Summer, 2019

## *Welcome to 7<sup>th</sup> Grade!*

The Navigators and Trailblazers teams welcome you to seventh grade. We look forward to many educational experiences with your child including various field trip events and several exciting performance based projects in classes.

In seventh grade, the grading system continues to be the secondary grading system, which reports grades as percentages. The percentages are as follows:

$$\begin{array}{lll} A = 93-100\% & B = 85-92\% & C = 76-84\% \\ D = 70-75\% & F = 69\% \text{ \&/or lower} & \end{array}$$

Seventh grade requires high degrees of organization and responsibility. Organization begins with daily use of the agenda book. The Mechanicsburg Middle School provides each student with an agenda book to record all homework, long-term assignments, projects, and communications to parents. Students should also bring paper, pencil, and the assigned book to every class.

To help you prepare for the new school year, we would like to help you organize your back to school shopping. **(Suggested school supplies are listed on the 7<sup>th</sup> Grade Supply List.)** Once the new school year has begun, students will be notified by their team and individual teachers of specific items required for the classroom.

Students in seventh grade are also responsible for completing all work on time. When absent, students must contact their teachers for make-up work information immediately upon returning to school. For absences that are anticipated, including sectionals, check with teachers as soon as possible before the absence. Late work will be penalized.

We look forward to meeting you on August 21, 2019. You will learn more about your Team at that time.

Sincerely,

The Seventh Grade Teachers, Administration, and Staff

The Mechanicsburg Area School District is an equal opportunity employer.
