive educational environment as quickly as possible

### **Standard Response Protocol**

Depending on the given situation one of four different commands will be delivered:

- Lockout
- Lockdown
- Evacuate
- Shelter

Each protocol has specific staff and student actions that are unique to the action. In the event student or staff identifies the initial threat, calling 911 and administration is advised.

Lockout: "Secure the Perimeter"

Students are trained to:

- Return to inside of building

- Do business as usual

Teachers are trained to:

- Recover students and staff from outside of building
- Increase situational awareness
- Take roll and account for students
- Do business as usual

Lockdown: “Locks, Lights, Out of Sight”

Students are trained to:

- Move away from sight
- Maintain Silence

Teachers are trained to:

- Lock Classroom Door
- Lights out
- Move away from sight
- Maintain Silence
- Do Not open door
- Take roll, account for students

Evacuate: “To a Location”

Students are trained to:

- Leave stuff behind
- Bring their phone
- Form a single file line

Teachers are trained to:

- Grab a roll sheet if possible
- Lead students to evacuation Location
- Take roll, account for students

Shelter: “For a hazard using a safety strategy”

Hazards might include:

- Tornado
- Hazmat
- Earthquake

Safety Strategies might include:

- Evacuate to a shelter area
- Seal the room
- Drop cover and hold
- Get to high ground

Students are trained in:

- Appropriate Hazards and safety strategies

Teachers are trained in

- Appropriate Hazards and Safety Strategies
- Take roll, account for students
- Report Injuries or problems, at the evacuation assembly, to first responders using red card/Green Card Method.

The protocol carries an obligation. An implicit part of the SRP is that authorities and teachers tell students what is going on. While tempered at the elementary school, middle school students and above need accurate information for the greatest survivability, to minimize panic and to mitigate recovery.

### **During Principal's Absence**

It is asked to effectively communicate with the building principal. If a parent would like to visit with the principal, please have them call the designated office number. In case of an emergency please contact building principal immediately via cell phone. Questions, concerns, and/or comments may be sent via email.

### **Discipline**

At the beginning of the school year, introduce students to the school expectations of *kindness, respect and responsibility*. This introduction could be in the form of a class discussion that includes the characteristics of a positive learning environment and examples of how individuals could best behave to support this environment. Student participation in the establishment of specific classroom rules and expectations is advised.

A discipline problem exists when a student keeps a teacher from teaching, other students from learning, or jeopardizes the health and/or safety of others. Contact the principal when you need assistance; and/or when you have questions or concerns. Contact the principal immediately in the event of physical or verbal aggression. Parents are to be contacted whenever there is a concern about their child's behavior.

### **Dress Code**

Staff is expected to follow the same dress code as students (see student hand book). Staff dress is expected to look professional and suit the job assignment. Ask the principal if you have questions. Many of the district staff members wears "nice jeans" on Fridays often with shirts representing their school or promoting education.

### **Duty Assignments**

Staff members assigned to recess duty incur a responsibility for the welfare and safety of each child. Keep a record of when you are on duty, be prompt and be consistent with established school/playground rules. Show your duty assignment in your sub plans in case you have a substitute. All staff may have duty times during the regular school week. Supervision must be provided when children are present on the playground. Playground rules need to be consistently and uniformly enforced. When outside, supervisors should locate themselves at strategic points to adequately monitor the playground activities. Students should be visible at all times. When lining up students at the end of recess, do a head count to make sure all students are accounted for and going inside as a group.

### **E-mail**

Teachers are expected to access and read their e-mail a minimum of twice daily, morning and afternoon.

### **Emergency Evacuation Maps**

Emergency evacuation maps are to be displayed prominently by the exit from every classroom. These maps and the procedures for evacuation must be thoroughly explained to and understood by the children. Teachers must know the evacuation routes prior to having students.

### **Field Trips**

All field trips must be connected to district standards and these district standards are to be documented on the Transportation Request form (See district guidelines for "School Sponsored Trips). Transportation Requests are to be approved and signed by the building principal; and submitted to the transportation department through the school secretary at least 10 days prior to the field trip. There are special guidelines for out-of-state trips.

### **First Day of Class**

On the first day of school following introductions and assignment of seats, teach students about the contents of the student handbook, playground rules, evacuation exit(s), crisis response procedures, and lunch procedures. In addition, model and teach to the expectation that all are to be *kind, respectful, and responsible*.

### **Grades and Grading Procedures**

Keep your grades current and posted on Infinite Campus. If you know of parents who do not have internet access, please send copies of their child's grades throughout the quarter.

For grading purposes, a transfer student must be enrolled in Sweetwater County School District #2 for 20 school days in order to receive grades at the end of the current nine-weeks. If enrolled longer than 20 days, grades will be averaged into previous school grades, if available, and entered on the report. Otherwise, the previous grades will be given. Conferences will still be provided to parents of new students and any data we have on the child (DIBELS, MAP, etc.) should be shared.

### **Illness or Injuries**

If you suspect a serious illness or injury, do not hesitate to call the parent/guardian. If life seems to be immediately threatened, call for emergency medical assistance (911) and the parent/guardian. All accidents that occur at school should be reported on an accident report form available from the school secretary. This will be completed by the staff member on duty. Please use common sense when deciding whether or not to respond to a child's request to be sent home.

### **Library Use**

Please document and provide a due date for all books and other library materials checked out whether by a student or by a staff member. Monitor the return of these items and complete fine slips at report card-time for any such materials not returned by the end of the quarter.

### **Local Purchase Orders**

Local purchase orders are obtained through the office. The white and pink copy must always be returned to the school office. Local purchase orders are good only with vendors who charge school district purchases and may only be written for orders in the amount of \$500.00 or less. The building secretary has a list of the approved vendors. These must be pre-approved by your building principal.

### **Lunch Count**

Lunch count is to be submitted to the lunchroom manager as soon as possible each morning and preferably by 10:00 AM. The lunchroom manager will notify the student and parent(s) when the student's account balance is low. No children will be allowed to go home for lunch without written permission from their parent(s) and the child must be accompanied by at least one of those qualified persons as per the student's "Summary" section on the IC student information system.

### **Lunchroom**

In the lunchroom children are asked to be considerate of those around them. They may talk in the lunchroom, but must stay in their seats until they are dismissed. When finished eating, children are to raise their hands and ask for permission from the supervisor to leave their seats to scrap their trays. The teacher will check their area for cleanliness asking the children to clean up any mess in that area. Children are to return to their seats until dismissal.

### **Meetings**

Due to the unique nature of our rural school, meetings will be held irregularly. Certified staff will be asked to attend such meetings that involve BIT, special education, parent/teacher conferences. All staff

will be asked to attend such meetings that involve professional development and evaluation.

### **New Teachers**

New teachers will be assigned to a mentor who will guide, teach, encourage, and support them through an orientation period. Activities with the mentor will include the use of equipment, introduction to staff, familiarization with the facilities, and explanations of general routines and procedures.

### **Parent Teacher Conferences**

This year fall conferences will be the evenings of, October 21<sup>st</sup> through , October 24<sup>th</sup> and spring conferences will be March 9<sup>th</sup> through March 12<sup>h</sup>. Appointments be set prior to those dates. Friday, October 25<sup>th</sup> and Friday, March 13<sup>th</sup>, schools will be closed to accommodate evening conferences teachers have scheduled to meet with parents.

### **Parties**

Parties are permitted for such events as Halloween/Fall, Christmas/Winter, Valentine's Day/Kindness, Easter/Spring, and Accomplishments/Summer. Party times will be determined by the classroom teachers and shall not exceed one hour in length. Please inform the principal prior to all such events.

### **Pets on the Playground and in the School**

No animal should be brought for "Show and Tell" unless a parent can bring it and take it home afterwards. Due to allergies to pet hair, we ask that these "Show and Tell" days happen when the weather is good and they can be held outside.

### **Phone Calls and Staff Messages**

Please log all long distance calls. Personal long distance calls are your responsibility. Log calls to parents in the Contact Log in Infinite Campus so we can document contacts. Teachers are asked to place any personal phone calls outside instructional time.

### **Playground Rules**

Playground rules are listed in the student handbook. Be sure to review the rules with your class. Make sure new children in your class also become familiar with the rules. When on playground duty, enforce all the rules listed and be consistent. We need the cooperation of both teachers and children.

### **Professional Staff Time Schedules/Working Hours**

As per Board Policy File: GCJ, all teachers must be in the building 30 minutes before school starts and remain until at least 30 minutes after school is dismissed unless leaving the building to attend a district meeting or district activity at another site. Always inform the school secretary or principal before you leave the building.

### **Releasing Students**

**All** releases must be documented and no student is to be released to a person not identified and permitted to do so as represented on the student Summary on IC. Parent/Guardian contact is to be made before releasing a student—**no exceptions**. Parents **must** sign their child either into school or out of school – **no exceptions**.

### **Reporting Suspected Child Abuse**

Wyoming State Statute requires reporting by any person having reasonable cause to believe that a child under the age of eighteen is or has been the subject of child abuse. Staff is to make such a report that involves a student to the school principal, social worker, counselor, or nurse. The building principal **must**

be informed of any child abuse report.

### **Room Care**

Please have students pick up the room at the end of the day and put their chairs on the desks. Students are expected to clean up any mess that they make. Notify the custodian when there are spills that involve such things as glue, paint, or milk; and do what you can to clean up these kinds of things as soon as possible. Please use the Gaffer's Tape (see custodian) if you are going to tape out areas on your carpet. This tape does not leave permanent adhesive on the carpet and is easily removed. You are expected to maintain an educational environment conducive to student learning.

### **Special Classes**

"Specials" classes are art, music, and physical education. These classes are expected to begin the first week of school and continue to the last week of school.

### **Staff Ethics**

## **STAFF ETHICS**

All District employees serve as role models to students and, as such, are expected to model positive, healthy human behavior and relationships that are emotionally, physically and intellectually safe. Such safe and healthy relationships are to be evidenced by Staff through appropriate boundaries in their relationships with students on and off District property, appropriate usage of technology, and respectful interactions with others.

For purposes of this policy, Staff includes any District employee, including administrators, certified staff, and support staff. Staff have a responsibility to maintain an atmosphere conducive to learning, modeling self-control, understanding, respect and cooperation.

Staff should be professional at all times in their relationships with other staff members, students, and student guardians. For purposes of this policy, professionalism means the display of respect and work ethic, within our job roles and throughout our work hours, to teach, model and encourage honesty, productivity, the honoring of confidentiality, and the acceptance of differences.

Staff have an ethical responsibility to model appropriate dress, manners, and behavior on school property and while performing school duties.

Staff are responsible for maintaining student discipline and shall be treated with respect by students at all times. At school or school-related activities, students will not address Staff on a first-name basis.

Although it is desirable that Staff have a sincere interest in students as individuals, partiality and impropriety are to be avoided. Inappropriate involvement with individual students should be avoided regardless of whether or not the student may have "consented" to such conduct. Such conduct is not compatible with professional ethics.

Staff shall use good judgment in their relationships with students, both inside and outside of the school environment.

Unethical behavior can be reported by visiting the Lighthouse Services website at <http://www.lighthouse-services.com/sw2> or by calling Lighthouse Services at 877-472-2110.

Any staff member who engages in prohibited conduct under this policy may be subject to discipline, up to and including termination of employment, subject to all applicable due process rights.

### **Student Transportation in Private Vehicles**

**File: EEAE**

District Personnel shall not transport students in personal vehicles at any time.

### **Teacher Leave-Calling for a Substitute**

If you are ill, please **call the substitute hotline (872-8819) as soon as possible**—call the night before if you know you will not be able to come in the next day. If you call in the morning, **please do so by 6:00 AM** or as early as possible. You may request a substitute teacher. You **must** contact the school secretary and the building principal as well.

The building principal must approve all personal and professional leave requests; and a completed Leave Request form must be submitted to the building secretary. Please make such requests as soon as the dates are confirmed. Personal leave can be declined if no substitutes are available, or if shorter than 3 days is given for the request.

### **Teaming**

All teachers are expected to be a part of the educational team and teaming is expected and encouraged. Teaming is the intentional focus on the task of teaching the District Curriculum by planning together, and using the District adopted Instructional Process and working with other teachers in the building and throughout the district to provide opportunities for students to succeed.

### **Title IX/Section 504**

Kathy will take care of all travel arrangements (i.e. means of transportation, hotel, conference or course fee, etc.). She will send you the documents for the trip once they are arranged. You will be informed of denied requests.

The District requests students, parents, and staff to assist the Superintendent and the Board of Trustees in identifying barriers to a discrimination-free working environment in the District. Inquiries regarding discrimination and/or harassment should be directed to the designated Human Resources Administrator, 351 Monroe Avenue, Green River, WY 82935 (307) 872-8813.

#### CONFIDENTIALITY

The District will respect the confidentiality of the complainant and the respondent to the extent reasonably possible and consistent with the District's legal obligations and the necessity to investigate allegations of discrimination and/or harassment and take appropriate disciplinary action when the conduct has occurred.

#### **Retaliation**

The District shall discipline any individual who retaliates against any person who reports alleged discrimination and/or harassment or any person who testifies, assists or participates in any investigation, proceeding or hearing relating to a complaint under this policy. Retaliation includes, but is not limited to, any form of intimidation, harassment, threats and menacing behavior, coercion, or discriminatory acts taken against any person who reports, files a complaint, or participates in an investigation conducted pursuant to this policy.

Such discipline shall be in accordance with applicable Board policies, consistent with applicable state and federal laws.

#### **CONSEQUENCE FOR FALSE ACCUSATION**

A false accusation of discrimination and/or harassment under this policy can have a serious detrimental effect on innocent parties. Any individual who is found to have made a deliberate or intentional false accusation, report, or complaint is subject to discipline in accordance with this policy and administrative regulation. A finding that a claim under this policy is not substantiated after investigation does not equate to a false accusation, if the claim is made in good faith.

## **RIGHT TO ALTERNATIVE COMPLAINT PROCEDURES**

This policy and related administrative regulation do not deny the right of any individual to pursue other avenues of recourse which may include filing charges with the Equal Employment Opportunity Commission, the Wyoming Fair Employment Program, or the Office for Civil Rights (U.S. Department of Education), or from initiating civil action, or seeking redress under state criminal statutes and/or federal law.

## **DISSEMINATION OF POLICY AND TRAINING**

This policy shall be included in the employee handbook and shall also be available to the public on the District's website in a manner to be determined by the Superintendent and his/her designee. The District shall incorporate yearly training and education on this policy in its professional development programs.

## **ADMINISTRATIVE REGULATION FOR POLICY JFCK-HARASSMENT, SEXUAL HARASSMENT, INTIMIDATION, OR BULLYING**

### **DEFINITIONS:**

#### **1. Harassment, Intimidation, or Bullying**

Harassment, intimidation, or bullying, means any gesture, any electronic communication, or any written, verbal, or physical act occurring or received at a school or at a school function, or that creates a hostile environment at school, that a reasonable person under the circumstances should know will have the effect of:

- a. Harming a student physically or emotionally, damaging a student's property or placing a student in reasonable fear of personal harm or property damage;
- b. Insulting or demeaning a student or group of students causing substantial disruption in, or substantial interference with, the orderly operation of school; or
- c. Is so sufficiently severe, persistent or pervasive that it creates an intimidating, threatening, or hostile environment so as to interfere with or limit a students' ability to participate in or benefit from the services, activities, or opportunities offered by the school.

Harassment does not have to include intent to harm, be directed at a specific target, or involve repeated incidents. Because students often experience the continuing effects of off-campus harassment in the educational setting, the District will consider the effect of off-campus conduct when evaluating whether there is a hostile environment on campus.

When such harassment is based on race, color, national origin, sex, or disability, it may violate civil rights laws.

In the case of bullying, the following three criteria must also be met:

- a. Must be intentional action meant to harm,
- b. Must be repeated behavior over time,
- c. Must have a power imbalance where a student or group of students have a hard time defending themselves.

Harassment, Intimidation, or Bullying may take many forms, including:

a. **Cyber Bullying**

Cyberbullying, as defined in District Policy JFCFA, is the use of any electronic communication device to convey a message in any form (text, image, audio, video, or other) that defames, intimidates, harasses, or is otherwise intended to harm, insult, or humiliate another in a deliberate, repeated, or hostile and unwanted manner under a person's true or false identity. In

addition, any communication of this form which disrupts or prevents a safe and positive educational environment may also be considered cyberbullying.

**b. Sexual Harassment (Title IX of the Education Amendments of 1972)**

Sexual harassment is defined as, but not limited to, unwelcome sexual advances, requests for sexual favors, or other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment may include: verbal harassment, including epithets, derogatory comments or slurs, physical harassment, physical interferences with movement or work, or visual harassment such as derogatory cartoons, drawings, pictures or posters.

Specifically, sexual harassment includes unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature, which:

1. Is so severe, persistent, or pervasive, as to create an intimidating, hostile, or offensive environment;
2. Interferes with a student's work performance;
3. Creates a condition such that a student believes that submission to such conduct is a term or condition to participate in a school activity or program; or,
4. Causes a student to believe that an educational decision will be based on whether he or she submits to the unwelcome sexual conduct.

**c. Sexual Violence**

Sexual Violence is a form of sexual harassment and refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent (e.g., due to the student's age or use of drugs or alcohol, or because an intellectual or other disability prevents the student from having the capacity to give consent). A number of different acts fall into the category of sexual violence, including rape, sexual assault, sexual battery, sexual abuse, and sexual coercion.

EXAMPLES: Conduct that the District considers unacceptable and may constitute sexual harassment includes, but is not limited to, the following:

1. Sexual assault, attempted sexual assault, forcible sexual abuse, sexual hazing, and other sexual and gender-based activity of a criminal nature as defined under the Wyoming Criminal Code;
2. Unwelcome sexual invitations or requests for sexual activity in exchange for grades, preference, favors, selection for extracurricular activities, homework, etc.;
3. Unwelcome and/or offensive public sexual display of affection;
4. Any unwelcome communication that is sexually suggestive, sexually degrading, or implies sexual motive; or intentions;

5. Unwelcome and offensive name calling or profanity that is sexually suggestive, sexually degrading, implies sexual intentions, or that is based on sexual stereotypes or sexual preference;
6. Unwelcome physical contact or closeness that is sexually suggestive, sexually degrading, or sexually intimidating;
7. Unwelcome and offensive physical pranks of a sexual nature;
8. Unwelcome leers, stares, gesture, or slang that are sexually suggestive, sexually degrading or imply sexual motives or intentions;
9. Clothing with sexually obscene or sexually explicit slogans or messages;
10. Unwelcome and offensive skits, assemblies, and productions that are sexually suggestive, sexually degrading, or implies sexual motives or intentions, or are based on sexual stereotypes;
11. Unwelcome written or pictorial display or distribution of pornographic or other sexually explicit materials such as magazines, videos, films et., or;
12. Any other unwelcome gender-based behavior that is offensive, degrading, intimidating, demeaning, or that is based on sexual stereotypes and attitudes.

Sexual harassment is prohibited against members of the same sex as well as against members of the opposite sex.

**d. Gender-based Harassment**

Gender-based harassment is another form of sex-based harassment and refers to unwelcome conduct based on an individual's actual or perceived sex, including harassment based on gender identity or nonconformity with sex stereotypes, and not necessarily involving conduct of a sexual desire.

**e. Disability/Handicap (section 504 of the Rehabilitation Act of 1973, and Americans with Disabilities Act)**

Disability harassment under Section 504 and Title II is intimidation or abusive behavior toward a student based on disability that creates a hostile environment by interfering with or denying a student's participation in or receipt of benefits, services, or opportunities in the institution's program. Harassing conduct may take many forms, including verbal acts and name-calling as well as nonverbal behavior, such as graphic and written statements, or conduct that is physically threatening, harmful, or humiliating.

**f. Racial/Ethnic Harassment (Title VI)**

Racial/ethnic harassment under Title IV is intimidation or abusive behavior toward a student based on the individual's race or ethnic background that creates a hostile environment by interfering with or denying a student's participation in or receipt of benefits, services, or

opportunities in the institution's program. Harassing conduct may take many forms, including verbal acts and name-calling, as well as nonverbal behavior, such as graphic and written statements, or conduct that is physically threatening, harmful, or humiliating an individual's race or ethnic background.

#### **g. Religious Harassment**

Religious harassment is intimidation or abusive behavior toward a student based on the individual's religious beliefs and/or practices that creates a hostile environment by interfering with or denying a student's participation in or receipt of benefits, services, or opportunities in the institution's program. Harassing conduct may take many forms, including verbal acts and name-calling, as well as nonverbal behavior, such as graphic and written statements, or conduct that is physically threatening, harmful, or humiliating individual's religious beliefs and/or practices.

#### **2. Consent**

Consent is defined as knowing, voluntary and clear permission communicated either by words or overt actions by a person who is legally or functionally competent to give informed approval, to participate in mutually agreed upon sexual activity or behavior. Since individuals may experience the same interaction in different ways, it is the responsibility of each party to make certain that the other has consented before engaging in the sexual activity or behavior. Consent can be withdrawn at any time. Consent cannot be obtained by way of threat, coercion, force, or when an individual is incapacitated by age or use of drugs or alcohol, or because an intellectual or other disability prevents the students from having the capacity to give consent.

#### **3. Retaliation**

Retaliation includes, but is not limited to, any form of intimidation, harassment, threats and menacing behavior, coercion, or discriminatory acts taken against any person who reports, files a complaint, or participates in an investigation conducted pursuant to the District's Harassment, Sexual Harassment, Intimidation, and Bullying policy.

#### **4. School**

School as used in this policy includes a classroom or other location on school premises, a school bus or other school related vehicle, a school bus stop, an activity or event sponsored by a school, whether or not it is held on school premises, and any other program or function where the school is responsible for the child.

### **COMPLIANT PROCEDURE**

The District is committed to providing a balanced and fair process to resolve complaints of harassment, sexual harassment, intimidation, bullying, and other forms of violence so that everyone – alleged target, alleged aggressor, and the entire school community – is granted the right to a safe environment, free from discrimination.

In determining whether a violation of this Policy has occurred, the District uses a preponderance of the evidence standard ("it is more than likely than not that harassment, sexual harassment, intimidation, bullying, or other form of violence occurred.")

The District shall respect the privacy of the alleged target, the alleged aggressor, and any witnesses as much as possible, consistent with the District's legal obligation and the necessity to investigate the allegations. In pursuing its investigation and making its determination, the District shall ensure the alleged aggressor received the due process guaranteed to students.

The complaint process should be completed as promptly as possible, but shall not take any longer than sixty (60) calendar days, absent extenuating circumstances, communicated to the parties.

## **REPORTING PROCEDURES**

All persons, whether student, parent or school staff, are encouraged to immediately report incidents of harassment, sexual harassment, intimidation, or bullying. Reports should be made as soon as possible but not later than one (1) calendar year from the date of the alleged incident.

Teachers and other District employees who are aware of or suspect that a student is the target of alleged harassment, sexual harassment, intimidation, or bullying shall report to the building principal.

Reports may be submitted in any of the following ways:

1. Complete and submit the Anti-Harassment/Bullying Complaint form which is available at any local school building or can be accessed on the District website – [www.swcsd2.org](http://www.swcsd2.org) However, use of formal reporting forms is not mandatory.
2. An oral report may be made, which will be documented by a District employee.
3. An email report may be submitted to a District employee.
4. An anonymous report may be made by utilizing the Safe<sup>2</sup>Tell™ link on the District's website – [www.swcsd2.org](http://www.swcsd2.org) or calling 1-855-996-7233 (855-WYO-SAFE). However, disciplinary action shall not be taken against an alleged harasser based solely on the contents of an anonymous report.

Any employee who receives a report under this policy and administrative regulation shall immediately inform a building principal, who will document the report and initiate the investigation as set out in this regulation.

If the complaint/report is against a District employee, the complaint/report shall be filed directly with the Title IX Coordinator. If the complaint/report is against the Title IX Coordinator, the complaint/report shall be filed directly with the Superintendent.

For complaints/reports against District staff, please see Policy GBN/GDR.

Individuals experiencing sexual harassment or discrimination also always have the right to file a formal grievance with the Office for Civil Rights, 1244 Speer Blvd., Suite 310, Denver, CO 80204-3582, (303) 844-5695, [OCR.Denver@ed.gov](mailto:OCR.Denver@ed.gov).

Report of harassment based on disability may also be initially directed to the Special Services Director, 351 Monroe Avenue, Green River, WY 82935, (307) 872-5505.

## **Confidentiality**

All complaints of harassment, sexual harassment, intimidation, or bullying will be investigated in a manner, which protects the alleged target and the alleged harasser and maintains the students' confidentiality to the great extent possible. If an alleged target does not wish for his or her name to be shared, does not wish for an investigation to take place, or does not want a formal resolution to be pursued, the alleged target may make such a request to the building principal, who shall discuss confidentiality standards and concerns with the alleged target initially. If the alleged target continues to ask that his or her name not be revealed, the building principal should take all reasonable steps to investigate and respond to the complaint consistent with the student's request as long as doing so does not prevent the school from responding effectively to the alleged conduct and preventing harassment, sexual harassment, intimidation, or bullying of other students. Note that an alleged target's request for confidentiality may limit the District's ability to respond.

## **INTERIM MEASURES**

When an alleged target reports that he or she has been harassed, sexually harassed, intimidated or bullied in violation of this policy, the building principal may take immediate interim measures, at his/her discretion, if deemed prudent to protect the alleged target, alleged harasser, or other students, and/or employees pending completion of an investigation. Interim measures may include counseling extensions of time or other class-related adjustments, modifications of class or bus scheduled, safety plans, restrictions on contact between the parties, changes in locker locations, changes in recess or cafeteria schedules, providing academic or other support, and other similar accommodations. The specific interim measures and the process for implementing those measures will vary depending on the facts of each case.

The building principal shall inform the student(s), a student'(s) parent(s), the student'(s) teacher(s), and other appropriate staff members as determined by the building principal, of steps or strategies to protect that alleged target and/or alleged harasser from additional harassment, intimidation, or bullying and from retaliation.

## **INVESTIGATION**

All reports made under this policy shall be processed by the building principal or his/her designee. The District shall provide a prompt, fair, and impartial investigation and resolution for any report of harassment, sexual harassment, intimidation, or bullying. The building principal shall immediately initiate an investigation. Every reasonable effort shall be made to determine the merits of each complaint/report while protecting the interests and well-being of both the alleged target and the alleged harasser.

## **Preliminary Inquiry**

Following a receipt of a report under this policy, the building principal shall engage in a preliminary inquiry to determine if there is reasonable cause to believe this policy has been violated. If the answer is yes, a formal investigation will be conducted as outlined below. The

preliminary inquiry shall be conducted and the parties notified of the outcome with five (5) school days.

The goal of the Preliminary inquiry is to gather enough information to determine whether the facts, when taken at face value, constitute a potential violation of the Harassment, Sexual Harassment, Intimidation, or Bullying policy. If the answer is yes, a Formal Investigation shall be conducted as outlined below. If the answer is no, the actions may constitute student misconduct that will be documented and addressed pursuant to school policy.

### **Formal Investigation**

If the preliminary inquiry concludes that a violation of this policy may have occurred, the building principal shall initiate a formal investigation. At this time, the parents/guardians of both the alleged target and the alleged harasser shall be contacted, if such contact has not already been initiated. Parents of the students involved in the complaint shall be encouraged to participate at each stage of the investigation and resolution process.

The formal investigation shall be thorough and will afford all parties an equal opportunity to submit evidence and to identify witnesses relative to the complaint. The formal investigation shall include personal interviews with the alleged target, the alleged harasser, possible witnesses to the incident, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. Students as well as adults may be interviewed. If sexual harassment is suspected, the allegations shall be investigated by two investigators of different gender. The investigation will also consist of any other methods and documents deemed pertinent by the investigator, including but not limited to a review of student records, video surveillance, electronic content/web content, and any tangible evidence.

In determining whether the alleged conduct constitutes harassment, sexual harassment, intimidation, or bullying, consideration should be given to the surrounding circumstances, age and maturity of the involved parties, and if in the case of sexual harassment, the nature of the sexual advances, relationships between the parties involved, and the context in which the alleged incidents occurred. The District recognizes not every advance or consent of a sexual nature constitutes harassment. Whether a particular action or incident is a personal, social relationship without a discriminatory education effect requires a determination based on all the facts and surrounding circumstances.

If the target of harassment is a student with a disability who has an Individualized Education Program under the Individuals with Disabilities Education Act (an "IEP") or a Plan under Section 504 of the Rehabilitation Act of 1973 (a "Section 504 Plan"), the investigation shall include a determination of whether the student's receipt of a free appropriate public education ("FAPE") under the IEP or Section 504 Plan may have been affected by the harassment, regardless of why the harassment occurred.

Upon completion of the investigation, the building principal shall prepare a written report of the findings and conclusions of the investigation. The building principal shall respond in writing to the parent/guardian of the alleged target and the parent/guardian of the alleged harasser as expeditiously as possible, but in no event later than sixty (60) calendar days following receipt of the report, absent extenuating circumstances that have been communicated to all parties.

The response may include:

1. Whether the District found that the alleged conduct occurred and whether the alleged action violates this policy;
2. Any individual remedies offered or provided to the target and other steps the District has taken to eliminate the hostile environment, though this information shall not be provided to the aggressor;
3. Whether disciplinary action or other sanctions are imposed on the aggressor that directly relate to the target; if not, such information is provided to the aggressor only;
4. Notice of the right to appeal as set forth below.

Either party may appeal the result of the investigation to the Superintendent. All requests for appeal must be submitted in writing to the Superintendent within ten (10) school days of delivery of the building principal's response. Appeals are limited to the following grounds:

1. A procedural error omission occurred that significantly impacted the outcome of the investigation.
2. To consider new evidence, unknown or unavailable during the original investigation, that could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included.
3. The sanctions imposed are substantially disproportionate to the findings.

### **DISTRICT ACTION**

If the investigation determines that a student or students engaged in harassment, sexual harassment, bullying, or intimidation of a student in violation of this policy, the building principal shall recommend corrective, remedial, and/or disciplinary action under the guidance of the District's policies, as appropriate, and based on the results of the investigation.

The District may take such action as training, counseling, or other appropriate action based on the results of the investigation.

Any school action taken pursuant to this Policy shall be consistent with the requirements of Wyoming Statutes and District policies. The District shall take such disciplinary action it deems necessary and appropriate, including warning, suspension, or expulsion to end the harassment, sexual harassment, intimidation, or bullying and prevent its recurrence.

When determining corrective and/or disciplinary action, the building principal shall consider; the age of the students involved, facts gained through investigation, the impact of harm that the behavior had on the target; the context in which the behavior occurred; the nature of sexual advances, if applicable; the relationship between the parties; and the level of severity of the behavior. Any corrective disciplinary action(s) should be consistent with appropriate past discipline imposed by the District in similar situations.

## **RETALIATION**

The District prohibits retaliation and shall discipline any individual who retaliates against any person who reports alleged harassment, sexual harassment, intimidation, or bullying, or who retaliates against any person who testifies, assists or participates in any investigation, proceeding or hearing relating to a harassment, sexual harassment, intimidation, or bullying complaint.

Such discipline shall be in accordance with applicable Board policies, consistent with applicable state and federal laws.

## **REPORTS/COMPLAINTS TO LAW ENFORCEMENT AUTHORITIES**

Where there is reasonable suspicion that the alleged harassment, sexual harassment, intimidation, or bullying involves criminal activity, the appropriate law enforcement agencies will be immediately contacted.

Under certain circumstances, sexual harassment may constitute child abuse or neglect under W.S. §§14-3-201 et seq. as amended. In such situations, the District shall comply with the reporting requirements contained herein.

IN the event that law enforcement agencies become involved, the District will complete its investigation and render its written findings in accordance with its policies and procedures and independent of the law enforcement agencies disposition of the case.

## **RECORDS**

A report under this policy shall be documented and maintained by the District for seven (7) years.

In the case of sexual harassment, the Title IX Coordinator shall keep documentation of all reports and incident analyses for ten (10) years. Even if the alleged target refused to file a complaint, the building principal must proceed with the process of completing a report and the support documentation.
