

Summer Art Camps

Mosaic Making Experience

In this workshop, students will have the opportunity to experience the art of glass mosaics. Students will create at least three finished projects including a wood-cut out picture frame, a flower pot, and a large mosaic of their own design on wood. The mosaics will be created out of cut stained glass, tiles, marbles and other found materials. Course price includes all materials. Returning students will have a self-designed course where they can do one larger project. Some example items are found pieces from antique shops or goodwill (mirrors, table tops, windows etc.)
