

Igniting Inspiration

October 8-12, 2018

8:30 AM-12:30 PM

fall STEM enrichment camps for grades 3-5

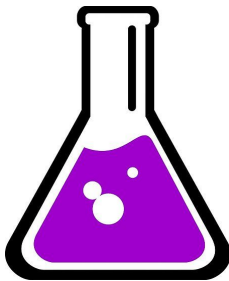

held at Mililani High School

hosted by Mililani Hot Spot Robotics & Mililani High School Science Club

sponsored by the MHS Science Learning Center

STEM Careers

Allows students to experience “a day in the life” of a biologist, engineer, astronomer, chemist, and doctor!

LEGO Robotics

Participants will use LEGO kits to create a robot that completes missions based on the EV3 World Class Challenge.

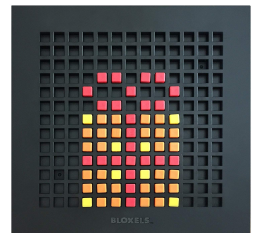

Programming from Scratch

Through animation, storytelling, and video game creation, students learn the Scratch programming language and venture into the world of programming.

Build Your Story

Students learn storytelling basics through the Bloxels EDU platform, which allows students to create games & stories one block at a time!

\$150 Tuition

Sign up **now!** Limited space in each camp.

Registration runs from **September 7 to September 21, 2018**
