### **Ridgeview High School Mission**

The Mission of Ridgeview High School, and the Kern High School District, is to provide programs and services to allow ALL students to graduate from high school prepared to succeed in the workplace or at the post-secondary level.

### **Ridgeview High School Vision**

Ridgeview High School graduates will be prepared to become lifelong learners who will contribute to the community. Students will become responsible learners through challenging "standards-based" course work who can communicate effectively, think critically, and solve problems. The collaboration of school, home, and community will prepare every graduate for the challenges of the future.

### **School Description**

The staff and community partners of Ridgeview High School are committed to providing a wide variety of educational experiences for all students to prepare them for the greatest number of opportunities following graduation including attending a college or university program, technical training programs, service in any of the armed forces or entering the world of work. The school's Student Learning Goals, revised in February of 2005, provide an over-arching view of what all students should know and be able to do. Students will be prepared to meet the expectations set forth in the adopted subject area content standards to demonstrate their academic proficiency on various state and local assessments, while meeting the graduation requirements set by the Kern High School District.

The Kern High School District is comprised of eighteen comprehensive high schools, six continuation high schools, one Adult School and a Regional Occupation Center/Program. Ridgeview, the thirteenth high school in the district opened in August of 1994 with a total enrollment of 780 students. The current enrollment is just over 2650. This is a reduction of 250 students since the schools highest enrollment of 2900 in 2007. Ridgeview's major feeder schools are Stone Creek Junior High School, Warren Junior High School, Thompson Junior High School, and General Shafter School. The Panama-Buena Vista School District is the largest feeder district. Ridgeview students are representative of the community of Bakersfield. The student body is 67% Hispanic 13% White 10% African American and 7% Asian. Longitudinally in Bakersfield the Hispanic population in Bakersfield over the last two decades has grown while the white population was decreased. The African American population has remained stable over time. Students and Staff have always appreciated and celebrated the diversity of cultures represented on the Ridgeview campus.

The diversity of students on campus is also represented in the students served through Special Education programs and services. Students are served by teachers and instructional aides in the program for the Severely Developmentally Delayed (SDD), resource classes, special day classes, and the county program for visually impaired students.

RHS students are further supported by comprehensive counseling and guidance services provided by seven academic counselors. In addition, Ridgeview students are supported by three full-time Community Specialists as well as one part-time Community Specialist on campus. Ridgeview also now has a full time intervention specialist on campus. Counseling and guidance services are extensive and organized around the National Standards for Counseling. Link Crew is a mentoring program where juniors and seniors help freshman transition successfully into high school. The upper-classmen received ten hours of formal training before they met freshmen students for a four-hour orientation session. Link Crew students also provide support in the classroom serving as student tutors. They continue to be in touch with assigned freshmen throughout the year to provide support as needed.

Ridgeview High School has a clearly stated mission, a purpose based on its beliefs, student's needs, and current educational research. Supported by the Kern High School District's Priority Goals for 2008 - 2011, the Board of Trustees and the District Administration Ridgeview's mission is defined by Student Learning Goals. Emphasis is on four key areas of knowledge skills and abilities it is our goal to have all graduates leave Ridgeview with the greatest number of options for postsecondary education and work. All Ridgeview staff is committed to provide students with the opportunity to gain knowledge by meeting the academic content standards, becoming effective communicators, developing information literacy and becoming responsible citizens.

During the 2015-2016 school year, Ridgeview High School developed the P.A.C.K. acronym which represents campus-wide behavior expectations for students.

- P- Practice Respect
- A- Act Responsibly
- C- Consider Others
- K- Keep of School Safe

In addition, during the 2016-2017 school year, Ridgeview develop a school-wide behavior matrix to promote expected behaviors for students throughout various locations on campus. The staff and student body at Ridgeview voted on a school motto and adopted, "One Pack, One Howl."

### About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Kern High School District (KHSD) facilities are maintained in a manner that assures safety, cleanliness, and functionality. KHSD Safety Inspectors and the Maintenance and Operations Department conduct annual inspections as determined pursuant to a Facility Inspection Tool (FIT) developed and approved by the State of California, Office of Public School Construction (OPSC). The FIT evaluates a school facilities' good repair status with ratings of "good", "fair", or "poor." The instrument does not require capital enhancements beyond the standards to which the facility was designed and constructed. Improvements come from the District Maintenance and Operations budget and the school's Principal's budget. The District participates in the State School Deferred Maintenance Program for major repair and replacement of existing school building components. Typically this includes roofing, plumbing, heating, air conditioning, electrical systems, interior and/or exterior painting and floor systems.

School Facility Good Repair Status (Most Recent Year) Year and month in which data were collected: August 2015

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
ELA	56.0	52.0	51.0	49.0	48.0	50.0
Math	21.0	17.0	21.0	22.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter

Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	16-17	17-18	16-17	17-18	16-17	17-18
Science	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Grade Level	2017-18 Percent of Students Meeting Fitness Standards		
	4 of 6	5 of 6	6 of 6
9	14.4	30.0	40.7

\* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

### Opportunities for Parental Involvement (School Year 2018-19)

#### Opportunities for Parental Involvement

The staff at RHS utilizes many successful strategies to encourage parental and community involvement in the teaching and learning processes. RHS hosts a staff supervised website that has a wide variety of information, tools and links to assist parents and students in a variety of ways to support student education. Including: School

programs and services, counseling and Guidance services, graduation requirements, college information and pertinent dates, SAT and ACT registration information, and scholarship information. Faculty web pages provide students and parents with an opportunity for regular instructional and achievement updates.

RHS staff also communicates with parents by phone and email to discuss student progress and to encourage parental input and participation. The district has implemented an effective system for notifying parents when it is impractical to expect the staff to make numerous phone calls. This automated system is used to assist in mass communication efforts and notification of daily student absences. Ridgeview also has a school marquee located outside the administration building and visible to students, staff and parents. The marquee is updated regularly with information regarding important school events, such as: athletic contests, music performances and academic testing days. During the 2016-2017 school year, Ridgeview opened a brand new Parent Center located inside of the library. The Parent Center hosts workshops for parents and is open in the evenings two night per week.

Ridgeview's parent groups provide program assistance through fund raising, student supervision, participation on advisory councils, assisting with student transportation, and volunteer labor. RHS parent support groups include Athletic Boosters, Music Boosters, Bilingual Parent Advisory, Migrant Parent Advisory, GATE Parent Advisory and School Site Council. Parents are encouraged to contact teachers, counselors, and the administration to express issues of concern as well as interest in becoming an active member of the Wolf Pack support team.

**State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

**School Safety Plan**

Ridgeview High School certificated personnel reviews and modifies the school safety plan on an annual basis. The safety plan details school procedures in the event of Natural Disasters and other emergency situations; notification of parents and transportation procedures are included. The RHS Administration has also been trained in National Incident Management System (NIMS) and a current NIMS plan was up-dated in September 2009. The NIMS and School Safety Plan are located in the Administration building. Also included in the safety plan: suspension/expulsion procedures, school discipline code, suspected child abuse procedure, and the KHSD sexual harassment policy. The safety plan may be reviewed by interested parties during school office hours in the administration building.

Date School Safety Plan last reviewed: 10/2018

\* Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

### Professional Development provided for Teachers

Teaching staff at Ridgeview High School participates in many professional development activities annually. In addition to staff training and level meetings scheduled every other week through the use of banked minutes, teachers attend a variety of district and school funded target professional development targeting research based instructional strategies. Additionally, our new teachers are supported through the new teacher induction program, and professional conferences.

### Career Technical Education Programs

The Kern High School District's (KHSD) 18 comprehensive high schools, 6 continuation schools, two special education career centers, Bakersfield Adult School, and Regional Occupational Center (ROC) offer a wide variety of career pathways as outlined by the California Career Technical Education Model Curriculum Standards across the 15 industry sectors.

The collaboration between KHSD's Career Technical Education (CTE) programs and the local postsecondary schools provide a coherent sequence of courses directly related to the academic and career preparation of all students for employment in current and emerging occupations. KHSD has long been a leader in CTE programs which have been recognized locally and nationally.

The ROC offers 27 capstone classes to the local high school students and supports introduction, concentration, and capstone program offerings at the comprehensive sites. The Health Careers Academy offers a sample of the CTE programs that demonstrate the collaboration between the various educational institutions. Students may take introductory and concentrator classes at their regular high school campus, attend the Nursing Assistant ROC program during their senior year and obtain state certification, sequence to the Bakersfield Adult School's Licensed Vocational Nursing program, and finish at a local college as a Registered Nurse.

A strong relationship with the Kern Community College District Collaborative has strengthened the CTE programs at the secondary and post-secondary levels. Thirteen Partnership Academies through the California Department of Education (CDE) flourish at eight comprehensive sites, providing graduates with real-world CTE pathway experiences, state and/or career certification, and work opportunities immediately upon graduation.

Follow up studies track the Carl Perkins CTE program completers with over 90% graduation rate for student participants. The KHSD CTE Advisory Committee, representing a reflection of local business and industry partners, meets annually to make recommendations for program improvement, as well as to discuss industry trends, training needs, and local industry demands for future employment.

CTE courses at KHSD comprehensive sites are increasing rapidly with a wide range of pathways being offered at the various schools. In addition, the District continues to add resources to further improve and expand CTE offerings.

Project-Lead-The-Way, a CTE program supported by Chevron and in partnership with the KHSD, specifically supports advanced Science and Engineering programs. The KHSD also supports Virtual Enterprise programs at eight of the comprehensive schools and hosts the state-wide Business Plan Competition & Tradeshow. The district receives a variety of state and federal CTE grant funding which helps many of the CTE programs at the school sites.

### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
