

Now offering adult computer classes at Kipapa Elementary School

Computer Classes will be starting In January 2019

The classes we can offer include the following:
Please indicate classes that would be of interest to you.

Computer Basics Internet & Email Word Processing Beg & Intermediate

Spreadsheets Beg & Intermediate Power Point Learning to Use Tablets

Fun with Graphics, Audio and Video

Also please indicate your day & time preference for class

Morning Afternoon Evening
 Monday Tuesday Thursday Friday

There is no cost as this program is being grant funded however consistent attendance is required. Each unit lasts for a month and includes 2 two hour classes per week. Students can continue from one month to the next as the units will change.

Ohana Komputer offers a hands on curriculum to help you learn from the ground up. You will learn such thing as,

Why are there two buttons on that mouse anyway? What's the difference between one click and two? Learn the basic ins and outs of your computer.

Take control of your computer! Learn to use the tools in your control panel to manipulate display formats and to install software. Manage the layout of your desktop, manipulate window sizes, and use your taskbar.

Further information regarding available classes and registration will be forthcoming.

Call 523-8191 with any questions you may have about class offerings.
