STUDENT SCHOOL/SUMMER RECESS RTP PROTOCOL

If a student (non athlete) has been diagnosed with a concussion during the school year or at the end of the school year she/he IS MANDATED by the state to complete the Concussion Return To Play Protocol, we highly recommend for the safety and well-being of the student that the parent contact one of the following centers to make appointments to complete the RTP. They will need a prescription from their child's PMD stating that they may begin the RTP. The centers will charge insurance for a Physical Therapy appointment and the parent will be charged their co-pay per visit as per their insurance coverage.

Should the parent choose NOT to avail themselves of these services, their child will INCREASE the chances of Second Impact Syndrome OR Post Concussion Syndrome during participation in P.E class.

The centers are:

NYU/Winthrop Sports Medicine/Physical Therapy Center
Mr. Christopher Napoli, M.S., ATC
Dr. Rupinder Johal, MD/ Primary Care Sports Medicine
Manager of Athletic Training Services
1300 Franklin Avenue, Suite LL2
Garden City, N.Y.
