SCHOOL FACILITY VOLUNTEER PROJECTS

The San Lorenzo Unified School District encourages community participation in the educational process, and supports the development of projects involving the improvement of physical facilities undertaken by volunteers. Such projects are not limited to those undertaken by parents of school children, but may include any interested community citizen or group. This type of volunteer activity shall include school construction and building maintenance. This type of voluntary activity will not replace the work or regular employees of the district.

Board Adopted: October 7, 2008
