Goals and Actions – We finished review and modifications to Goal 3. There was additional discussion and input for changes to the metrics based on current baseline data.

Committee members expressed desire to more fully understand their role as advisory committee members, the weight of the committee's input vs. the weight of input from District administration, and in general, how to better understand all facets of the LCAP from development to fiscal input to final approval.

There was additional discussion regarding the re-organization of the committee to allow for more discussion regarding District practices to better inform advisory committee input.
