

New for 2018-2019

Dear McKinley Families,

Summer is here and the next school year is fast approaching. We wanted to make you aware of a few new things that will start at the beginning of the 2018-2019 School Year.

- Our Chromebooks are instrumental in creating a 21st century learning environment for your child. We are fortunate to have partnered with our PTO to use fundraiser and building discretionary funds to purchase new devices ahead of the school district planned elementary technology deployment.
- Students will be required to pay an annual \$25.00 technology use fee that includes basic insurance. There is a \$50.00 maximum per family. Students will only be issued a device upon full payment of technology fee.
- Basic device insurance is included with the initial technology use fee and will cover the first incident of damage up to \$100.00. Premium insurance can be purchased for an additional \$25.00 fee per child and will provide complete coverage for the device during the 2018-2019 school year.
- Building upgrades will take place over the summer including new carpet, doors, windows, and an improved secured entry.
- State issued identification will be required for all visitors to enter the building.

We are excited to see all of these new improvements and look forward to the new school year!
