Project Title / Subject Matter

The PROJECT must incorporate two of the following criteria to be accepted and approved:

- Educational Field - Project involves formal guidance from a professional in the student's field of interest.
- Service to Community - Project provides a veritable service to the community.
- Career Based - Project involves potential future employment or trade skill.
- Personal Challenge - Project represents a unique personal challenge.
- Job Shadow – Project will have an increased hours requirement (35 hours).

Project Proposal:

Required Hours:

- Paid Project – 67.5 hours
- Unpaid Project – 25 hours
- Job Shadow – 35 hours

1. Describe how you will meet the two-prong criteria requirement for project completion. Address both areas.

2. What background experience do you already have in the area to be studied? What expectations do you have for future use of the knowledge acquired by completing your project?

3. How will this Senior Project extend your learning beyond your present experience and knowledge? This is to say, how will there be a learning stretch or growth, or how will this take you outside of your comfort level?

4. Proof of Project Description for a Traditional Project (paid/unpaid): Describe in detail the “hands-on” part of your project and how you will provide tangible proof of satisfactorily completing your project. This must go beyond merely “job shadowing.”

4. Proof of Project Description for a Job Shadow: You mentor MUST be present for all 35 hours of the project. At the end of the project, you will be required to submit the reflective essay with details of your experience and learning. It is advised that you also keep a journal to record your daily experiences.
