Addendum #2

TELEPHONE SERVICES RFP - FLINT COMMUNITY SCHOOLS

Thursday, April 25, 2019

Note: The District has modified the scope of services for this project.

The District no longer requires the following services listed in the scope of the RFP:

The District's cellular phones service that includes direct connect service for units within the School District. The District's intent is to secure a plan similar to the existing one that supports 11 to 30 Phones in a given year. The types of cellular phones included are Apple iPhone's, one HTC and one Kyocera Brio. The current plans for the existing cell phones are detailed below:

- . Business Data Share 20GB
- . Unlimited Calling
- . Unlimited Text
- . Shared Data pool of 20GB --with a possible increase to 70GB
