1. READING ENGAGEMENT

Ask the student to bring his or her reading record to the conference. If the Student Reading Survey was not completed prior to the assessment conference, read aloud the questions on the survey and record the student’s responses.

2. ORAL READING FLUENCY

INTRODUCTION

T: Have you ever felt angry or let down because you had to go somewhere you didn’t want to go? This happens to Noah in Summer Discovery. Please read aloud page 3. Show the student where to stop reading at the *.

RECORD OF ORAL READING

Record the student’s oral reading behaviors. Note the student’s fluency (expression and phrasing). Be sure to time the student’s reading.

Page 3

Noah opened his lunch box. He found the note from his mom. Even though he enjoyed finding his mom’s notes, he made sure the other kids didn’t see it. He didn’t know how they felt about getting notes.

“Happy Last Day of School!” the note read. “I love you, Mom.”

The last couple of months had been hard at Noah’s house, but summer vacation was always great. It was something he could count on. He had time to play with friends and to go to the pool.
Noah was looking forward to working on the rock collection he’d started. He had some great samples already. He hoped to find a piece of peacock ore—all red, green, and purple. That was his goal.

When Noah got home later that day, his mom was still at work. After Noah’s dad had died, she had started working at the hospital. It was an okay job, but sometimes she had to work late.

There was another note next to his snack. It read, “I have something exciting to tell you! Go next door and play with Jake until I come home. Love, Mom.”

During dinner that night, Mom said that she had talked with his grandparents, and they had invited him to spend the summer with them.

3. COMPREHENSION

TEXT FEATURES and STUDENT PREDICTION

Read aloud the questions/prompts on page 1 of the Student Booklet, and record the student’s responses on the same page. Do not give additional prompts. Students do not use the book as you record their responses on the first page of the Student Booklet.

Note: Continue with the assessment if time permits. Otherwise, have the student read the book and complete the Student Booklet at another time.

STUDENT READS AND RESPONDS

All students may use the text to complete pages 2–3 of the Student Booklet.

T: Read the story. When you are finished, write a summary of what you have read and answer the remaining questions in the Student Booklet. If you have questions, please come to me (or raise your hand).

Note: For students who have an Individual Education Plan in place for reading and/or written communication, follow the directions in their plan. You may read aloud the prompts on pages 2 and 3 of the Student Booklet and/or scribe their responses if required. Give no additional prompts.

While the student reads the text independently, complete the Teacher Analysis of Oral Reading on the next page and circle the descriptors on the DRA2 Continuum that best describe the student’s oral reading fluency.

Note: If the Comprehension score is less than 14, administer DRA2 with a lower-level text.

Oral Reading Rate: (Optional) Use the formula below to determine the student’s exact oral reading rate. Convert the student’s reading time to all seconds.

\[ \frac{214 \text{ (words)}}{\text{total seconds}} = \text{WPS} \times 60 = \text{WPM} \]

DRA2 Continuum

- Use the information from the Student Reading Survey and the Student Booklet to circle the descriptors that best describe the student’s responses for Reading Engagement and Comprehension.
- Add the circled numbers to obtain a total score for each section.
- Record the total scores at the top of page 1. Record the Comprehension score at the top of page 5 after the colon.

Note: If the Comprehension score is less than 14, administer DRA2 with a lower-level text.
Choose three to five teaching/learning activities on the DRA2 Focus for Instruction on the next page.
