

Matt Marshak, aka "[Matt the Music Man](#)," visited the Early Childhood Learning Center in Ronkonkoma on Monday, July 8, 2019.

Matt is a favorite in Ronkonkoma, and the children enjoy his visits each year. On this rainy day, he brightened the gymnasium with interactive songs, silly puppets, and musical instruments.

The students sang, danced, and played the drums along with Matt. He is a consummate professional with a genuine understanding of how to make kids smile.

Matt's effortless engagement, paired with his highly spirited performance, rendered many a belly laugh with the students and staff alike. The magic of music is that it is the universal language! The power of music can communicate in a very special way.

Thank you, Matt the Music Man, for another fun and memorable day!
