#rateaspecies

Zoos all over the world are writing Amazon style reviews for organisms and then tweeting them. Now is your chance to get in on the fun! Take a look at the example below and then create your own #rateaspecies and insert below.

Be sure to do the following:
- Have a picture of your organism (this can be hand-drawn, cut from a magazine or from a computer). Give it a set number of stars out of 5.
- This can be hand-written or done on the computer.
- Make it fun to read.
- Have at least 3 #’s.
  - One must be #rateaspecies.
