

**China Spring ISD  
Gifted and Talented Program  
Student Information  
2018-2019 School Year**

Dear Parents:

Gifted and Talented students in grades 6 through 12 are able to choose which core subjects they would like to receive differentiated instruction during the 2018-2019 school year. This form does not determine placement in honors or advanced placement courses.

Differentiated instruction does not mean “more work” for GT students; however, it does mean instruction including:

- √ learning experiences that lead to the development of advanced-level products and performances;
- √ instructional activities that enable identified students to work together as a group, to work with other students, and to work independently;
- √ in-school and, when possible, out-of school options relevant to the student’s area of strength that are available during the entire school year; and
- √ opportunities to accelerate in areas of strength.

Please make a choice by checking one or more areas that your child would like to focus his/her talent development. **Your child will continue to receive GT services in ALL core subjects if this form is not returned. If you choose for your child to NOT participate in the China Spring ISD Gifted and Talented Program, please check the blank to have him/her withdrawn from the program.**

Student’s Name: \_\_\_\_\_ Grade Level (2018-2019): \_\_\_\_\_

Please check each core subject that your child would like to receive differentiated instruction. If a core subject is not checked, then your child will not receive differentiated instruction in that area. The student’s teacher will monitor at the beginning of the school year to ensure this is the correct placement.
