

Enrollment Policy FAQ

New Millennium Academy will develop each student's academic potential, personal character, and leadership qualities through an academically rigorous and content-rich educational program grounded in the classical tradition.

2019-2020 School Year.

Open enrollment period is from August 27, 2018 to June 30, 2019.

Q: Even though the Open Enrollment Period for the 2018-2019 school year has ended can I still enroll my children in New Millennium?

- Even though the open enrollment period has passed New Millennium always accepts enrollment applications for the current year. Once received, the students are offered available spots in open classes or placed on the waiting list.

Q: When is the Open Enrollment Period for the 2019-2020 school year?

- We will begin accepting applications for the 2019-2020 school year on August 27, 2018. The deadline for submitting an application is June 30, 2019. New Millennium will be accepting applications for grades K-8. Applications received after June 30, 2019 will be placed on the waiting list (if the class is full).

Q: Will the students currently enrolled in New Millennium have priority?

- Per state statute, students who are currently enrolled at New Millennium will have priority in the enrollment process. Families who want to reenroll their children at New Millennium will be asked to fill out an "Intent to Return" form to confirm a space for the next school year.

Q: During the Open Enrollment period is it first come first served?

- We will begin accepting applications for the 2019-2020 school year on August 27, 2018. The deadline for submitting an application is June 30, 2019. All applications received by the January 4, 2019 deadline will be equally considered. For any grade level where we have more applicants than spaces available, we will conduct a lottery to determine admission for that grade. Applicants who are not chosen in the lottery will be placed on a waiting list and notified promptly if a space becomes available. Applicants will be notified as to the status of their applications as early as possible.

Q: Do siblings have preference in the enrollment process?

- Per state statute, siblings have preference in the enrollment process. If a student is currently enrolled in one of the classes, their sibling will have priority in the class in which they have made application. Deadline of June 30 must be met.

Q: I have signed up my child for the 2018-2019 school year and they are currently on this year's waiting list. Do they have priority over the applications received in the 2019-2020 open enrollment period?

- Per Minnesota state statute, each school year is a separate enrollment period. Those students on a waiting list for the 2018-2019 school year will have to submit a separate application for the 2019-2020 school year. Their application will be considered according to the rules of the 2019-2020 open enrollment period. No consideration is given to their status in the previous enrollment period.

Q: My child will not enter Kindergarten until the 2020-2021 school year. May I sign them up early?

- No. Per Minnesota state statute, each year is a separate enrollment period. Each school year has its own enrollment period and all applications related to that school year will be processed during the related enrollment period. In other words, there are no advantages to submitting an enrollment application for a school year other than the current school.
