

**Freshman English/World Literature/American Literature  
Summer School**

**College Prep English Courses**

**Research/Writing/Literary Analysis/ Strategic Vocabulary Development**

**Course Description:**

This college prep course is for students who need more individualized help honing their English skills. Topics covered for writing: database research, evaluation of sources, outlining, citing, grammar, fluency, reading comprehension, comparing of texts (fiction and non-fiction) and proper MLA format.

Students must write and pass the benchmark essay for the semester of English. Also, we will be using Membean, the individualized SAT prep vocabulary evaluation and strategic memorization computer program. The program is used to aid students in the retention of usable vocabulary up through college level. Lastly, we will read and analyze a novel in each semester from that level's genre of literature. Textbooks will be provided. As prerequisite for taking this class, a student must have earned a "D" or an "F" in a previous semester of English.
