

Dear Parent(s)/Guardian(s):

Congratulations, your child has completed the 2018-19 academic year! We hope that you have a safe and relaxing summer. As you may know, Marlboro Township Public Schools provides students with a variety of educational technology resources. In the spirit of providing optional opportunities for students to explore their interests and continue learning, the district would like to remind parents of some of the resources that are made available to children during the summer months. Most of the online programs use *Google Single Sign-On (SSO)*, which allows students to easily access the program when they are signed into their *MTPS Google Account*. Should your child not remember his/her user ID and/or password for his/her *MTPS Google Account* or for any of the online programs that are not *Google SSO*, you may log in to the [Genesis Parent Portal](#) to retrieve them. (The ID and password for these programs is listed on the Summary screen below your child's email information). If you have any questions, please email us at edtech@mtps.org.

Have a wonderful summer break!

Sincerely,
Marlboro Township Public Schools

Available Online Programs K-2	Available Online Programs Grades 3-8
