Motion made by Kim Lyons to maintain current SIT members for the 18-19 school year. Members from specific departments will rotate off in May 2019.

School Safety

A big safety concern is keeping the exterior doors closed and locked. Part of this is ensuring that each student has a working key card. We will reduce the number of student entry points to increase campus safety, and are looking into a new door system.

Students going behind the old junior high building during lunch, before and after school is a concern.

Data/EVAAS

Trainings will be provided during the school year on how to maximize EVAAS data. SIT members and academic departments will report to administration data points they need in order to best serve the students.

Facilities

Hallway, roof, lighting, and sidewalk issues, etc. have been resolved over the summer. Other improvements will be taking place throughout the school year. We are down ½ of a custodial position, so we will need to work hard to maintain cleanliness within the building.

Communication

Key communication resources include the website, Schoology, and Twitter. A communication focus this year will be on our academic events, as our athletic events are already well-covered.

Staff should let Julie Sievers know anything they would like highlighted on the website or in the newspaper regarding their classes, clubs, student organizations, etc.

Other Concerns

Exposing 'at-risk' students to more opportunities (i.e. SCC, military, local employment opportunities) to encourage them to stay and succeed in school, and eliminating barriers to success (i.e. transportation, fees, etc.).
